Silvercrest Asset Management Group Inc. Reports Q1 2020 Results

NEW YORK, April 30, 2020 /PRNewswire/ -- Silvercrest Asset Management Group Inc. (NASDAQ: SAMG) (the "Company" or "Silvercrest") today reported the results of its operations for the quarter ended March 31, 2020.

Business Update

Silvercrest entered the first quarter of 2020, prior to the coronavirus pandemic and market dislocation, with successful execution of its business strategy; complete integration of its new growth equity strategies; organic growth in its Outsourced Chief Investment Officer ("OCIO") business; and a new high in assets under management, representing a full recovery from the market lows of late 2018. In the midst of the unprecedented economic disruption of the viral pandemic, Silvercrest concluded the first quarter of 2020 with \$20.6 billion in assets under management, a year-over-year decrease of \$0.2 billion from the first quarter of 2019. Much greater market depreciation of \$2.2 billion over that time was mostly offset by client inflows of \$2.0 billion over the same period. Revenue, net income, adjusted net income and adjusted EBITDA margins¹, and GAAP and adjusted earnings per share¹ each increased substantially year over year.

Silvercrest has always maintained a high-quality balance sheet and substantial cash reserves, both to preserve flexibility for new growth opportunities and to weather market volatility inherent in the business due to severe market corrections or exogenous events such as the current pandemic. Silvercrest reported \$32.8 million in cash and cash equivalents as of March 31, 2020, and carries a manageable level of debt of \$15.3 million as of March 31, 2020. Silvercrest currently pays a generous quarterly dividend of \$0.16, or an annual dividend of \$0.64, per Class A share of common stock. The firm anticipates that it can support the current dividend for a sustained period of time even while continuing to invest in the business.

I am pleased to report that during the first quarter of 2020, the firm seamlessly transitioned its entire business to operate remotely. The firm long prepared for disaster recovery and business continuity. Silvercrest's critical technology infrastructure was already cloud-based and operating remotely prior to the crisis. Silvercrest was unusually well-prepared. Our firm was founded in the wake of the Tech Bubble crash and post-9/11. Our partners have a long-term vision, and we experienced the Global Financial Crisis as a relatively young firm, flourishing afterward. Our firm's partners have the fortitude to guide our clients with mature, steady hands. While the current pandemic has caused great suffering, it also represents an opportunity to solidify our relationships and prove the value of our organization and its capabilities.

The first quarter of 2020 experienced net positive organic flows, which includes \$163 million in new client accounts. Silvercrest has maintained a proven ability over time to continue attracting net positive asset flows, despite industry-wide trends, and we remain proud of our ability to continue growing the business, even during difficult environments. Last quarter, we announced that our first OCIO clients had provided half of Silvercrest's new client account growth. That business continues to develop new opportunities, we are proud of growing that business from scratch, and we expect continued success.

The current economic environment is stressful and the market represents a step backward for our business, as with many others, potentially slowing new business activity. Nonetheless, Silvercrest has successfully made investments—and will continue to make investments—in new high net worth portfolio management professionals: marketing its institutional-quality equity strategies, and pursuing its OCIO initiative. Regardless of the environment, Silvercrest will continue to opportunistically seek to effectively deploy capital to enhance and complement its organic growth.

On April 28, 2020, the Company's Board of Directors declared a quarterly dividend of \$0.16 per share of Class A common stock. The dividend will be paid on or about June 19, 2020 to shareholders of record as of the close of business on June 12, 2020.

First Quarter 2020 Highlights

- Total Assets Under Management ("AUM") of \$20.6 billion, inclusive of discretionary AUM of \$14.9 billion and non-discretionary AUM of \$5.7 billion at March 31, 2020.
- Revenue of \$28.4 million.
- U.S. Generally Accepted Accounting Principles ("GAAP") consolidated net income and net income attributable to Silvercrest of \$9.7 million and \$5.5 million, respectively.
- Basic and diluted net income per share of \$0.59.
- Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA")¹ of \$8.2 million.
- Adjusted net income¹ of \$5.1 million.
- Adjusted basic and diluted earnings per share^{1, 2} of \$0.36.

The table below presents a comparison of certain GAAP and non-GAAP ("adjusted") financial measures and AUM.

- 1 Adjusted measures are non-GAAP measures and are explained and reconciled to the comparable GAAP measures in Exhibits 2 and 3.
- 2 Adjusted basic and diluted earnings per share measures for the three months ended March 31, 2020 are based on the number of shares of Class A common stock and Class B common stock outstanding as of March 31, 2020. Adjusted diluted earnings per share are further based on the addition of unvested restricted stock units, and non-qualified stock options to the extent dilutive at the end of the reporting period.
- 3 We have computed average AUM by averaging AUM at the beginning of the applicable period and AUM at the end of the applicable period.

AUM at \$20.6 billion

Silvercrest's discretionary assets under management decreased by \$0.4 billion, or 2.6%, to \$14.9 billion at March 31, 2020 from \$15.3 billion at March 31, 2019. The decrease was attributable to market depreciation of \$2.6 billion partially offset by net client inflows of \$2.2 billion. Silvercrest's total AUM decreased by \$0.2 billion, or 1.0%, to \$20.6 billion at March 31, 2020 from \$20.8 billion at March 31, 2019. The decrease was attributable to market depreciation of \$2.2 billion partially offset by net client inflows of \$2.0 billion.

On July 1, 2019, Silvercrest acquired \$1.7 billion of assets under management in connection with the acquisition of certain assets of Cortina Asset Management, LLC ("Cortina" and the "Cortina Acquisition"), which is included in net client inflows.

First Quarter 2020 vs. First Quarter 2019

Revenue increased by \$5.8 million, or 25.7%, to \$28.4 million for the three months ended March 31, 2020, from \$22.6 million for the three months ended March 31, 2019. This increase was driven by net client inflows in discretionary assets under management, including \$1.7 billion in assets under management acquired on July 1, 2019 in connection with the Cortina Acquisition, partially offset by net client outflows and market depreciation. Cortina revenue for the three months ended March 31, 2020 was \$2.9 million. Revenue for the quarter ended March 31, 2020 is primarily based on market values as of the end of the prior quarter, and as such was not affected by declines in the financial markets caused by the coronavirus (COVID-19) pandemic during the quarter ended March 31, 2020.

Total expenses decreased by \$2.8 million, or 15.2%, to \$15.8 million for the three months ended March 31, 2020 from \$18.6 million for the three months ended March 31, 2019. Compensation and benefits expense increased by \$2.4 million, or 17.5%, to \$15.7 million for the three months ended March 31, 2020 from \$13.4 million for the three months ended March 31, 2019. The increase was primarily attributable to an increase in salaries and benefits expense of \$0.9 million primarily as a result of merit-based increases and newly hired staff, including the addition of Cortina staff and an increase in the accrual for bonuses of \$2.2 million, partially offset by a decrease in equity based compensation expense of \$0.7 million due to a decrease in the number of unvested restricted stock units and unvested non-qualified stock options outstanding. General and administrative expenses decreased by \$5.2 million, or 99.2%, to \$43 thousand for the three months ended March 31, 2020 from \$5.2 million for the three months ended March 31, 2019. The decrease was primarily attributable to a decrease in the fair value of contingent consideration related to the Cortina Acquisition of \$6.0 million partially offset by an increase in professional fees of \$0.1 million due to an increase in acquisition-related professional fees resulting from the Cortina

Acquisition, an increase in depreciation and amortization expense of \$0.5 million related mainly to the amortization of intangible assets related to the Cortina Acquisition and to the renovation of our office space in New York City, an increase in occupancy and related expenses of \$0.1 million and an increase in the fair value of contingent consideration related to our acquisition of certain assets of Cappicille & Company, LLC in January 2016 (the "Cappicille Acquisition") of \$0.1 million.

Consolidated net income was \$9.7 million or 34.2% of revenue for the three months ended March 31, 2020 as compared to \$3.0 million or 13.5% of revenue for the same period in the prior year. Net income attributable to Silvercrest was \$5.5 million, or \$0.59 per basic and diluted share for the three months ended March 31, 2020. Our Adjusted Net Income¹ was \$5.1 million, or \$0.36 per adjusted basic and diluted share² for the three months ended March 31, 2020.

Adjusted EBITDA¹ was \$8.2 million or 29.0% of revenue¹ for the three months ended March 31, 2020 as compared to \$5.8 million or 25.5% of revenue for the same period in the prior year.

Liquidity and Capital Resources

Cash and cash equivalents were \$32.8 million at March 31, 2020, compared to \$52.8 million at December 31, 2019. As of March 31, 2020, there was \$15.3 million outstanding under our term loan with City National Bank, and nothing outstanding on our revolving credit facility with City National Bank.

Total Silvercrest Asset Management Group Inc.'s equity was \$69.8 million at March 31, 2020. We had 9,505,765 shares of Class A common stock outstanding and 4,855,131 shares of Class B common stock outstanding at March 31, 2020.

Non-GAAP Financial Measures

To provide investors with additional insight, promote transparency and allow for a more comprehensive understanding of the information used by management in its financial and operational decision-making, we supplement our consolidated financial statements presented on a basis consistent with GAAP with Adjusted EBITDA, Adjusted EBITDA margin, Adjusted Net Income, and Adjusted Earnings Per Share which are non-GAAP financial measures of earnings. These adjustments, and the non-GAAP financial measures that are derived from them, provide supplemental information to analyze our operations between periods and over time. Investors should consider our non-GAAP financial measures in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.

- EBITDA represents net income before provision for income taxes, interest income, interest expense, depreciation and amortization.
- We define Adjusted EBITDA as EBITDA without giving effect to the Delaware franchise tax, professional fees associated with acquisitions or financing transactions, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an

expense. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted EBITDA, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings of the Company, taking into account earnings attributable to both Class A and Class B shareholders.

- Adjusted EBITDA Margin is calculated by dividing Adjusted EBITDA by total revenue. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted EBITDA Margin, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring profitability of the Company, taking into account profitability attributable to both Class A and Class B shareholders.
- Adjusted Net Income represents recurring net income without giving effect to professional fees associated with acquisitions or financing transactions, losses on forgiveness of notes receivable from our principals, gains on extinguishment of debt or other obligations related to acquisitions, impairment charges and losses on disposals or abandonment of assets and leaseholds, client reimbursements and fund redemption costs, severance and other similar expenses, but including partner incentive allocations, prior to our initial public offering, as an expense. Furthermore, Adjusted Net Income includes income tax expense assuming a blended corporate rate of 26%. We feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted Net Income, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring income of the Company, taking into account income attributable to both Class A and Class B shareholders.
- Adjusted Earnings Per Share represents Adjusted Net Income divided by the actual Class A and Class B shares outstanding as of the end of the reporting period for basic Adjusted Earnings Per Share, and to the extent dilutive, we add unvested restricted stock units and non-qualified stock options to the total shares outstanding to compute diluted Adjusted Earnings Per Share. As a result of our structure, which includes a non-controlling interest, we feel that it is important to management and investors to supplement our consolidated financial statements presented on a GAAP basis with Adjusted Earnings Per Share, a non-GAAP financial measure of earnings, as this measure provides a perspective of recurring earnings per share of the Company as a whole as opposed to being limited to our Class A common stock.

1 Returns are based upon a time weighted rate of return of various fully discretionary equity portfolios with similar investment objectives, strategies and policies and other relevant criteria managed by Silvercrest Asset Management Group LLC ("SAMG LLC"), a subsidiary of Silvercrest. Performance results are gross of fees and net of commission charges. An investor's actual return will be reduced by the management and advisory fees and any other expenses it may incur in the management of the investment advisory account. SAMG LLC's standard management and advisory fees are described in Part 2 of its Form ADV. Actual fees and expenses will vary depending on a variety of factors, including the size of a particular account. Returns greater than one year are shown as annualized compounded returns and include gains and accrued income and reinvestment of distributions. Past performance is no guarantee of future results. This report contains no recommendations to buy or sell securities or a solicitation of an offer to buy or sell securities or investment services or adopt any investment position. This report is not intended to constitute investment advice and is based upon conditions in place during the period noted. Market and economic views are subject to change without notice and may be untimely when presented here. Readers are advised not to infer or assume that any securities, sectors or markets described were or will be profitable. SAMG LLC is an independent investment advisory and financial services firm created to meet the investment and administrative needs of individuals with substantial assets and select institutional investors. SAMG LLC claims compliance with the Global Investment Performance Standards (GIPS®).
