TrueBlue's PeopleReady, PeopleScout and PeopleManagement Named Top Workplaces for Third Consecutive Year

TACOMA, Wash., March 2, 2023 /PRNewswire/ -- TrueBlue is pleased to announce that its PeopleReady, PeopleScout and PeopleManagement brands have all been named Top Workplaces in the USA based on feedback from employees. This award celebrates nationally recognized companies that prioritize a people-centered culture and give employees a voice.

Companies named to the Top Workplaces USA list are chosen based solely on results gathered through an employee survey conducted by employee engagement technology partner, Energage. The research-backed employee engagement survey captures anonymous responses to statements centered around four culture imperatives—alignment, connection, coaching and performance. Survey results are compared to benchmarks established from more than 16 years of data from 27 million employee surveys across 70,000 organizations.

"As The People Company, our employees are our greatest strength, and we are committed to maintaining a culture where they can advance and thrive," said Taryn Owen, president and COO of TrueBlue. "To receive this distinction for the third consecutive year, based on employee feedback, is both an honor and a motivator to further our focus on fostering an employee-first culture."

"Earning a Top Workplaces award is a badge of honor for companies, especially because it comes authentically from their employees," said Eric Rubino, CEO of Energage. "That's something to be proud of. In today's market, leaders must ensure they're allowing employees to have a voice and be heard. That's paramount. Top Workplaces do this, and it pays dividends."
