**PROXY STATEMENT  
FOR 2021 ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON WEDNESDAY, APRIL 28, 2021**

**ATTENDANCE AND VOTING MATTERS**

Douglas Dynamics, Inc. (“we”, “our”, “us” or “Company”), a Delaware corporation, is mailing this proxy statement and the accompanying form of proxy to stockholders in connection with a solicitation of proxies by our Board of Directors (our “Board”) for use at our 2021 annual meeting of stockholders to be held on Wednesday, April 28, 2021 at 2:00 p.m. (Central Time) at the Douglas Dynamics Distribution Center located at 7611 N. 73rd Street, Milwaukee, WI 53223, and all adjournments or postponements thereof (“Annual Meeting”), for the purposes set forth in the attached Notice of 2021 Annual Meeting of Stockholders. Our common stock is listed on the New York Stock Exchange LLC (“NYSE”) under the symbol PLOW.

**Voting at Our Annual Meeting**

Execution of a proxy given in response to this solicitation will not affect a stockholder’s right to attend our Annual Meeting and to vote in person. Presence at our Annual Meeting of a stockholder who has signed a proxy does not in itself revoke that proxy. Any stockholder giving a proxy may revoke it at any time before or at the Annual Meeting by giving notice thereof to us in writing, by attending our Annual Meeting and voting in person or by delivering a proxy bearing a later date.

**Voting by Proxy**

You may arrange to vote your shares by proxy or by mail following the instructions in the form of proxy card. If you choose to vote by mail, please complete your proxy card and return it to us before our Annual Meeting. We will vote your shares as you direct on your properly executed proxy card. The shares represented by executed but unmarked proxies will be voted (i) FOR the election to our Board of the nominees for director named below, (ii) FOR approval of the compensation of our named executive officers as disclosed in this proxy statement, (iii) FOR ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2021, and (iv) on such other business or matters as may properly come before our Annual Meeting in accordance with the best judgment of the persons named as proxies in the enclosed form of proxy. Other than the items noted above, our Board has no knowledge of any other matters to be presented for action by our stockholders at the Annual Meeting.

As discussed below, you will not be able to vote your shares or revoke a proxy through the live audio presentation of the Annual Meeting.

**Who Can Vote and the Number of Votes You Have**

Only holders of record of our common stock at the close of business on March 5, 2021 (the “Record Date”) are entitled to notice of, and to vote at, our Annual Meeting. On the Record Date, 22,857,457 shares of our common stock were outstanding and entitled to vote. Each such share is entitled to one vote on each matter submitted for stockholder approval at our Annual Meeting.

Participants in the Douglas Dynamics, L.L.C. 401(k) Plan (the “401(k) Plan”) who have allocated amounts to the common stock fund in that Plan are entitled to instruct the trustee of the 401(k) Plan how to vote shares allocated to their accounts. To the extent participants do not provide timely directions to the trustee on how to vote the shares allocated to their accounts, the trustee will vote the shares with respect to which proper direction has not been received in the same proportion as those shares for which proper direction has been received.

As discussed below, you will not be able to vote your shares or revoke a proxy through the live audio presentation of the Annual Meeting.

**Live Audio Presentation Provided for the Annual Meeting**

To listen to the live audio presentation of the Annual Meeting, please dial (877) 369-6591 (or, for international callers, (253) 237-1176)) by phone. Those planning to listen to the live audio presentation

should connect at least 10 minutes prior to the planned start of the Annual Meeting. For further questions regarding how to access the Annual Meeting via live audio, please contact Investor Relations at [investorrelations@douglasdynamics.com](mailto:investorrelations@douglasdynamics.com).

**The live audio is being offered as an accommodation to shareholders due to the continuing impact of the COVID-19 pandemic. You will NOT be able to vote your shares or revoke a proxy through the live audio access, nor ask questions or otherwise participate actively in the Annual Meeting. Therefore, to ensure that every vote is counted at the Annual Meeting, we strongly encourage you to vote by following the instructions on the proxy card mailed to you, or through your broker, bank or other nominee's voting instruction form.**

#### **Required Vote**

*Proposal 1:* Directors are elected by a plurality of the votes cast at our Annual Meeting. To be elected by a “plurality” of the votes cast means that the individuals who receive the largest number of votes are elected as directors. Therefore, any shares not voted, whether by an indication on the proxy card that you wish to “withhold authority,” by a broker non-vote (which may occur because brokers or other nominees who hold shares for you do not have the discretionary authority to vote your uninstructed shares in the election of directors) or otherwise, have no effect in the election of directors except to the extent that the failure to vote for an individual results in another individual receiving a larger number of votes.

*Proposal 2:* The affirmative vote of the holders of a majority of shares of our common stock represented and entitled to vote at our Annual Meeting is required to approve the advisory vote on compensation of our named executive officers. Abstentions will have the effect of votes against this proposal, but broker non-votes will have no effect on approval of this proposal. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Compensation Committee will review the voting results and take them into consideration when making future decisions regarding executive compensation.

*Proposal 3:* The affirmative vote of the holders of a majority of shares of our common stock represented and entitled to vote at our Annual Meeting is required for ratification of the appointment of Deloitte & Touche LLP to serve as our independent registered public accounting firm for 2021. Brokers may vote uninstructed shares for this proposal as it is considered to be a “routine” proposal. Abstentions will have the effect of votes against this proposal

A quorum of stockholders is necessary to take action at our Annual Meeting. A majority of the outstanding shares of our common stock entitled to vote, represented in person or by proxy, will constitute a quorum of stockholders at our Annual Meeting. Votes cast by proxy or in person at our Annual Meeting will be tabulated by the inspector of election appointed for our Annual Meeting. Our assistant corporate secretary will serve as the inspector of election for our Annual Meeting. For purposes of determining whether a quorum is present, abstentions and broker non-votes (which may occur because brokers or other nominees who hold shares for you do not have the discretionary authority to vote your uninstructed shares in the election of directors or with respect to the advisory vote on the compensation of our named executive officers) will count toward the quorum requirement.

## ELECTION OF DIRECTORS (Proposal 1)

Our Board currently consists of eight members. Our Board is divided into three classes for purposes of election. The director or directors in one class are generally elected at each annual meeting of stockholders to serve for a three-year term and until their successors are duly elected and qualified. The directors elected at our Annual Meeting will hold office for a three-year term expiring at our 2024 annual meeting of stockholders and until his or her successor is duly elected and qualified. On October 28, 2020, Mr. Packard informed the Board of his intention not to stand for re-election as a director, with his retirement from the Board to be effective at the end of his current term immediately following the Annual Meeting. Other than Mr. Packard and the two directors who are nominated for election at our Annual Meeting, our other directors are not up for election this year and will continue in office for the remainder of their terms. Following the Annual Meeting, if both director nominees are elected, the Board will consist of seven members. As of the date of this proxy statement, each of the nominees for election has indicated that he or she is able and willing to serve as a director. However, if some unexpected occurrence should require our Board to substitute some other person or persons for one or more of the nominees, it is intended that the shares represented by proxies received and voted for such other candidate or candidates, or not voted, will be voted for another nominee or nominees selected by our Board.

## **CORPORATE GOVERNANCE**

### **Board Leadership Structure**

Our Board does not have a policy on whether the roles of Chief Executive Officer and Chairman should be separate. Our bylaws and Corporate Governance Guidelines provide us with the flexibility to combine or separate these roles, and our Board reserves the right to vest the responsibilities of the Chief Executive Officer and Chairman in different individuals or in the same individual depending on our Board's judgment as to the best interests of our Company.

Previously, Mr. Janik had served in the combined role of Chairman and Chief Executive Officer. On January 1, 2019, Mr. Janik transitioned from his role as our Chief Executive Officer to our Executive Chairman and Mr. McCormick was appointed as our new Chief Executive Officer and as a member of our Board. As a part of this transition, our Board determined that it was in the best interests of our Company for the roles of Chairman and Chief Executive Officer to be separated. On February 19, 2020, Mr. Janik provided, and the Board accepted, Mr. Janik's notice of retirement as Executive Chairman under the terms of his Employment Agreement, effective immediately following the 2020 annual meeting of stockholders. The Board determined, such that the Company could continue to benefit from his leadership, to elect Mr. Janik as the non-executive Chairman of our Board immediately following the 2020 annual meeting of stockholders. Our Board believes that Mr. Janik remains the person best qualified to serve as our Chairman in light of his having served as our Chairman and Chief Executive Officer, his extensive experience and qualifications with our Company and within our industry and in-depth knowledge of our markets and customer base. Our Board also believes that having Mr. Janik serve as our Chairman allows him to leverage his prior knowledge as our former Chief Executive Officer to provide strategic leadership on our Board.

In the circumstance where the responsibilities of the Chief Executive Officer and Chairman are vested in the same individual, or where the Chairman is not considered independent, the Board will designate a Lead Independent Director from among the independent directors to preside over the executive sessions of the non-employee directors. Mr. Staley has served as our Lead Independent Director since 2014. Mr. Staley

was selected for this position because of his service on our Board since 2010, his leadership experience at a publicly held company and his background in the transportation industry as a member of senior management of a transportation service provider. Our Board has determined that Mr. Janik is not an independent Chairman due to his prior service as an executive officer. As a result, Mr. Staley will continue to serve as our Lead Independent Director following the Annual Meeting.

Our Lead Independent Director's responsibilities, as set forth in our Corporate Governance Guidelines, include:

- presiding at all meetings of the Board in the event of the absence of the Chairman of the Board;
- presiding at all executive sessions of the independent directors;
- serving as a liaison between the Chairman of the Board and the independent directors;
- facilitating information flow and communication among the directors, including approving (i) agendas for meetings of the Board, (ii) scope of information being provided to the directors and (iii) meeting schedules, to ensure allotted time is sufficient for discussion; and
- being available for consultation and direct communication with major stockholders if requested by such stockholders.

Our Lead Independent Director also has the authority to call meetings of the independent directors.

Our Board believes that this leadership structure currently assists our Board in creating a unified vision for our Company, streamlines accountability for our performance and facilitates our Board's efficient and effective functioning.

### **Risk Management and Oversight**

Our full Board oversees our risk management process. Our Board oversees a Company-wide approach to risk management, carried out by management. Our full Board determines the appropriate risk for our Company generally, assesses the specific risks we face, including cybersecurity risks, and reviews the steps taken by management to manage those risks.

While the full Board maintains the ultimate oversight responsibility for the risk management process, its committees oversee risk in certain specified areas. In particular, our Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements and the incentives created by the compensation awards it administers. Our Audit Committee oversees management of enterprise risks as well as financial risks and is also responsible for overseeing potential conflicts of interests. Our Nominating and Corporate Governance Committee is responsible for overseeing the management of risks associated with the independence of the Board. Pursuant to the Board's instruction, management regularly reports on applicable risks to the relevant committee or the full Board, as appropriate, with additional review or reporting on risks conducted as needed or as requested by the Board and its committees.

### **Environmental, Social and Governance Matters**

We believe that sound corporate citizenship and attention to environmental, social and governance ("ESG") principles are essential to our success. We are committed to operating with integrity, contributing to the local communities surrounding our offices and facilities, promoting diversity and inclusion, developing our employees, focusing on sustainability and being thoughtful environmental stewards. Our Board provides oversight of management's efforts around these ESG topics and is committed to supporting the Company's efforts to operate as a sound corporate citizen. We believe that an integrated approach to business strategy, corporate governance and corporate citizenship creates long-term value. Among the ways in which we have demonstrated our commitment to ESG matters are the following:

- Commitment to minimizing adverse impacts to the environment, including utilizing recycling programs and energy efficient lighting throughout our facilities. We utilize an extensive Environmental Health & Safety ("EHS") planning tool supporting all aspects of Environmental, Health and Safety. Categories include: Facility information, Reporting/Record keeping, Health & Safety, Air

Quality, Water Quality, Waste Management, Soil & Ground water, Emergency Plan and Preparedness, Community, Facility Permits, Training, and Certification Statements. Our EHS Management Plan specifies the timing of such activities, the policies/regulations we comply with, data collected, targets set, ownership and the standard procedure utilized for consistent execution.

- Promotion of environmental awareness and education throughout all levels of the Company, including evaluating our materials for conflict minerals and holding our suppliers to the highest ethical and quality standards. We are committed to providing world-class products and services that minimize harm to the environment and public health. We look to preserve the environment and will conduct business where feasible in an environmentally, sustainable way.
- Creation of a strong corporate culture that promotes the highest standards of ethics and compliance for our business, including a Code of Business Conduct and Ethics that sets forth principles and provides guidance for all our employees, officers and directors to make the right decisions. Our Code of Conduct covers such topics as anti-corruption, discrimination, harassment, privacy, appropriate use of company assets, protecting confidential information and reporting Code of Conduct violations.
- Prioritizing the health and safety of our workforce. We deliver world-class performance with a focus on preventing incidents and injuries. EHS is fundamental to who we are and we are committed to protecting our people, our communities and our brands. We are committed not only regarding our products to our customers, but also in the way we conduct internal operations.
- Commitment to the local communities where our facilities are located, including supporting various non-profits, charities and other community programs throughout the United States, which helps foster employee engagement across our locations.
- Employee development and training opportunities to employees at all levels of the organization, focusing on critical organizational behaviors, leadership capabilities, and job skills. Our dedication to employee development and growth is essential to our organization's success. We encourage employees to take active ownership of personal development while simultaneously supporting the development others. Our Douglas Dynamics University (DDU) is one of the services provided which supports our dedication to the performance, development, and growth of our talented people. We achieve this through virtual and in-person learning experiences, a focus on balanced development, performance development, and other learning experiences.
- Our culture contains a continuous improvement mindset and leverages our Douglas Dynamics Management System (DDMS) to educate employees on lean initiatives and to provide them the necessary tools to identify opportunities for waste reduction and significant process improvements.
- Anti-harassment policy that prohibits hostility or aversion towards individuals in protected categories, prohibits sexual harassment in any form, details how to report and respond to harassment issues and strictly prohibits retaliation against any employee for reporting harassment.
- Commitment to fostering and promoting an inclusive and diverse work environment, including through equal employment opportunity hiring practices, policies and management of employees.
- We are investing in multiple initiatives focused on identifying diverse talent. These include engaging with recruiting firms, utilizing job-posting sites and collaborating with university programs that specialize in connecting companies like Douglas Dynamics with a diverse array of candidates. Moving forward, we will continue to review and refine our initiatives as we seek further diversify our workforce.
- Maintenance of a whistleblower policy providing for confidential reporting of any suspected violations of policy.
- The Governance Committee assists the Board in its oversight of corporate social responsibilities, significant public policy issues and EHS matters.

### **Board Meetings**

In 2020, our Board held four meetings and the non-management directors of our Board met in executive session four times. Each of the directors currently serving on our Board attended at least 75% of

the aggregate number of meetings of the Board held in 2020 and the total number of meetings held by each committee of the Board on which such director served during the period in which the director served on the Board or the applicable committee in 2020. We strongly encourage our directors to attend the annual meeting of stockholders each year. All of our directors attended, either virtually or in-person, the annual meeting of stockholders in 2020.

### **Corporate Governance and Independent Directors**

Our Board has in effect Corporate Governance Guidelines that, in conjunction with the Board committee charters, establish processes and procedures to help ensure effective and responsive governance by the Board. The Corporate Governance Guidelines are available, free of charge, on our website, [www.douglasdynamics.com](http://www.douglasdynamics.com). Our website address is provided as an inactive textual reference only. The information contained on our website is not incorporated into, and does not form a part of, this proxy statement or any other report or document on file with or furnished to the Securities and Exchange Commission (the “SEC”).

The Corporate Governance Guidelines provide that a majority of the members of the Board must be independent directors under the listing standards of the NYSE. An “independent” director is a director who meets the NYSE definition of independence, as determined by the Board. Pursuant to the Guidelines and the requirements of the NYSE, the Board has affirmatively determined by resolution that none of Messrs. Staley, Packard, Sturdivant or Krueger or Ms. Dano or Bacus has any material relationship with the Company, and, therefore, each is independent in accordance with the NYSE listing standards. The Board will regularly review the continuing independence of the directors.

### **Communications with the Board**

Interested persons may contact any individual director, the Board as a group, or a specified Board committee or group, including the independent directors as a group, by sending a written communication to the Company’s Corporate Secretary at Douglas Dynamics, Inc., 7777 North 73rd Street, Milwaukee, Wisconsin 53223. Each communication should specify the applicable addressee or addressees as well as the general topic of communication. The Board has instructed the Corporate Secretary to review such correspondence and, in her discretion, not to forward items if she deems them to be of a commercial or frivolous nature or otherwise inappropriate. Concerns about questionable accounting or audit matters or possible violations of the Company’s Code of Business Conduct and Ethics should be reported pursuant to the procedures outlined in the Code of Business Conduct and Ethics. A copy of the Code of Business Conduct and Ethics is available on our website ([www.douglasdynamics.com](http://www.douglasdynamics.com)).

### **Board Committees**

Our Board has three standing committees: an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these committees has the responsibilities set forth in formal written charters adopted by our Board. Copies of each of these charters are available on our website ([www.douglasdynamics.com](http://www.douglasdynamics.com)).

#### **Audit Committee**

The Audit Committee is comprised of Messrs. Staley, Packard, Sturdivant and Krueger and Ms. Dano and Bacus, and is chaired by Mr. Krueger. Our Board has determined that Mr. Krueger is an “audit committee financial expert” as defined by the SEC. This committee is generally responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm; evaluation of our independent registered public accounting firm’s qualifications, independence and performance; review and approval of the scope of our annual audit and audit fee; review of our critical accounting policies and estimates; review of the results of our annual audit and our quarterly consolidated financial statements; and oversight of our internal audit function. The Audit Committee met four times during 2020.

In accordance with Rule 10A-3 under the Securities Exchange Act of 1934 (the “Exchange Act”) and the listing standards of the NYSE, all of our Audit Committee members are independent within the meaning of Rule 10A-3 under the Exchange Act and the listing standards of the NYSE.

### Compensation Committee

The Compensation Committee is comprised of Messrs. Staley, Packard, Sturdivant and Krueger and Ms. Dano and Bacus, and is chaired by Mr. Sturdivant. This committee is generally responsible for oversight of our overall compensation structure, policies and programs; review and approval of the compensation programs applicable to our executive officers; administering, reviewing and making recommendations with respect to our equity compensation plans; and reviewing succession planning for our executive officers. The Compensation Committee met four times during 2020. In accordance with the listing standards of the NYSE, all of our Compensation Committee members are independent within the meaning of the listing standards of the NYSE.

Our Compensation Committee's role and duties are set forth in the Compensation Committee's charter. Among other things, the Compensation Committee has responsibility to do the following:

- oversee our overall compensation structure, policies and programs;
- assess whether our compensation structure establishes appropriate incentives for management and employees;
- administer and make recommendations to our Board on equity- and incentive-based compensation plans that require approval from our Board;
- review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluate our Chief Executive Officer's performance in light of those goals and objectives and set the Chief Executive Officer's compensation level based on this evaluation;
- oversee the evaluation of the other executive officers and set the compensation of other executive officers based upon the recommendation of the Chief Executive Officer;
- approve stock option and other stock incentive awards for executive officers;
- review and approve the design of other benefit plans pertaining to executive officers;
- review and recommend employment agreements and severance and change of control arrangements for our executive officers;
- approve, amend or modify the terms of any compensation or benefit plan that does not require stockholder approval;
- review and discuss with management our Compensation Discussion and Analysis and related disclosures that SEC rules require be included in our annual report and proxy statement, recommend to our Board based on the review and discussions whether the Compensation Discussion and Analysis should be included in the annual report and proxy statement and prepare the compensation committee report required by SEC rules for inclusion in our annual report and proxy statement;
- determine and recommend to our Board a desired frequency, if any, for the advisory stockholder vote on the compensation of our named executive officers (the "say on pay" vote) to be recommended to stockholders at the annual meeting at least once every six years in accordance with applicable law, SEC rules and NYSE listing requirements and prior stockholder votes on this subject;
- oversee our response to the outcome of stockholder votes on say on pay and the frequency of say on pay; and
- review and oversee risks associated with our compensation policies and practices.

Under its charter, the Compensation Committee may delegate authority to a subcommittee consisting of no fewer than two members of the Compensation Committee. The Compensation Committee has not delegated its authority as it relates to the compensation of executive officers and does not currently intend to do so. Our executive officers do not currently play a direct role in determining the amount or form of executive officer or director compensation. Our Chief Executive Officer and Chief Financial Officer, however, attend meetings (other than executive sessions) of the Compensation Committee at the invitation of the Compensation Committee, make recommendations to the Compensation Committee concerning compensation of our executive officers (other than themselves) and assist the Compensation Committee in evaluating the performance of our executive officers (other than themselves).

The Compensation Committee has the authority under its charter to retain, obtain the advice of and terminate compensation consultants, outside counsel, other experts and other advisors to assist it. It may, however, select such advisors only after taking into consideration all factors relevant to the advisors' independence from management, including those specified in the NYSE Listed Company Manual. The Compensation Committee is directly responsible for the appointment, compensation and oversight of the work of any advisor retained by the Compensation Committee, and we provide for appropriate funding, as determined by the Compensation Committee, for payment of reasonable compensation to advisors retained by the Compensation Committee.

The Compensation Committee has engaged an independent compensation consultant, Frederic W. Cook & Co, Inc. ("FW Cook"), to provide advice in connection with its decisions regarding executive compensation, as described in further detail under "Executive Compensation — Compensation Discussion and Analysis." In 2020, the Committee engaged FW Cook to provide advice concerning the design of our executive compensation programs and the Committee's administration of those programs and market practice. The Compensation Committee has assessed the independence of FW Cook pursuant to SEC rules and NYSE listing standards and concluded that FW Cook's work for the Compensation Committee does not raise any conflict of interest. Except for this engagement, the Compensation Committee did not otherwise retain a compensation consultant for purposes of determining executive officer and director compensation for 2020, and FW Cook did not provide any other services to our Company.

### **Nominating and Corporate Governance Committee**

The Nominating and Corporate Governance Committee is comprised of Messrs. Staley, Packard, Sturdivant and Krueger and Ms. Dano and Bacus, and is chaired by Ms. Dano. This committee is generally responsible for recruiting and retaining qualified persons to serve on our Board, including proposing such individuals to our Board for nomination for election as directors; evaluating the performance, size and composition of our Board; establishing procedures for the consideration of Board of Director candidates recommended by the Company's stockholders; assessing the independence of each member of our Board; reviewing the compensation of directors for service on our Board and its committees and recommend to the full Board changes in compensation; and overseeing our compliance activities. The Nominating and Corporate Governance Committee met four times during 2020.

The Nominating and Corporate Governance Committee identifies director candidates based upon suggestions by non-employee directors, management members or stockholders. The selection criteria for membership on our Board include, at a minimum, the following: (i) personal and professional ethics and integrity; (ii) specific business experience and competence, including an assessment of whether the candidate has experience in, and possesses an understanding of, business issues applicable to the success of a publicly traded company; (iii) financial acumen, including whether the candidate, through education or experience, has an understanding of financial matters and the preparation and analysis of financial statements; (iv) educational background; and (v) whether the candidate has expressed a willingness to devote sufficient time to carrying out his or her duties and responsibilities effectively and is committed to service on the Board. The Committee considers these criteria in the context of the perceived needs of the Board as whole and seeks to achieve a diversity of experience, opinion and occupational and personal backgrounds on the Board. As a part of its search for a new director in 2020, the Nominating and Corporate Governance Committee placed a high priority on the search for ethnically diverse and female candidates. Ms. Bacus self-identifies as Latin American/ Hispanic.

The Nominating and Corporate Governance Committee will consider director candidates recommended by our stockholders based upon the same criteria as applied to candidates identified by our Board or our management. Under our Bylaws, stockholder nominations of directors must be received by us at 7777 N. 73rd Street, Milwaukee, WI 53223, directed to the attention of the Corporate Secretary, not less than 90 days nor more than 120 days prior to the anniversary date of the immediately preceding annual meeting of stockholders and any such nominations must contain the information specified in our Bylaws. The deadline for submission of nominations for the Annual Meeting has passed. Candidate submissions by stockholders for our 2022 annual meeting of stockholders must be received by us no later than January 28, 2022 and no earlier than December 29, 2021.

**Policies and Procedures Governing Related Person Transactions**

Our Board has adopted written policies and procedures regarding related person transactions. These policies and procedures require the review and approval of all transactions involving us or any of our subsidiaries and a related person in which (i) the aggregate amount involved will or may be expected to exceed \$120,000 in any fiscal year and (ii) a related person has or will have a direct or indirect interest (other than solely as a result of being a director or less than 10% beneficial owner of another entity) prior to entering into such transaction.

For purposes of the policy, related persons include our directors, executive officers, 5% or greater stockholders and parties related to the foregoing, such as immediate family members and entities they control. In reviewing such transactions, the policy requires our Audit Committee to consider all of the relevant facts and circumstances available to the Audit Committee, including the extent of the related person's interest in the transaction and whether the relationship should be continued or eliminated. In determining whether to approve a related party transaction, the standard applied by the Audit Committee is whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and whether or not a particular relationship serves the best interest of our Company and our stockholders. In addition, the policy delegates to the chair of the Audit Committee the authority to pre-approve or ratify any transaction with a related person in which the aggregate amount involved is expected to be less than \$1,000,000.

**Compensation Committee Interlocks and Insider Participation**

None of the members of our Compensation Committee is an officer or employee of our Company. None of our executive officers currently serves, or in the past year has served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or our Compensation Committee.

**Certain Relationships and Related Party Transactions**

There were no transactions since December 31, 2019 to which we have been a party in which the amount involved in the transaction exceeded or will exceed \$120,000, and in which any of our directors, executive officers or beneficial holders of more than 5% of our capital stock had or will have a direct or indirect material interest.

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### *Executive Summary*

We are home to some of the most trusted brands in the industry and are a premier North American manufacturer and up-fitter of work truck attachments and equipment. Our portfolio of products and services is separated into two segments: First, the work truck attachments segment, which includes commercial snow and ice control equipment sold under the FISHER<sup>®</sup>, SNOWEX<sup>®</sup> and WESTERN<sup>®</sup> brands. Second, the work truck solutions segment, which includes the up-fit of market leading attachments and storage solutions under the HENDERSON<sup>®</sup> brand, and the DEJANA<sup>®</sup> brand and its related sub-brands.

We believe our business benefits from an exceptional management team that is responsible for establishing our leadership in the snow and ice control equipment industry for light trucks. Our senior management team has an average of approximately fourteen years of weather-related industry experience and an average of over fourteen years with our Company. We have sought to establish competitive compensation programs that enable us to attract and retain skillful, experienced and dedicated executive officers as well as to motivate management to maximize performance while building stockholder value.

Our named executive officers for 2020 were Robert L. McCormick, our President and Chief Executive Officer; Sarah C. Lauber, our Chief Financial Officer and Secretary; Keith Hagelin, our President, Work Truck Attachments; and Jon Sievert, our President, Work Truck Solutions.

#### *2020 Say on Pay Vote*

In April 2020 (after the 2019 executive compensation actions described in this Compensation Discussion and Analysis section had taken place), we held an advisory stockholder vote on the compensation of our named executive officers at our annual stockholders' meeting. Consistent with the recommendation of our Board, our stockholders approved our executive compensation, with more than 98% of votes cast in favor. The Compensation Committee considered these voting results and, consistent with the strong vote of stockholder approval they represented, elected not to undertake any material changes to our executive compensation programs in response to the outcome of the vote.

#### *Impact of COVID-19 on 2020 Compensation*

Due to the COVID-19 pandemic, 2020 has been a challenging and unprecedented year for many companies, including Douglas Dynamics. In responding to the pandemic, our main priority has been the health and welfare of our employees and others in the communities where we do business. Our management team exhibited strong leadership throughout the pandemic, taking actions in 2020 that included the following:

1. Developing robust safe work environment protocols and sharing them within others in the industry to ensure employee well-being;
2. Implementing risk mitigation plans across the enterprise designed to protect employees and reduce the risk of spreading the virus;
3. Ensuring that our operations adhered to mandates and other guidance from governments and health authorities, including the World Health Organization and the Centers for Disease Control and Prevention;
4. Implementing our Income Protection Plan, which we developed for low snowfall environments, on an accelerated basis to reduce discretionary spending; and
5. Preserving liquidity through cost-savings measures and successfully refinancing our term loan facility.

We had established performance goals under our incentive compensation arrangements for our named executive officers in early 2020 before the breadth and depth of the COVID-19 pandemic, including its effect

on the global economy, were known. As a result, the performance goals did not take into account the effect of the pandemic. Nevertheless, our Compensation Committee determined to monitor the impact of the pandemic on our business through the entire year rather than prematurely modifying the performance goals while the pandemic was still evolving. Following the end of 2020, our Compensation Committee decided to leave the pre-established performance goals under our annual incentive plan (our “Annual Incentive Plan”) in place but, in recognition of the unanticipated effect of the pandemic and our management team’s strong leadership and performance in responding to it (as described above), to add back certain costs and impacts of the pandemic in calculating our results, as described below under “— Annual Incentive Plan.”

#### *Other Developments Affecting 2020 Compensation*

The primary actions that we took in 2020 with respect to the compensation of our named executive officers other than those described above in response to the COVID-19 pandemic were the following:

- The Compensation Committee made decisions regarding the base salaries of each of our named executive officers.
- The Compensation Committee established performance goals and target awards under our Annual Incentive Plan.
- The Compensation Committee made annual grants of performance share units and time-vesting restricted stock units under our 2010 Stock Incentive Plan (“2010 Stock Plan”).
- Our stockholders approved an amended and restated version of the 2010 Stock Plan that extended its term until 2030.

#### *Other Highlights of Our Compensation Programs*

We periodically review best practices in the area of executive compensation and update our compensation policies and practices to reflect those that we believe are appropriate for our Company, including, in addition to the examples listed above, the following:

- The key components of our compensation program for our named executive officers for 2020 were base salary, annual cash incentive awards under our Annual Incentive Plan, long-term incentive awards under our long-term equity program and other compensation consisting primarily of matching 401(k) contributions, the salaried employee pension plan, health and welfare benefits and other perquisites.
- We pay for performance, offering our named executive officers the opportunity to earn a substantial amount of variable compensation based on our profitability, free cash flow and return on net assets.
- We set compensation programs to focus our named executive officers on both our short and long-term Company performance by providing a mix of both short and long term compensation in the form of our Annual Incentive Plan and our equity compensation program.
- We do not provide “single trigger” change of control severance, which means that, for an executive officer to receive severance benefits under an employment agreement, in addition to the change in control there must be some adverse change in the circumstances of the executive officer’s employment.
- Our equity compensation plan does not permit repricing of stock options without stockholder approval.
- We periodically review our pay practices to ensure that they do not encourage excessive risk taking.
- We do not guarantee salary increases or bonuses for our executive officers.

#### *Objectives of our Compensation Programs*

We believe that a skilled, experienced and dedicated senior management team is essential to the future performance of our Company and to building stockholder value. We have sought to establish competitive compensation programs that enable us to attract and retain executive officers with these qualities as well as to motivate management to maximize performance while building stockholder value.

We compensate our named executive officers through both short term cash programs, including annual salary and an annual incentive plan, and long term incentive programs, reflecting a mix of fixed and variable compensation. Although our compensation program provides for a mix of both short and long term compensation and cash and non-cash compensation, we do not have any specific policy on those allocations. Our compensation philosophy is centered on providing an opportunity for an executive's total annual compensation to exceed what we believe is the general market level of compensation for similar executive roles. Our business is subject to variability of earnings due to year-to-year variations in snowfall. Accordingly, we have designed our compensation program to provide for a competitive annual salary while offering our named executive officers the opportunity to earn a substantial amount of variable compensation based on our profitability and free cash flow. This program aligns named executive officer compensation with our variable earnings model and is intended to differentiate us from our competitors when attracting and motivating our executives.

***Role of the Compensation Committee and Management in the Compensation-Setting Process***

Our Compensation Committee's role in reviewing and approving executive compensation includes the duties and responsibilities set forth in the Compensation Committee's charter. Among other things, the Compensation Committee has responsibility to do the following:

- oversee our overall compensation structure, policies and programs;
- assess whether our compensation structure establishes appropriate incentives for management and employees;
- administer and make recommendations to our Board on equity- and incentive-based compensation plans that require approval from our Board;
- review and approve corporate goals and objectives relevant to the compensation of our Chief Executive Officer, evaluate our Chief Executive Officer's performance in light of those goals and objectives and set the Chief Executive Officer's compensation level based on this evaluation;
- oversee the evaluation of the other executive officers and set the compensation of other executive officers based upon the recommendation of the Chief Executive Officer;
- approve stock option and other stock incentive awards for executive officers;
- review and approve the design of other benefit plans pertaining to executive officers;
- review and approve employment agreements and severance and change of control arrangements for our executive officers;
- approve, amend or modify the terms of any compensation or benefit plan that does not require stockholder approval;
- review and discuss with management our Compensation Discussion and Analysis and related disclosures that SEC rules require be included in our annual report and proxy statement, recommend to our Board based on the review and discussions whether the Compensation Discussion and Analysis should be included in the annual report and proxy statement and prepare the compensation committee report required by SEC rules for inclusion in our annual report and proxy statement;
- determine and recommend to our Board a desired frequency, if any, for the advisory stockholder vote on the compensation of our named executive officers (the "say on pay" vote) to be recommended to stockholders at the annual meeting at least once every six years in accordance with applicable law, SEC rules and NYSE listing requirements and prior stockholder votes on this subject;
- oversee our response to the outcome of stockholder votes on say on pay and the frequency of say on pay;
- review and oversee risks associated with our compensation policies and practices; and
- select consultants or other advisors only after taking into consideration all factors relevant to that person's independence from management.

Our Chief Executive Officer recommends base salaries for our executive officers other than himself to the Compensation Committee for its approval and recommends performance targets under the Annual Incentive Plan for approval by the Compensation Committee, as explained in more detail under the section entitled “Annual Incentive Plan” below. Our Chief Executive Officer also negotiates employment agreements with executive officers, subject to review by the Compensation Committee, and makes recommendations to the Compensation Committee with respect to equity awards for our named executive officers other than himself. All compensation elements for our Chief Executive Officer are reviewed and approved by the Compensation Committee.

#### ***Role of Benchmarking in the Compensation-Setting Process***

As described above under “Objectives of our Compensation Programs,” the Compensation Committee’s goal is to offer competitive compensation to our executive officers. To assist it in setting competitive pay levels, the Compensation Committee has periodically engaged FW Cook, an independent compensation consultant. The Compensation Committee assessed the independence of FW Cook pursuant to SEC rules and NYSE listing standards and concluded that FW Cook’s work for the Compensation Committee does not raise any conflict of interest.

The Compensation Committee most recently engaged FW Cook to conduct a competitive review of target direct compensation levels (which consists of base salary, target annual incentive compensation and target long-term incentive compensation) for the Company’s executive officers in 2020. For this review, FW Cook considered peer group data from a group of 13 peer companies as well as broader survey data from a national general industry survey. The 13 peer companies were selected for our peer group based on their reasonable comparability to our Company in terms of size, industry and scope of operations. For size-related screens, the focus was on ensuring that the peer group was appropriate from both revenue and market capitalization perspectives because we believe that these two metrics are most strongly correlated to compensation levels. The peer companies (the “Peer Group”) were the following:

- Actuant Corporation (n/k/a Enerpac Tool Group)
- Aegion Corporation
- Alamo Group Inc.
- CECO Environmental Corp.
- ESCO Technologies
- Federal Signal Corp.
- Helios Technologies, Inc.
- Hurco Companies, Inc.
- Kadant Corporation
- Lindsay Corporation
- Lydall Corporation
- Modine Manufacturing
- RBC Bearings Incorporated
- Kadant Corporation

The Compensation Committee considered Peer Group data from 2020 as one factor in setting compensation levels in 2020 for our named executive officers, but the Peer Group data were not the only factor or the determinative factor. Rather, the Compensation Committee also considered the individual named executive officer’s qualifications, experience and level of responsibility, internal pay equity considerations and the collective experience of the members of our Board, Compensation Committee and Mr. McCormick (with respect to the compensation of our other named executive officers), their business judgment and their experiences in recruiting and retaining executives.

#### ***Elements of Executive Compensation***

The key components of our compensation program for our named executive officers for 2020 were base salary, annual cash incentive awards under our Annual Incentive Plan, long-term equity incentive awards under our 2010 Stock Plan and other compensation consisting primarily of matching 401(k) contributions, health and welfare benefits and other perquisites. Each component of our compensation program has an important role in creating compensation arrangements that motivate and reward strong performance and in retaining the named executive officers who deliver strong performance.

#### ***Base Salary***

We pay our named executive officers a base salary to compensate them for services rendered and to provide them with a steady source of income for living expenses throughout the year. In general, the base

salary of each executive was initially established through arm's-length negotiations at the time the individual was hired, taking into account the individual's qualifications, experience, level of responsibility, as well as internal pay equity considerations.

In early 2020 the Compensation Committee conducted a review of the base salaries of our named executive officers, taking into account the considerations described above under “— Role of Benchmarking in the Compensation-Setting Process.”

Based on this review, in early 2020, the Compensation Committee approved, effective March 1, 2020, base salary increases for each of our named executive officers. The increases were intended to bring the named executive officers' base salaries closer to the Peer Group median. Our named executive officers' annual base salaries for 2019 and 2020, effective March 1, 2020, as well as the percentage increases, were as follows:

Executive	2019 Annual Base Salary	% Increase for 2020	2020 Annual Base Salary
Robert L. McCormick	\$575,000	17.39%	\$675,000
Sarah C. Lauber	\$385,634	4.00%	\$401,059
Keith Hagelin	\$310,138	12.85%	\$350,000
Jon Sievert	\$272,425	14.68%	\$312,425

The amount of base salary that we actually paid to each of our named executive officers in 2020 can be found in the “Salary” column of the Summary Compensation Table below. Note that the amount of base salary that we actually paid to the named executive officers in 2020 is less than the amount shown in the table above because their base salary increases became effective after January 1, 2020.

#### *Annual Incentive Plan*

Our named executive officers, as well as certain other management employees, participate in the Annual Incentive Plan, which provides an opportunity to earn a cash bonus upon achievement of certain performance targets approved by the Compensation Committee. These performance objectives are designed to link management's focus with overall Company objectives by providing the executive an opportunity to earn additional short-term compensation. We emphasize variable compensation to provide an opportunity for total annual compensation for our named executive officers to exceed what the Compensation Committee believes, based on its members' collective experience, business judgment and experiences in recruiting and retaining executives, to be the general market level of compensation for similarly situated executives in the event of superior performance.

The 2020 performance metrics under the Annual Incentive Plan for all of our named executive officers were adjusted operating income and free cash flow, weighted 70% and 30%, respectively. However, Mr. Hagelin's payout for 2020 was based solely on the performance of our Commercial Snow & Ice business reporting unit, and Mr. Sievert's payout was based on the combined performance of our Municipal and Dejana business reporting units. The payouts for Mr. McCormick and Ms. Lauber were based on consolidated business results.

In 2020, as in past years, adjusted operating income was weighted 70% under the Annual Incentive Plan. This weighting reflects the Compensation Committee's belief that any incentive compensation should be driven principally by the Company's profitability. Our management is given discretion to recommend the performance metric or metrics that will comprise the remaining 30% of the annual bonus opportunity. This allows our management to select a metric or metrics that reflect the current focus of our business, which are then submitted by the Chief Executive Officer to the Compensation Committee for approval. Management recommended free cash flow for 2020, based on its use of free cash flow as a primary measure of our profitability and our ability to pay dividends and its view that free cash flow is influenced to a lesser degree by factors below the operating profit level than some other performance measures.

For 2020, Mr. McCormick had a target bonus level of 100% of his base salary. Each other named executive officer had a target bonus level of 75% of his or her annual base salary. These target potential

payment levels were set based on a review of the Company's Peer Group companies and were based on what the Compensation Committee believed, based on its members' collective experience, business judgment and experiences in recruiting and retaining executives, to be a competitive level of annual incentive compensation to provide appropriate incentives and retention. The Compensation Committee also established maximum potential payment levels under the Annual Incentive Plan of 200% of target for each named executive officer, based on a review of Peer Group company practices. See below for a detailed discussion of our performance metrics and the calculation of payouts for 2020.

For the year ending December 31, 2020, we paid out the following bonuses as a percentage of base salary to each of our named executive officers:

Name	Payout Based On:	Total Bonus Paid (as a % of base salary)	% Bonus Paid Based on Operating Income	% Bonus Paid Based on FCF
Robert L. McCormick	Consolidated Business	68.9%	38.2%	30.7%
Sarah C. Lauber	Consolidated Business	51.7%	28.7%	23.0%
Keith Hagelin	Commercial Snow & Ice Reporting Unit	52.2%	32.1%	20.1%
Jon Sievert	Combination of Municipal and Dejana Reporting Units	43.4%	22.9%	20.5%

The adjusted operating income metric, as defined in the Annual Incentive Plan, measures the degree by which actual adjusted operating income performance achieves, exceeds or falls short of baseline adjusted operating income. Actual adjusted operating income is defined as earnings before interest, taxes, depreciation and amortization less depreciation, plus other expense, adjusted for non-recurring expenses, as approved by the Compensation Committee. Baseline adjusted operating income is set annually by the Compensation Committee. For 2020, if actual adjusted operating income fell below 50% of baseline adjusted operating income, no adjusted operating income bonus would be earned. If actual adjusted operating income fell between 50% and 100% of baseline adjusted operating income, adjusted operating income bonus would be reduced linearly for each 1% reduction in actual adjusted operating income below baseline adjusted operating income. If actual adjusted operating income exceeded baseline adjusted operating income, adjusted operating income bonus would be increased linearly for each 1% increase in actual adjusted operating income above baseline adjusted operating income.

For 2020, the Compensation Committee set the baseline adjusted operating income targets under the Annual Incentive Plan based on historical trends and assumptions recommended by management. Specifically, in setting the 2020 baseline targets, we assumed average snowfall, increasing truck sales and a slight improvement in overall economic conditions. For 2020, the baseline adjusted operating income targets and actual adjusted operating income (calculated according to the Annual Incentive Plan as described below) were as follows:

	Target	Actual
Consolidated Business	\$104.3 million	\$80.6 million
Commercial Snow & Ice Reporting Unit	\$ 91.4 million	\$73.7 million
Combination of Municipal and Dejana Reporting Units	\$ 34.5 million	\$24.8 million

As a result, based on 2020 performance and the 70% weighting, the payout for the adjusted operating income component of the annual incentive plan was 38.2% of annual base salary for Mr. McCormick (whose payout was based on our consolidated business results), 28.7% of annual base salary for Ms. Lauber (whose payout was based on our consolidated business results), 32.1% for Mr. Hagelin (whose payout was based on our Commercial Snow & Ice reporting unit results) and 22.9% for Mr. Sievert (whose payout was based on a combination of our Municipal and Dejana reporting units).

The adjusted operating income that we used for purposes of determining the achievement of the adjusted operating income target under the Annual Incentive Plan was different than the actual operating income for our consolidated business as reported in our financial statements. To arrive at the metric used

under the Annual Incentive Plan, we adjusted our operating income (as calculated consistent with United States Generally Accepted Accounting Principles) by adding back, as consistent with prior years, amortization, stock-based compensation, non-cash purchase accounting adjustments, impairment charges, and other legal and consulting expenses. In addition, as described above under “Impact of COVID-19 on 2020 Compensation,” for 2020, we added back COVID-19 related items totaling \$14.6 million, including wages paid to employees during shutdown of facilities as a result of governmental restrictions on operation during mid-March through mid-May 2020 (the “Pandemic Shutdown”), facilities and property-related overhead costs that continued during the Pandemic Shutdown and lost revenues for the Dejana and Henderson businesses that we estimate were solely a result of the Pandemic Shutdown and that were not able to be made up during the remainder of the year. We performed similar adjustments to determine the achievement of the adjusted operating income targets for each of our Commercial Snow & Ice reporting unit (\$4.4 million) and combination of our Municipal and Dejana reporting units (\$11.0 million).

The following table sets forth the calculation of the 38.2% of base salary payout based on adjusted operating income component for Mr. McCormick (dollars in millions):

Our free cash flow (“FCF”) is defined as cash generated by operating activities, less net cash used in investing activities, adjusted for non-recurring items, as approved by the Compensation Committee. Target FCF is set annually by the Compensation Committee. Performance is measured by the degree to which FCF achieves, exceeds or falls short of target FCF. Achievement of target FCF results in a bonus as a percentage of base salary equal to bonus target level multiplied by the 30% weighting of the FCF metric. For 2020, achievement of target FCF would result in a bonus of 30.0% of base salary for Mr. McCormick and 22.5% of base salary for all other named executive officers. If the target FCF was achieved, then the target FCF bonus would be earned. If FCF was below the threshold goal, then no FCF bonus would be earned. If FCF was higher than target, then the payout increases linearly for increases in FCF above target FCF, subject to the overall Annual Incentive Plan cap of 200% of base salary for Mr. McCormick, and 150% of base salary for each of our other named executive officers. The following table sets forth our threshold and target FCF goals and actual FCF performance for 2020:

	Threshold	Target	Actual
<b>Consolidated Business</b>	\$29.3 million	\$51.5 million	\$53.4 million
<b>Commercial Snow &amp; Ice Reporting Unit</b>	\$13.5 million	\$63.5 million	\$58.0 million

In setting the performance goals under the Annual Incentive Plan, our intention is to provide for challenging and ambitious targets to further our overall goal of increasing stockholder value. Though challenging, we believe the goals are attainable through a collaborative effort by our named executive officers.

The Compensation Committee has the right to review and approve payouts made under the Annual Incentive Plan. The Compensation Committee reviewed the results of the Annual Incentive Plan prior to bonus payments after the completion of the audit of our 2020 results. The Compensation Committee has the authority to modify, suspend or terminate the Annual Incentive Plan at any time.

## *Long Term Incentive Compensation*

### *Equity-Based Compensation*

**Stock Incentive Plans.** Our stockholders approved an amendment and restatement of the 2010 Stock Plan at our annual meeting of stockholders in April 2020. The amendment and restatement extended the term of the 2010 Stock Plan until April 2030 but did not increase the number of shares of common stock reserved for issuance under the 2010 Stock Plan or make any other material changes. The 2010 Stock Plan, which is administered by the Compensation Committee, enables us to grant equity awards to our key employees, including our named executive officers, and our non-employee directors. We adopted this plan because we believe that long term performance is achieved through an ownership culture that rewards and encourages long term performance by our named executive officers through the use of stock-based awards.

**Long Term Equity Program.** Under our long-term incentive program, we make annual grants of performance share units and time-vesting restricted stock units to our executive officers under our 2010 Stock Plan. The Compensation Committee decided to implement our long-term incentive program because it believes that long-term incentives are an essential part of our total compensation package, which is intended to promote ownership, higher performance and ultimately higher stockholder return, and in view of its goal for long-term compensation of furthering four key objectives:

- **Pay for Performance:** Emphasize variable compensation that is linked to our performance, as measured by our profitability and free cash flow, in an effort to generate and reward superior corporate performance
- **Alignment of Interests:** Use free cash flow as the key performance metric, linking executives' incentive goals with the interests of our stockholders
- **Long-Term Success:** Support and reward executives for consistent performance over time and achievement of our long-term strategic goals
- **Retention:** In a seasonal business model with potential dramatic swings in profitability, attract and retain highly qualified executives whose abilities are critical to our success and competitive advantage

In 2020, we granted our named executive officers performance share units that will vest based on our achievement of performance goals over the 2020-2022 performance period, and will be paid out, if earned, shortly after the end of the performance period.

The performance goals for these performance share units are adjusted earnings per share and return on net assets, each weighted 50%. The minimum threshold performance for the performance share units granted in 2020, under which the minimum payout will be earned, is 50% of target for each performance metric, and the maximum threshold performance, over which the maximum payout will be earned, is 150% of target for each performance metric.

Our Compensation Committee determined the target aggregate value of 2020 stock-based awards for our named executive officers with reference to a percentage of the executive officer's base salary. The Compensation Committee also increased target award levels under the Long-Term Incentive Plan for each named executive officer, based on a review of Peer Group company practices. The Compensation Committee set the target award values for each named executive officer as follows: Mr. McCormick — 210% of base salary; Ms. Lauber — 135% of base salary and Messrs. Hagelin and Sievert — 100% of base salary. The target award levels increased from prior year target award values of: Mr. McCormick — 125% of base salary; and Ms. Lauber and Messrs. Hagelin and Sievert — 75% of base salary.

The Compensation Committee chose the mix of performance-vested versus time-vested stock grants based on the Company's historical mix of 40% retention and 60% performance share units, which mix was influenced in part by the Committee's recognition of the inherent snowfall-related performance volatility of the Company's business.

**2020-22 Performance Share Units.** The performance share units granted in 2020 made up 60% of the total long-term incentive award opportunity for our named executive officers. The target number of units granted was determined as of the grant date based on the average closing price during the 30 trading days

prior to the grant date. The threshold, target and maximum number of performance share units subject to these awards for our named executive officers were as follows:

Name	Threshold	Target	Maximum
Robert L. McCormick	—	15,539	31,078
Sarah C. Lauber	—	5,941	11,882
Keith Hagelin	—	3,837	7,674
Jon Sievert	—	3,420	6,840

The performance goals for the performance share units granted in 2020 are three-year cumulative adjusted earnings per share (“EPS”), weighted 50%, and three-year cumulative return on net assets (“RONA”), weighted 50%. Our EPS is defined as adjusted earnings per share as reported, adjusted for other non-recurring expenses, as approved by the Compensation Committee. Our RONA is defined as cumulative net income for the three fiscal years of the performance period divided by the average of net assets on four distinct dates: the first day of the first fiscal year of the performance period and the last day of each of the three applicable fiscal years in the performance period. For purposes of our RONA definition, net income is defined as adjusted net income as reported, adjusted for other non-recurring expenses, as approved by the Compensation Committee. Also, for purposes of our RONA definition, net assets is defined as current assets, excluding cash, plus net fixed assets, less current liabilities.

**2018-20 Performance Share Units.** The performance period for the performance share units granted in 2018 ended in 2020. The performance goals for the performance share units granted in 2018 were three-year cumulative adjusted EPS, weighted 50%, and three-year cumulative RONA, weighted 50%. EPS and RONA had the same definitions as under our 2020-22 performance share units as described above (but relating to the 2018-20 performance period). Although the plan under which the performance share units were granted permits the Compensation Committee to adjust the actual performance results for other non-recurring expenses, no such adjustments were made for the 2018-20 performance period. The performance goals, actual performance and actual payout for the performance share units granted in 2018 were as follows:

	Threshold	Target	Maximum	Actual	Weighting	% Earned
<b>2018 – 20 Adjusted EPS</b>	\$3.42	\$6.84	\$10.26	\$5.64	50%	32.5%
<b>2018 – 20 RONA</b>	44.5%	89.0%	133.5%	87.6%	50%	48.4%

**Time-Vesting Restricted Stock Units Granted in 2020.** The time-vesting restricted stock units made up the remaining 40% of the total long-term incentive award opportunity for our named executive officers for 2020 and vest ratably over the three years following the grant date, contingent on continued employment or a qualifying retirement. The number of units granted was determined as of the grant date based on the average closing price during the 30 trading days prior to the grant date.

#### **Other Compensation**

In addition to their base salaries and awards under incentive plans described above, our named executive officers receive matching contributions under our 401(k) plan in the same manner as all of our employees who participate in the plan. During 2020, for our named executive officers we matched 100% of each participant’s pre-tax contributions up to the first 3.00% of base salary and 50% of such contributions over 3.00% up to 6.00% of base salary up to the maximum allowed by the plan. We also maintain a Company stock fund in the 401(k) plan allowing employees to direct up to 20% of their 401(k) account balance into the fund.

We maintain the Douglas Dynamics Nonqualified Deferred Compensation Plan (the “Deferred Compensation Plan”), in which our named executive officers are eligible to participate, to serve in part as a vehicle to provide replacement benefits to these executive officers. The Deferred Compensation Plan permits us to make discretionary contributions to the accounts of participants, and in 2020 we made annual contributions having an actuarial equivalent value of the annual pension accrual that participants lost as a result of being unable to continue participating in the Douglas Dynamics, L.L.C. Salaried Pension Plan. The

amounts that we contributed to the accounts of our named executive officers in 2020 having such an actuarial value are set forth in the column titled “All Other Compensation” in the “Summary Compensation Table.” The Deferred Compensation Plan also permits participants to defer on an elective basis up to 80% of their respective base salaries and up to 100% of their respective bonuses and performance-based compensation. For further description of the Deferred Compensation Plan, please see below under “— Narrative Disclosure to Non-Qualified Deferred Compensation for 2020 Table.”

Each named executive officer is also eligible to participate in all other benefit plans and programs that are or may be available to our other executive employees, including any health insurance or health care plan, disability insurance, vacation and sick leave, and other similar plans. In addition, our named executive officers also receive supplemental life, long-term disability coverage and Company-paid or reimbursed executive physicals. Other than the supplemental life and long-term disability coverage described in this paragraph, our named executive officers received no perquisites in 2020. Of our named executive officers, only Mr. Sievert received an executive physical in 2020.

#### ***Severance and Change of Control Arrangements***

We have maintain an employment agreement with each of our named executive officers. Under each of these employment agreements, the named executive officer is eligible for severance benefits. For the named executive officers, the severance benefits on a qualifying termination of employment consist of base salary continuation (generally ranging from twelve to 24 months), paid COBRA coverage for twelve months and accelerated vesting of a portion of the executive’s then outstanding stock options if his employment is terminated by us without cause or if the executive resigns due to a material breach by us. Additionally, each of our named executive officers would have been entitled, at the discretion of our Board, to receive a pro-rated portion of his or her annual bonus under the Annual Incentive Plan if his or her employment were terminated for any reason other than a termination by us for cause or resignation other than for a material breach.

We compete for executive talent in a highly competitive market in which companies routinely offer similar benefits to named executive officers. We view these benefits as appropriate for the named executive officers who may not be in a position to readily obtain comparable employment within a reasonable period of time.

Please refer to the discussion below under “— Potential Payments upon Termination or Change of Control” for a more detailed discussion of our severance and change of control arrangements.

#### ***Stock Ownership Guidelines***

One of the key objectives of our executive compensation program is alignment of the interests of our executive officers with the interests of our stockholders. We believe that ensuring that executive officers are stockholders and have a significant financial interest in our Company is an effective means to accomplish this objective. Our Board has approved stock ownership guidelines setting levels of ownership of our common stock that our executive officers, including our named executive officers, and our non-employee directors are expected to satisfy within five years. The ownership requirements are as follows:

<b>Position</b>	<b>Ownership Requirement</b>
Chief Executive Officer	3x Base Salary
Other Executive Officers	2x Base Salary
Non-Employee Directors	3x Cash Portion of Annual Retainer

Newly appointed executive officers and non-employee directors (after the effective date of the guidelines) will have until the fifth anniversary of their appointment to satisfy their ownership requirement. Each of our executive officers and non-employee directors has either satisfied the ownership requirements under the guidelines or has additional time to do so.

#### ***Compensation Recovery Policy***

We maintain a compensation recovery policy pursuant to which certain incentive-based compensation received by our executive officers on the basis of financial results that are later restated may be subject to

recovery. The incentive-based compensation subject to the policy includes any compensation that is granted, earned or vested based wholly or in part upon the attainment of a measure that is determined and presented in accordance with the accounting principles used in preparing our financial statements, any measures that are derived wholly or in part from such measures, or stock price or total stockholder return. We intend to amend the policy as and when necessary to reflect applicable changes in law and stock exchange listing standards, including the requirements of the final regulations and listing standards expected to be promulgated by the SEC.

#### ***Anti-Hedging Policy***

Because certain forms of hedging or monetization transactions, such as zero cost collars and forward sale contracts involve the establishment of short positions in our securities and limit or eliminate the ability to profit from an increase in the value of our securities, we maintain a policy prohibiting our executive officers and directors from engaging in any hedging or monetization transactions involving our securities.

#### ***Tax Deductibility***

In designing our 2020 compensation program, the Compensation Committee considered the potential effects of Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”) on the compensation paid to our named executive officers. Code Section 162(m) generally limits the amount of compensation that a publicly held corporation may deduct in any one year with respect to its covered employees, a group that generally includes the named executive officers, to \$1 million. The Compensation Committee reserves the discretion to authorize compensation in excess of the \$1 million deduction limit if it believes such payments are appropriate to attract and retain executive talent.

- (1) Amounts reported above reflect the potential performance based incentive cash payments each executive could earn pursuant to the Annual Incentive Plan for 2020 with the following explanations:

- Threshold (50% of annual base salary for our CEO, 37.5% for the other named executive officers) — a minimum level of performance is required to begin earning an incentive. Thus, if these minimum thresholds are not met, the payout is \$0. If the minimum threshold is met, the indicated percentage of base salary will be paid.
- Target (100% of annual base salary for our CEO, 75% for the other named executive officers) — the performance metrics are established to pay the indicated targeted incentive percentage of base salary for meeting expected performance levels as determined by the plan.

- Maximum (200% of annual base salary for our CEO, 150% for the other named executive officers) — per the plan documentation, the indicated maximum payout percentage of base salary has been established.
- (2) Represents performance share units granted under our 2010 Stock Plan in March 2020. The performance share units will vest following the end of the 2020-2022 performance period and will be earned based on three-year cumulative EPS and RONA performance, weighted at 50% each.
- (3) Represent grants of shares subject to ratable vesting in three annual installments beginning March 6, 2021.

(2) The amounts shown in this column are based on the following target performance share units:

The number of shares, if any, that will be earned and issued under these performance share unit awards is based on cumulative EPS (weighted at 50%) and cumulative RONA (weighted at 50%) over a three-year performance period from 2018-2020, in the case of the 2018 grants, over a three-year performance period from 2019-2021, in the case of the 2019 grants, and over a three-year performance period from 2020-2022, in the case of the 2020 grants. Any shares earned will be issued shortly after end of the performance period.

#### Narrative Disclosure to Non-Qualified Deferred Compensation for 2020 Table

Since 2012, we have maintained a deferred compensation plan, the Douglas Dynamics Nonqualified Deferred Compensation Plan (the “Deferred Compensation Plan”). Amounts deferred under the Deferred Compensation Plan during 2020 are included in the table above. We adopted the Deferred Compensation Plan in conjunction with our decision to freeze or reduce the rates of benefit accruals under the Douglas Dynamics, L.L.C. Salaried Pension Plan, which was a tax-qualified pension plan. The Douglas Dynamics, L.L.C. Salaried Pension Plan was subsequently terminated in 2019. As a result of the freezing or reduction of the rates of benefit accruals under the tax-qualified pension plan, the tax-qualification rules under the Code applicable to the plans no longer permitted certain of our highly compensated employees, including our named executive officers, to continue to accrue benefits under the tax-qualified plan. Accordingly, the Deferred Compensation Plan was adopted in part to serve as a vehicle to provide replacement benefits to these executive officers.

The Deferred Compensation Plan permits us to make discretionary contributions to the accounts of participants, and in 2020 we made annual contributions having an actuarial equivalent value of the annual pension accrual that participants lost as a result of being unable to continue participating in the Douglas Dynamics, L.L.C. Salaried Pension Plan. The Deferred Compensation Plan also permits participants to

defer on an elective basis up to 80% of their respective base salaries and up to 100% of their respective bonuses and performance-based compensation.

The amounts allocated under the Deferred Compensation Plan in any year are credited to a bookkeeping account to be maintained in the name of that participant under the Deferred Compensation Plan. Participants in the Deferred Compensation Plan are immediately and fully vested in their Deferred Compensation Plan account. Deferred Compensation Plan participants' accounts are credited with a deemed investment return determined as if the account were invested in one or more investment alternatives selected by the Company for corporate-owned life insurance policies that we intend to use to fund our obligations under the Deferred Compensation Plan.

Allocations of our contributions and amounts deferred by participants under the Deferred Compensation Plan, if any, and deemed investment returns to a participant's Deferred Compensation Plan account are generally not subject to Federal income tax, and we will not receive a deduction for the amounts deferred or allocated to a participant's account, until those amounts are distributed pursuant to the Deferred Compensation Plan.

We will distribute the balance of a participant's Deferred Compensation Plan account attributable to our contributions upon the later of the participant's separation from service or age 55, or upon the occurrence of an unforeseeable hardship (in an amount necessary to address the hardship). We will distribute the balance of the participant's Deferred Compensation Plan account attributable to employee contributions upon the participant's separation from service, whether or not the participant has attained age 55, or upon the occurrence of an unforeseeable hardship (in an amount necessary to address the hardship). The distribution will be in a lump sum or up to ten installments, as elected by the participant, except that the distribution will automatically be made in a lump sum in the case of a hardship distribution or if the participant's account balance is less than \$25,000 at the time a separation from service. Participants also may elect in advance to have all or a portion of their own contributions distributed prior to a separation from service upon a designated date, subject to requirements specified in the Deferred Compensation Plan. Such distributions may be made in a lump sum or in up to five installments. Our obligations to make distributions under the Deferred Compensation Plan are our general, unsecured obligations and rank equally with our other unsecured and unsubordinated indebtedness.

#### **Potential Payments upon Termination or Change of Control**

The information below describes certain compensation and benefits to which our named executive officers are entitled in the event their employment is terminated under certain circumstances and/or a change of control occurs. See the table at the end of this section for the amount of compensation and benefits that would have become payable under existing plans and contractual arrangements assuming a termination of employment and/or change of control had occurred on December 31, 2020 assuming a market value of our common stock on that date of \$42.77 (which was the closing sale price of a share of our common stock on the last trading day of the year) given the named executive officers' compensation and service levels as of such date. There can be no assurance that an actual triggering event would produce the same or similar results as those estimated if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

#### ***Involuntary Termination Without Cause or Resignation Due to Material Breach***

As described above, we or our affiliates are, or were during 2020, a party to employment agreements with each of our named executive officers. Under the employment agreements with our named executive officers, if we terminate the executive's employment without Cause (as defined below), or if the executive were to terminate his or her employment due to a Material Breach (as defined below) by us, the executive would be entitled to receive severance benefits consisting of base salary continuation. Under such circumstances, Mr. McCormick would be entitled to 24 months of his base salary, and each of the other named executive officers would be entitled to 12 months of her or his base salary, in each case paid monthly. Any unvested stock options scheduled to vest at the next applicable vesting date would vest pro-rata according to the number of months the executive was employed during the relevant vesting period. We would also continue

each executive's benefits for one year at the executive's election and cost. Additionally, each of our named executive officers would also have been entitled to receive a pro-rated portion of his or her annual performance bonus for the year of termination.

Under the employment agreements with the named executive officers, "Cause" means the occurrence or existence of any of the following with respect to an executive, as determined in good faith by a majority of the disinterested members of our Board: (a) a material breach by the executive of any of his or her material obligations under the employment agreement which remains uncured after the lapse of 30 days following the date that we have given the executive written notice thereof; (b) a material breach by the executive of his or her duty not to engage in any transaction that represents, directly or indirectly, self-dealing with us or any of our respective affiliates which has not been approved by a majority of the disinterested members of our Board, if in any such case such material breach remains uncured after the lapse of 30 days following the date that we have given the executive written notice thereof; (c) the repeated material breach by the executive of any material duty referred to in clause (a) or (b) above as to which at least two written notices have been given pursuant to such clause (a) or (b); (d) any act of misappropriation, embezzlement, intentional fraud or similar conduct involving us; (e) the conviction or the plea of *nolo contendere* or the equivalent in respect of a felony involving moral turpitude; (f) intentional infliction of any damage of a material nature to any of our property; or (g) the repeated non-prescription abuse of any controlled substance or the repeated abuse of alcohol or any other non-controlled substance which, in any case described in this clause, our Board reasonably determines renders the executive unfit to serve us as an officer or employee.

Under the employment agreements with our named executive officers, the executive has the right to terminate his employment if (a) we fail to perform a material condition or covenant of the employment agreement that remains uncured after an applicable cure period or (b) we repeatedly fail to perform a material condition or covenant of the employment agreement as to which at least two written notices have been given by the executive (each of clause (a) and (b), a "Material Breach").

Each of the named executive officers is subject to a non-competition obligation that prevents the executive officer from working for our competitors, a non-solicit obligation that prevents the executive officer from soliciting our customers or employees and a confidentiality obligation, in each case for two years after termination of employment.

#### ***Termination due to Death, Disability or Retirement***

Under the employment agreements, if the executive's employment terminates due to death, Disability (as defined below) or retirement, the executive would generally not be entitled to severance benefits except as follows. In the event of an executive's death, we would be obligated to continue coverage of such executive's dependents (if any) under all benefit plans and programs for a period of six months at no charge to the dependents. Additionally, under the Annual Incentive Plan, in the event of termination due to death or Disability and, in the case of Mr. McCormick, his retirement, each executive (or his beneficiaries) would be entitled to receive a prorated portion of his annual performance bonus for the year of termination. Our restricted stock units granted to our named executive officers also provide for continued vesting upon retirement after age 65 or after age 55 with ten years of service. The performance share units that we granted to the named executive officers in 2018, 2019 and 2020 also provide for potential full vesting upon a retirement at least six months after the grant date, contingent on actual performance through the end of the performance period, and potential pro rata vesting at the target level upon a termination as a result of death or disability at least six months after the grant date.

Under the employment agreements, "Disability" means a disability that renders the executive unable to perform the essential functions of his position, even with reasonable accommodation, for a period of 60 consecutive days or for 90 days within any 180-day period.

#### ***Change of Control***

***Restricted Stock and Restricted Stock Units.*** Under the terms of the 2010 Stock Plan, in the event of a change of control (as defined below), the Compensation Committee or our Board, in its discretion, may, among other alternatives, accelerate the vesting of all of the then-unvested shares of restricted stock held by each of our named executive officers. Under the terms of the restricted stock unit award agreements, the

vesting of then-unvested restricted stock units that are continued, assumed or substituted in the change of control will not automatically accelerate unless the executive's employment is terminated other than for serious misconduct or the executive resigns for good reason within 24 months after the change of control. If the restricted stock units are not continued, assumed or substituted, then vesting will be accelerated upon the change of control.

*Performance Share Units.* Under the terms of the 2010 Stock Plan, in the event of a change of control (as defined below), the Compensation Committee or our Board, in its discretion, may, among other alternatives, accelerate the vesting of all of the then-unvested performance share units held by each of our named executive officers. Under the terms of the performance share unit award agreements, the vesting of then unvested performance share units that are continued, assumed or substituted in the change of control will not automatically accelerate unless the executive's employment is terminated other than for serious misconduct or the executive resigns for good reason within 24 months after the change of control, but they will be converted into time-vesting restricted stock units at the target level if the change of control occurs within the first year of the performance period or at the actual performance level if the change of control occurs after the first year. If the performance share units are not continued, assumed or substituted in the change of control, the performance share units will become earned and vested (a) assuming target performance if the change of control occurs within the first year of the performance period; or (b) at actual performance through the date of the change of control if the change of control occurs on or after the first year of the performance period.

For purposes of the 2010 Stock Plan, a "change of control" means any time (a) any person, other than certain affiliates, becomes the beneficial owner of 50% or more of the combined voting power of our outstanding voting securities; (b) during any period of two consecutive years, the majority of our Board changes (other than through Board-approved appointments); (c) certain extraordinary transactions involving our Company become effective or are consummated; or (d) a sale, transfer or any other disposition (including, without limitation, by way of spin-off, distribution, complete liquidation or dissolution) of all or substantially all of our business and/or assets to an unrelated third party is consummated.

The table below sets forth the estimated value of the potential payments to each of the named executive officers, assuming the executive's employment had terminated on December 31, 2020 and/or that a change of control had occurred on that date, and assuming that the vesting of all unvested restricted stock, restricted stock unit and performance share unit awards was accelerated upon a change of control. The figures in the table below are based on the employment agreements in effect on December 31, 2020, as required by SEC regulations, and therefore do not take into account any modifications to the agreements or subsequent agreements entered into after that date.

#### Risk Assessment of our Compensation Policies and Practices

On an annual basis, our senior management team reviews all of our compensation policies and practices, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to our Company. Management then reviews its findings with our Compensation Committee. Based on the most recent review, management and our Compensation Committee concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on our Company. Specifically, management and our Compensation Committee took into consideration as part of its review the fact that the compensation programs contain many design features that mitigate the likelihood of inducing excessive risk-taking behavior. These features include a balance of fixed and variable compensation, with variable compensation tied both to short-term objectives and the long-term value of our Company, and multiple metrics in our incentive programs that balance profitability, cash management and other key business objectives.

## Pay Ratio

As required by Item 402(u) of Regulation S-K, we are providing the following information about the ratio of the median annual total compensation of our employees and the annual total compensation of Mr. McCormick, our chief executive officer. For the year ended December 31, 2020:

- the annual total compensation of our median employee was reasonably estimated to be \$47,243.
- the annual total compensation of Mr. McCormick was \$2,156,264.
- Based on this information, the ratio of the annual total compensation of our chief executive officer to the annual total compensation of our median employees is estimated to be 45.6 to 1.

We identified our median employee by examining wages reported in Box 1 on Form W-2 for all individuals employed by us on December 31, 2020, whether full-time, part-time, or on a seasonable basis, except that, in reliance on the “de minimis” exemption, we excluded from our employee population any employee located in China. As of December 31, 2020, we had 13 employees located in China, which constituted less than 5% of our 1,767 total employees. The total number of our U.S. employees on December 31, 2020 irrespective of the de minimis exception, and used for the de minimis calculation, was 1,754, and the total number of our non-U.S. employees on December 31, 2020 irrespective of the de minimis exception was 13.

To identify our median employee, we annualized wages for all permanent employees who were hired after January 1, 2020, as permitted by SEC rules. Once we identified our median employee, we added together all of the elements of such employee’s compensation for 2020 in the same way that we calculate the annual total compensation of our named executive officers in the Summary Compensation Table. To calculate our ratio, we then divided Mr. McCormick’s annual total compensation reported in the Summary Compensation Table by the annual total compensation of our median employee.

## Director Compensation

During 2019, our Nominating and Corporate Governance Committee undertook a review of our non-employee director compensation with the assistance of FW Cook and determined that our annual director compensation was below market compared to our Peer Group. Based on this finding, our Nominating and Corporate Governance Committee approved the compensation arrangements for our non-employee directors described below, which are reflected in the following table:

- annual cash retainer fee for all outside directors of \$70,000;
- additional retainer fee of \$100,000 in the form of fully vested restricted stock units;
- additional cash retainer fee for our lead director of \$25,000;
- additional cash retainer fee for our Audit Committee chairman of \$15,000;
- additional cash retainer fee for our Compensation Committee chairman of \$10,000; and
- additional cash retainer fee for our Nominating and Corporate Governance Committee chairman of \$10,000.

In connection with Mr. Janik’s transition to non-executive chairman following his retirement at our 2020 annual meeting of shareholders, the Board approved an additional annual cash retainer fee for the non-executive chairman role of \$65,000. We also reimburse all directors for out-of-pocket expenses incurred in connection with attendance at Board and committee meetings. The restricted stock units are granted annually at the first quarter nominating and governance committee meeting of the year. The restricted stock units and the underlying shares are issued to our outside directors pursuant to our 2010 Stock Plan.

The table below sets forth information regarding the compensation of our directors for 2020.

Name	Fees Earned or Paid in Cash	Stock Awards <sup>(1)</sup>	Total

See Note 14 Stock-based Compensation, in the notes to the consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2020. Each outside director received 1,827 restricted stock units.
- (2) Mr. Janik became a non-employee director following the 2020 annual meeting of shareholders. He received the full equity portion of the non-employee director retainer for his service as a director in 2020, and a pro-rated portion of the cash retainer.

## ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

### (Proposal 2)

Under legislation enacted by Congress we are required to hold a non-binding advisory stockholder vote on a resolution approving the compensation of our named executive officers, which we refer to as a “say on pay” vote. In keeping with the recommendation of our Board and the preference expressed by our stockholders in 2017, we hold a say on pay vote on an annual basis. Accordingly, we are again seeking input from our stockholders in 2021 through this advisory vote on the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis and the accompanying compensation tables and narrative discussion contained in this proxy statement. Our next advisory vote will be held in 2022.

As indicated by the Compensation Discussion and Analysis and accompanying disclosures, executive compensation is an important matter both to us and, we believe, to our stockholders. We believe that a skilled, experienced and dedicated senior management team is essential to the future performance of our Company and to building stockholder value. We have sought to establish competitive compensation programs that enable us to attract and retain executive officers with these qualities as well as to motivate management to maximize performance while building stockholder value.

As described in greater detail in the Compensation Discussion and Analysis, we compensate our named executive officers through both short term cash programs, including annual salary and an annual incentive plan, and long term incentive programs, reflecting a mix of fixed and variable compensation. Although our compensation program provides for a mix of both short- and long-term compensation and cash and non-cash compensation, we do not have any specific policy on those allocations. Our compensation philosophy is centered on providing an opportunity for an executive’s total annual compensation to exceed what we believe is the general market level of compensation for similar executive roles. Our business is subject to variability of earnings due to year-to-year variations in snowfall. Accordingly, we have designed our compensation program to provide for a competitive annual salary while offering our named executive officers the opportunity to earn a substantial amount of variable compensation based on our profitability. This program aligns named executive officer compensation with our variable earnings model and is intended to differentiate us from our competitors when attracting and motivating our executives.

Our Board requests the support of our stockholders for the compensation of our named executive officers as disclosed in this proxy statement. Accordingly, for the reasons we discuss above, our Board unanimously recommends that stockholders vote in favor of the following resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis section and the compensation tables and narrative discussion contained in this proxy statement.”

The affirmative vote of the holders of a majority of shares of our common stock represented and entitled to vote at our Annual Meeting is required to approve the compensation of the named executive officers as disclosed in the Compensation Discussion and Analysis section and the compensation tables and narrative discussion contained in this proxy statement. Consequently, broker non-votes will have no effect on approval of the resolution, but abstentions will act as a vote against approval of the resolution.

As this is an advisory vote, the results of the vote will not be binding on our Board, although our Compensation Committee will consider the outcome of the vote when evaluating the effectiveness of our compensation principles and practices and our Compensation Committee and our Board will review and consider the outcome of the vote when making future compensation decisions for our named executive officers.

**OUR BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.**

**AUDIT COMMITTEE REPORT**

The Audit Committee is comprised of Messrs. Staley, Packard, Sturdivant and Krueger and Ms. Dano and Bacus, and is chaired by Mr. Krueger. Each of Messrs. Staley, Packard, Sturdivant and Krueger and Ms. Dano and Bacus are independent within the meaning of Rule 10A-3 under the Exchange Act and the listing standards of the NYSE. Our management is responsible for our internal controls and financial reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with standards of The Public Company Accounting Oversight Board (the “PCAOB”) and issuing a report thereon. The Audit Committee is responsible for monitoring these processes and is responsible for appointing our independent registered public accounting firm, subject to stockholder ratification, and approving the terms of the independent registered public accounting firm’s services.

The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent registered public accounting firm, which policy was also approved by our Board. The services performed by the independent registered public accounting firm in 2020 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee and approved by our Board. The Audit Committee met with our management and our independent registered public accounting firm four times during 2020.

The Audit Committee has discussed with our independent registered public accounting firm the overall scope and plans for its independent audit. The Audit Committee reviewed and discussed our audited financial statements with management. Our management represented to the Audit Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. Discussions regarding our audited financial statements included the independent registered public accounting firm’s judgments about the quality of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Audit Committee also discussed with the independent registered public accounting firm the matters required to be discussed by the applicable requirements of the PCAOB and the Commission.

Our independent registered public accounting firm provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent registered public accountant’s communications with the Audit Committee concerning independence and the Audit Committee discussed the independent registered public accounting firm’s independence with management and the independent registered public accounting firm.

Based on the Audit Committee’s discussion with management and the independent registered public accounting firm, the Audit Committee’s review of the representation of management and the report of the independent registered public accounting firm to the Audit Committee, the Audit Committee recommended to our Board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2020 filed with the SEC.

This report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, and shall not otherwise be deemed filed under such Acts.

## **RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (Proposal 3)**

Deloitte & Touche LLP served as our independent registered public accounting firm for 2020, and has served as our independent registered public accounting firm since 2017. Representatives of Deloitte & Touche LLP are expected to be present at our Annual Meeting and will be given the opportunity to make a statement and answer appropriate questions that may be asked by stockholders.

The Audit Committee has selected Deloitte & Touche LLP as our independent registered public accounting firm for 2021, subject to stockholder ratification at our Annual Meeting.

The Audit Committee Charter does not require that our stockholders ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm. We are doing so because we believe it is a matter of good corporate governance practice. If our stockholders do not ratify the selection, our Audit Committee may reconsider whether to retain Deloitte & Touche LLP, but still may retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of us and our stockholders.

Fees billed to us by Deloitte & Touche LLP for the years ended December 31, 2020 and 2019 were as follows:

### **Audit Fees**

The aggregate fees billed or expected to be billed by Deloitte & Touche LLP for the audit of our 2020 annual financial statements and the review of financial statements included in our quarterly reports on Form 10-Q in 2020 were \$788,100 comprised of audit fees of \$750,100 and \$38,000 for out-of-pocket expenses incurred in connection with auditing services. The aggregate fees billed by Deloitte & Touche LLP for the audit of our 2019 annual financial statements and the review of financial statements included in our quarterly reports on Form 10-Q in 2019 were \$727,500, comprised of audit fees of \$668,500 and \$59,000 for out-of-pocket expenses incurred in connection with auditing services.

### **Audit-Related Fees**

There were no audit-related fees billed by Deloitte & Touche LLP in 2020 or 2019.

### **Tax Fees**

There were no fees billed for tax services by Deloitte & Touche LLP 2020 or 2019.

### **All Other Fees**

There were no other fees billed by Deloitte & Touche LLP for 2020 or 2019.

The Audit Committee considered the non-audit services provided by Deloitte & Touche LLP and determined that the provision of such services was compatible with maintaining Deloitte & Touche LLP's independence. All services performed in connection with the fees reported under the headings Audit-Related Fees were pre-approved by the Audit Committee.

**OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE APPROVAL OF THE RATIFICATION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2021.**

## **STOCKHOLDER PROPOSALS**

A stockholder who intends to present a proposal for action at any annual meeting and who desires that such proposal be included in our proxy materials must submit the proposal to us in advance of the meeting. Proposals for our annual meeting to be held in 2022 must be received by us at our corporate offices, directed to the attention of the Corporate Secretary, no later than November 26, 2021. Under SEC rules relating to the discretionary voting of proxies at stockholder meetings, if a proponent of a matter for stockholder consideration (other than a stockholder proposal) fails to notify us at least 45 days prior to the month and day of the anniversary of mailing the prior year's proxy statement, then management proxies are allowed to use their discretionary voting authority if a proposal is raised at the annual meeting, without any discussion of the matter in the proxy statement. Therefore, any such matters must be received by us by February 9, 2022 in the case of our 2022 annual meeting of stockholders. We are not aware of any such proposals for our Annual Meeting. Our Bylaws also establish advance notice procedures as to (i) business to be brought before an annual meeting of stockholders other than by or at the direction of our Board; (ii) the nomination, other than by or at the direction of our Board, of candidates for election as directors; and (iii) the request to call a special meeting of stockholders. Under our Bylaws, written notice of stockholder proposals for our 2022 annual meeting which are not intended to be considered for inclusion in next year's annual meeting proxy materials (stockholder proposals submitted outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934) must be received by us at our principal office, directed to the attention of the Corporate Secretary, no later than January 28, 2022 and no earlier than December 29, 2021 and must contain the information specified in our Bylaws. Any stockholder who wishes to take such action should obtain a copy of our Bylaws and may do so by written request addressed to our Corporate Secretary at our principal executive offices.

## **COST OF PROXY SOLICITATION**

We will pay the cost of preparing, printing and mailing proxy materials as well as the cost of soliciting proxies on behalf of our Board. In addition to using the mail services, our officers and other regular employees, without additional remuneration, may solicit proxies in person and by telephone, e-mail or facsimile transmission. We will reimburse brokers, nominees and custodians who hold our common stock in their names and who solicit proxies from the beneficial owners for out-of-pocket and reasonable clerical expenses.

## **DELINQUENT SECTION 16(A) REPORTS**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers, and persons who own more than 10% of our common stock to file with the SEC and with the NYSE reports of ownership and changes in ownership of our common stock. Directors, executive officers and greater than 10% stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of such reports furnished to us or written representations that no other reports were required, we believe that, during 2020, our directors and named executive officers complied with all applicable Section 16(a) filing requirements, except that a late Form 4 was filed by Mr. McCormick on February 20, 2020 relating to a gift transaction that was not properly reported on a Form 5 due to an administrative error.

## **OTHER MATTERS**

Pursuant to the rules of the SEC, services that deliver our communications to our stockholders through a bank, broker or other holder of record may deliver to multiple stockholders sharing the same address a single copy of our annual report to stockholders and this proxy statement. Upon written or oral request, we will promptly deliver a separate copy of our annual report to stockholders and/or this proxy statement to any stockholder at a shared address to which a single copy of each document was delivered. Stockholders sharing an address may also request delivery of a single copy of our annual report and/or proxy statement if they are currently receiving multiple copies of such documents. Stockholders may notify us of their requests in writing and addressed to Investor Relations, Douglas Dynamics, Inc., 7777 N. 73rd Street, Milwaukee, WI 53223, or via telephone at (414) 354-2310.

## ANNUAL REPORT

We are mailing our Annual Report to Stockholders, including our audited financial statements for the year ended December 31, 2020, with this proxy statement, although the Annual Report is not a part of this proxy statement or a part of the proxy soliciting material.

By order of our Board of Directors,
