These statements are based on various assumptions, whether or not identified in this communication, and on the current expectations of management and are not predictions of actual performance. Factors that may cause such differences include, but are not limited to, the occurrence of any event, change, or other circumstances that could give rise to the termination of the Membership Interest Purchase Agreement (the “Agreement”); the outcome of any legal proceedings that

may be instituted against Lionheart or MSP or affiliated companies following the announcement of the proposed business combination; the inability to complete the proposed business combination on the expected time frame or at all, including due to failure to obtain approval of Lionheart's stockholders, certain regulatory approvals, or the satisfaction of other conditions to closing in the Agreement; the occurrence of any event, change, or other circumstance that could give rise to the termination of the Agreement or could otherwise cause the proposed business combination to fail to close; the inability to obtain or maintain the common stock listing on the Nasdaq Stock Market following the proposed business combination; a delay or failure to realize the expected benefits of the proposed business combination; the risk that the proposed business combination disrupts current plans and operations as a result of the announcement and consummation of the proposed business combination; the ability to recognize the anticipated benefits of the proposed business combination, which may be affected by, among other things: future economic, financial, lending, competitive and market conditions, including healthcare spending fluctuations; future costs of and returns on capital; leverage and lending costs and terms; operating costs and future business, investment, holding and sale decisions and costs; the risks associated with MSP's business, including, among others, MSP's ability to capitalize on its assignment agreements and recover monies that were paid by the assignors; litigation results; the validity of the assignments of claims to MSP; a determination that MSP's claims are not reasonable, related or necessary; the failure of MSP's clients to renew their agreements with MSP (or terminate those agreements early); MSP's claims being within applicable statutes of limitations; the inability to successfully expand the scope of MSP's claims or obtain new data and claims from MSP's existing assignor base or otherwise; the limited number of MSP's assignors and the associated concentration of MSP's current and future potential revenue; internal improvements to claims and retail billing processes by MSP's clients that reduce the need for and revenue generated by MSP's products and services; healthcare spending fluctuations; programmatic changes to the scope of benefits and limitations to payment integrity initiatives that reduce the need for MSP's services; delays in implementing MSP's services to its claims; system interruptions or failures; cyber-security breaches and other disruptions that could compromise MSP's data; MSP's failure to maintain or upgrade its operational platforms; MSP's failure to innovate and develop new solutions, or the failure of those solutions to be adopted by MSP's existing and potential assignors; MSP's failure to comply with applicable privacy, security and data laws, regulations and standards, including with respect to third party providers; changes in legislation related to healthcare programs and policies; changes in the healthcare market; negative publicity concerning healthcare data analytics and payment accuracy; competition; successfully protecting MSP's intellectual property rights; the risk that third parties may allege infringement of their intellectual property; changes in the healthcare regulatory environment and the failure to comply with applicable laws and regulations or the increased costs associated with any such compliance; failure to manage MSP's growth; the inability to attract and retain key personnel; MSP's reliance on its senior management team and key employees and the loss it could sustain if any of those employees separated from the business; the failure of vendors and providers to deliver or perform as expected, or the loss of such vendors or providers; MSP's geographic concentration; MSP's relatively limited operating history, which makes it difficult to evaluate its current or future business prospects; the impact of the ongoing COVID-19 pandemic; and the risk that MSP may not be able to develop and maintain effective internal controls. The foregoing list of factors is not exhaustive. If any of these risks materialize or MSP's assumptions prove incorrect, actual results may differ materially from the results implied by these forward-looking statements. There may be additional risks that we do not presently

know or currently believe are immaterial that could also cause actual results to differ from those contained in the forward-looking statements. The foregoing list of factors is not exclusive. Additional information concerning certain of these and other risk factors is contained in LCAP's most recent filings with the SEC and in the Registration Statement, including the preliminary proxy statement/prospectus (and, when available, the definitive proxy statement/prospectus), filed with the SEC in connection with the proposed business combination.
