

Professional Diversity Network, Inc. Announces Third Quarter 2017 Financial Results

CHICAGO, Nov. 13, 2017 (GLOBE NEWSWIRE) -- <u>Professional Diversity Network</u>, Inc. (NASDAQ:IPDN) ("PDN" or the "Company"), a global developer and operator of online and in-person networks that provides access to networking, training, educational and employment opportunities for diverse professionals, today announced financial results for its fiscal third quarter ended September 30, 2017.R

During the third quarter ended September 30, 2017, we continued to experience losses as we furthered our efforts to integrate new management and China operations, reduce costs and streamline our business. Total revenues in the third quarter decreased \$1,939,000, or 30.5% for the three months ended September 30, 2017, compared to the same prior year period.

Total costs and expenses were \$7,133,000 for the third quarter, compared to \$7,640,000 for same period in the prior year, a decrease of \$507,000 or 6.6%. The decrease is mainly attributable to a \$788,000 or 25.7% decrease in sales and marketing expense mostly due to reduction in sales force, a decrease of \$87,000 or 11.7% in cost of revenue, and a slight decrease of \$13,000 or 1.6% in depreciation and amortization. The decrease in expenses was partially offset by an increase of \$226,000 or 7.5% in general and administrative expense, and \$155,000 litigation settlement expenses in the third quarter of 2017, of which \$146,000 was accrued for the potential back pay related to what is expected to be non-recurring legal expenses.

For the three months ended September 30, 2017, we realized a net loss of approximately \$2,489,000, a \$1,216,000 increase from the comparable prior year period. This increase in net loss was primarily driven by a decrease of \$1,578,000 in NAPW segment revenues from membership fees, related services and product sales period-over-period (attributable to the restricting of NAPW and positioning for its global brand emergence as IAW in 2018), partially offset by a decrease of \$788,000 in overall sales and marketing expenses.

During the nine months ended September 30, 2017, we incurred a net loss of \$17,666,000, compared to net loss of \$3,519,000 for the nine months ended September 30, 2016, an increase of \$14,147,000. The increase in net loss was primarily attributable to a decrease of \$6,036,000 in NAPW segment revenues from membership fees, related services and product sales period-over-period, along with NAPW segment goodwill impairment charge of \$9,920,000, and an increase of \$2,395,000 in overall general and administrative expenses, partially offset by a decrease of \$2,199,000 in overall sales and marketing expenses.

As of September 30, 2017, we had \$2.8 million in cash.

Michael Wang, PDN Chief Executive Officer, stated, "In the third quarter of 2017, we began to sell memberships in China, launched a new Entrepreneurs Club, planned for our premiere event of 2017 in China and took meaningful actions to address the profitability of our US operations. I believe that our third quarter of 2017 was a productive period. Our expansion to China has now taken a firm footing and our initiatives have now been launched in the market. Because of this progress we are closer to achieving our goals of profitability and growth. We believe that the work that we have done since we took control of the company in November 2016 will be demonstrated in the fourth quarter of 2017 and in 2018, beginning with our event on December 2nd, in Beijing.

In China, year to date, the Company successfully launched its Education and Training segment, and held eleven paid events to-date. Those events have provided live marketing research, and the results have helped us to plan and seek to enhance future events. The Company also launched in China its Women's Networking segment, holding its first marketing event near the end of the second quarter. The Company continues to build the framework for its third new China business, Secondary Education Services. The model involves working on partnerships with educational institutions, the first of which we announced during the second quarter.

Specific restructuring and new business development for the quarter included:

- Commenced selling IAW memberships in China, ranging from RMB 20,000 to RMB 200,000 (Approximately \$3,000 to \$30,000 annual memberships). IAW China held first IAW VIP China event at the Women's Forum Global Meeting, in Paris France
- Commenced offering Global Elite Entrepreneurs Club memberships in China at annual memberships costs starting at RMB 19,800 to RMB 398,000 (Approximately \$2900 to \$58,000)
- Finalized plans and secured commitments to hold largest education and training event of the year on December 2nd, 2017 in Beijing China, "The International Capital Leadership Summit." Mr. Bruce Aust, Vice Chairman of the Nasdaq Exchange will be featured at the event where the company hopes to have as many as 5,000 participants

During 2018, the company anticipates soon investing in increasing women's networking membership sales and expanding from NAPW (National Association of Professional Women), a national organization to IAW (International Association of Women), an international women's networking organization. The company believes that in a global market place, the IAW organization can offer all the value of today's NAPW and add an international platform to enhance membership value."
