# Fusion Awarded 2019 INTERNET TELEPHONY SD-WAN Product of the Year Award

## Fusion SD-WAN Recognized for Exceptional Innovation

NEW YORK, Aug. 15, 2019 /PRNewswire/ -- Fusion (OTC-MKTS: FSNNQ), a leading provider of cloud services, announced today that [TMC](#), a global, integrated media company, has awarded Fusion SD-WAN a 2019 INTERNET TELEPHONY SD-WAN Product of the Year Award.

Matthew Rosen, Fusion's Chairman and Chief Executive Officer, said, "We are honored to be recognized for our advanced SD-WAN services, and for our experience and expertise in delivering innovative, resilient and flexible managed solutions to solve the complex problems of large enterprise customers. We are delighted to be acknowledged for our vision and execution in helping drive the fast-growing SD-WAN market segment."

Fusion has made significant investments in its software-defined network infrastructure, integrating its SD-WAN solution into its robust nationwide network and enabling it to provide the agility and economics of a hybrid WAN with the deployment speed and flexibility of a cloud-based service. Facilitating the ability to offer both on-net and off-net options, Fusion's network integration further allows the company to optimize the delivery, implementation and management of its leading edge solution.

Fusion's fully-managed solution utilizes bandwidth more efficiently to ensure the highest level of application performance while lowering bandwidth and hardware costs. It automatically directs network traffic over the best performing WAN connection for optimized performance and reroutes traffic in the event of a link failure to ensure uptime. It provides comprehensive monitoring and visibility across multiple WAN links to enable efficient management and control over a customer's WAN.

"Congratulations to Fusion for receiving a 2019 INTERNET TELEPHONY SD-WAN Product of the Year Award," said [Rich Tehrani](#), CEO, TMC. "Fusion SD-WAN has demonstrated true innovation and is leading the way for Software Defined Wide Area Network. I look forward to continued excellence from Fusion in 2019 and beyond."

The INTERNET TELEPHONY SD-WAN Product of the Year Awards are bestowed upon companies that demonstrate the innovation, vision, and execution to deliver software-based networking tools to support different and unique communities of interest.
