# Rollins, Inc. Reports Second Quarter Financial Results 

Revenues Increased 3.2\%, EPS Rose 10.7\%

ATLANTA--(BUSINESS WIRE)--

Rollins, Inc. (NYSE:ROL), a premier North American consumer and commercial services company, today reported revenues for the second quarter ended June 30, 2007 grew 3.2\% to $\$ 239.6$ million compared to $\$ 232.2$ million for the second quarter ended June 30, 2006.

Net income rose $9.9 \%$ to a record $\$ 21.2$ million or $\$ 0.31$ per diluted share for the second quarter 2007, compared to $\$ 19.3$ million or $\$ 0.28$ per diluted share for the same period in 2006.

During the quarter, the Company repurchased 612,700 shares of common stock at a weighted average price of $\$ 22.84$ per share, with a total of $1,204,700$ shares repurchased year-to-date. In total, approximately 1.1 million additional shares may be purchased under previously approved programs by the Board of Directors.

Commenting on the Company's results, Gary W. Rollins, President and Chief Executive Officer of Rollins, Inc. said, "We had a positive quarter where we saw an increase in revenues and posted record earnings. Key drivers in our business: customer retention, commercial pest controls sales, and termite claims were very favorable. Residential revenue was hampered however by an unseasonably cold April. The most unusual spring weather, in general, impacted insect activity. We were nevertheless pleased that our profit margin continued to improve even with less than expected revenue growth. We remain committed to having a successful year."

Rollins, Inc. is a premier North American consumer and commercial services company. Through its wholly owned subsidiaries, Orkin, Inc., Western Pest Services, and The Industrial Fumigant Company, the Company provides essential pest control services and protection against termite damage, rodents and insects to approximately 1.7 million customers in the United States, Canada, Mexico, Central America, and the Middle East from over 400 locations. This release contains statements that constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The actual results of the Company could differ materially from those indicated by the forward-looking statements because of various risks and uncertainties, including without limitation, general economic conditions; market risk; changes in industry practices or technologies; the degree of success of the Company's pest and termite process reforms and pest control selling and treatment methods; the Company's ability to identify and integrate potential acquisitions; climate and weather trends; competitive factors and pricing practices; expected benefits of the commercial re-engineering project may not be realized; potential increases in labor costs; uncertainties of litigation; and changes in various government laws and regulations, including environmental regulations. All of the foregoing risks and uncertainties are beyond the ability of the Company to control, and in many cases the Company cannot predict the risks and uncertainties that could cause its actual results to differ materially from those indicated by the forward-looking statements. A more detailed discussion of potential risks facing the Company can be found in the Company's Report on Form 10-K filed with the Securities and Exchange Commission for the year ended December 31, 2006.
