Red Cat Holdings Reports Financial Results for Fiscal Year Ended April 30, 2023 and Provides Business Update

SAN JUAN, Puerto Rico, July 27, 2023 (GLOBE NEWSWIRE) -- Red Cat Holdings, Inc. (Nasdaq: RCAT) (“Red Cat” or “Company”), a drone technology company integrating robotic hardware and software for military, government, and commercial operations, reports its financial results for the fiscal year ended April 30, 2023 and provides a business update.

Recent Operational Highlights:

- Launched the Teal 2, a military-grade sUAS designed to “Dominate the Night™”
- Teal 2 designation as Blue UAS received from U.S. Department of Defense
- Completed construction of manufacturing facility in Salt Lake City, Utah and scaling production to meet expected demand
- Awarded increases in prototype development contract under U.S. Army Tranche 2 Program with additional increases expected in Fiscal 2024
- Teal 2 now available for purchase through U.S. Government’s GSA Advantage website, facilitating the ability of government agencies to expedite purchase orders
- Completed second phase of partnership with Athena AI to enhance the artificial intelligence and computer vision capabilities of the Teal 2

Fiscal Year 2023 Financial Highlights:

- Consolidated revenues in fiscal 2023 increased 54% year-over-year to \$9.9 million
- Enterprise revenues increased by more than 100% in fiscal 2023 and was entirely attributable to Teal Drones subsidiary
- Completed significant capital investment in new manufacturing facility in Salt Lake City with manufacturing capacity currently at 100 units per month and scaling higher
- Higher inventory balances established in preparation for projected continued increases in order levels

“The Teal 2 system is a game changer for Group One drones. It has the best-in-class thermal imaging camera, which is optimized for nighttime operations,” commented Red Cat CEO Jeff Thompson. “The Teal 2 is an open platform, which allows easy integration with software partners to provide added capabilities. The system enables multi-vehicle control where one operator can fly 4 drones simultaneously, and each drone has target recognition and battle tracking through computer vision and artificial intelligence. Commanders and warfighters have not had this capability in a Group One drone until now and we are getting a great response in the marketplace.

"During fiscal 2023, our Business Development and Sales teams worked diligently to develop strong relationships with a wide range of government agencies. These efforts are extensive and challenging, but once secured can yield long term, recurring orders and

revenues," added Mr. Thompson. "During fiscal 2023, we generated revenues through the Army's Tranche II program, the U.S. Border Patrol, and a NATO member country. With these relationships now established, we look forward to additional orders from these and other U.S. government agencies, including other military branches, especially since the Teal 2 can be purchased on the government's GSA Advantage web site."

"We made significant investments in fiscal 2023 that position Red Cat for success in fiscal 2024," stated Joseph Herson, Chief Financial Officer. "We completed construction of our manufacturing facility in Utah, hired a team of talented engineers and professionals that successfully launched the Teal 2 in April 2023, and built inventory levels that will enable us to fulfill forecast demand in fiscal 2024."

Conference Call Today

CEO Jeff Thompson and CFO Joseph Herson will host an earnings conference call today (July 27, 2023) at 4:30 p.m. ET to review financial results and provide an update on corporate developments. Following management's formal remarks, there will be a question-and-answer session.

Interested parties can listen to the conference call by dialing 1-866-777-2509 (within the U.S.) or 1-412-317-5413 (international). Callers should dial in approximately ten minutes prior to the start time and ask to be connected to the Red Cat conference call. Participants can also pre-register for the call using the following link:

<https://dpregrister.com/sreg/10181274/fa066b329a>

The conference call will also be available through a live webcast that can be accessed at: <https://event.choruscall.com/mediaframe/webcast.html?webcastid=Eh1TvLlw>

A replay of the webcast will be available until October 27, 2023 and can be accessed through the above link or at www.redcatholdings.com. A telephonic replay will be available until August 10, 2023 by calling 1-877-344-7529 (domestic) or 1-412-317-0088 (international) and using access code 7432539.
