Axalta Features Coating Solutions at North American Commercial Vehicle Show

GLEN MILLS, Pa.--(BUSINESS WIRE)-- Axalta Coating Systems (NYSE: AXTA), a leading global supplier of liquid and powder coatings, will showcase high-performance products for the commercial transportation industry at the North American Commercial Vehicle Show (NACV Show) in Atlanta, Georgia on September 25-28, 2017. The first of its kind, the NACV Show brings together major truck, trailer and component brands from across the United States to discover new technologies, industry best practices, and insights that are presented exclusively at the event. Axalta will display its Imron® polyurethane products, Corlar® epoxy primers, AquaEC® electrodeposition products, and Alesta® powder coatings at booth #2853 in the Georgia World Congress Center.

A leader in the commercial vehicle sector, Axalta supplies coatings to six of the seven Class 8 heavy duty truck manufacturers in North America and to other commercial transit manufacturers of trailers, buses, and construction equipment. Axalta's versatile liquid and powder products are designed to endure the harshest environments to provide customers with the durability and corrosion resistance they need.

Axalta will feature its broad array of products for use on heavy duty trucks, trailers, and other commercial vehicles at the NACV show in Atlanta.

“Axalta offers a diverse array of solutions for our commercial

transportation customers,” said Janine Little, Axalta Marketing Communications Manager. “From the premium quality corrosion protection in our e-coats, primers, and Imron coatings to our Alesta powders, Axalta is committed to delivering tough performance and beautiful colors to meet varied market demands.”

In addition to the company’s portfolio of coating solutions, Axalta will present a sampling of its extensive color offerings, innovative color match tools, and business consulting services that address layout, design, and production efficiency of customer facilities.
