MACDERMID GRAPHICS SOLUTIONS' G7® EXPERTS

(Atlanta, GA USA) – MacDermid Graphics Solutions, a leader in the manufacturing and marketing of photopolymer printing plates and platemaking systems, is proud to recognize three employees for the completion of G7 training and certification. G7 is the industry-leading set of specifications for achieving gray balance and visual similarity across all print processes.

Marcelo Bastida, Technical Sales Representative; Martin Marks, Sr. Applications Specialist; and Alan Nielson, Applications Specialist have completed the G7 Certification program and are now G7 Experts. As G7 Experts, they are certified in the field of color management, process, and quality control for proofing and printing equipment. G7 Experts can analyze color and print related issues and provide solutions to achieve repeatable, predictable print results

MacDermid Graphics Solutions employs industry experts such as Mr. Bastida, Mr. Marks, and Mr. Nielson to elevate flexographic printing to the highest standard of quality.
