## **About Benzinga All Access**

Benzinga All Access is a first-of-its-kind show: part interview, part investor presentation. On All Access, Benzinga partners with companies to bring you in-depth one-on-one conversations with executives across a wide range of industries and asset classes. From emerging biotechs, to alternative real estate investment platforms, to everything in between, guests on All Access have one thing in common: they want to tell their story to investors.

## **About Tego Cyber Inc.**

Tego Cyber Inc. (OTCQB:TGCB, "the Company") was created to capitalize on the emerging cyber threat intelligence market. The Company has developed a cyber threat intelligence application that integrates with top end security platforms to gather, analyze, then proactively identify threats to an enterprise network. The Tego Guardian Threat Intelligence Platform takes in vetted and curated threat data and after utilizing a proprietary process, the platform compiles, analyzes, and then delivers that data to an enterprise network in a format that is timely, informative, and relevant. The threat data provides additional context including specific details needed to identify and counteract threats so that security teams can spend less time searching for disparate information. The first version of the application will integrate with the widely accepted Splunk SIEM to provide real-time threat intelligence to macro enterprises using the Splunk architecture. The Company plans on developing future versions of the Tego Guardian app for integration with other established SIEM systems and platforms including: Elastic, IBM QRadar, AT&T Cybersecurity, Exabeam, and Google Chronical. ## **Forward-Looking Statements**

The statements contained in this press release, those which are not purely historical or

which depend upon future events, may constitute forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Statements regarding the Company's expectations, hopes, beliefs, intentions or strategies regarding the future constitute forward-looking statements. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, and that actual results may differ materially from those projected in the forward-looking statements because of various factors. All forward-looking statements included in this press release are based on information available to the Company on the date hereof and the Company assumes no obligation to update any such forward-looking statement. Prospective investors should also consult the risks factors described from time to time in the Company's Reports on Forms 10-K, 10-Q and 8-K and Annual Reports to Shareholders.
