ExxonMobil Employee Giving Program Raises More Than \$1.6 Million for North Texas Charities

219 local nonprofit organizations benefit from employee campaign

IRVING, Texas--(BUSINESS WIRE)-- ExxonMobil and its employees and retirees in North Texas raised more than \$1.6 million for Dallas/Fort Worth-area charitable organizations during the inaugural Employees' Favorite Charities Campaign. Nonprofit organizations benefiting from the campaign offer a wide range of social and educational services to residents in Collin, Dallas, Denton and Tarrant Counties.

Employees and retirees contributed to 219 charities with more than half qualifying for a matching corporate contribution because of their focus on providing health and human services. As a result, 127 local non-profit organizations received contributions from Exxon Mobil Corporation in addition to the individual contributions made by employees and retirees.

"ExxonMobil has a long history of providing financial support to community groups and educational organizations in North Texas, and our employees and retirees volunteer thousands of hours of their time and talent annually to local causes," said Rex W. Tillerson, chairman and CEO, Exxon Mobil Corporation. "Our employees and retirees have continued a strong tradition of giving in the communities where we live and work."

The following organizations will receive contributions from the 2011 Employees' Favorite Charities Campaign in North Texas:
