Securityholder Approval

Further to the Company's news release dated September 14, 2020 (a copy of which is available under the Company's SEDAR profile at www.sedar.com):

- at the meeting of holders (the "Secured Noteholders") of the 13% senior secured convertible debentures (the "Secured Notes") issued by iAnthus Capital Management, LLC ("ICM"), the Company's wholly-owned US subsidiary, 100% of the votes cast by Secured Noteholders (representing all of the outstanding Secured Notes) were voted in favour of the Plan of Arrangement. Accordingly, the Secured Noteholders approved the Recapitalization Transaction by Plan of Arrangement;
- at the meeting of holders (the "Unsecured Debentureholders") of the 8% convertible unsecured debentures (the "Unsecured Debentures") issued by the Company, 100% of the votes cast by Unsecured Debentureholders (representing all of the outstanding Unsecured Debentures) were voted in favour of the Plan of Arrangement. Accordingly, the Unsecured Noteholders approved the Recapitalization Transaction by Plan of Arrangement; and
- at the meeting (the "Equityholders' Meeting") of holders of the Company's common shares (the "Common Shares"), options (the "Options") and warrants (the "Warrants") (collectively, the "Equityholders"), 79.0% of the votes cast by Equityholders, present in person or by proxy at the Equityholders' Meeting, voting together as a single class, were voted in favour of the Plan of Arrangement. In addition, 66.3% of the votes cast by holders of Common Shares, present virtually or by proxy at the Equityholders' Meeting, excluding votes of Common Shares beneficially owned or over which control or direction is exercised by Related Shareholders (as defined below), were voted in favour of the Plan of Arrangement, which significantly exceeds the minority approval requirements (50% + 1) of Multilateral Instrument 61-101 *Protection of Minority Security Holders in Special Transactions* ("MI 61-101") of the Canadian Securities Administrators. When Related Shareholders are included, a total of 68.3% of the votes cast by holders of Common Shares, present virtually or by proxy at the Equityholders' Meeting, were voted in favour of the Plan of Arrangement. Accordingly, the Equityholders approved the Recapitalization Transaction by Plan of Arrangement.

For further details on the voting results for the above meetings, see the report of voting results posted to the Company's SEDAR profile (available at www.sedar.com) on September 15, 2020.

The term "Related Shareholders" means, in respect of the Company, "interested parties", "related parties" of any interested parties (unless the related party meets that description solely in its capacity as a director or senior officer of one or more persons that are neither interested parties nor issuer insiders of the Company) and "joint actors" of the foregoing (as such terms are defined in MI 61-101). To the knowledge of the Company after reasonable inquiry, the only Related Shareholders who beneficially owned or exercised control or direction over Common Shares at the time of the Equityholders' Meeting were funds affiliated with Gotham Green Partners, LLC.

Implementation

Certain of the transactions contemplated by the Recapitalization Transaction may trigger a review and approval requirement by state-level regulators in certain U.S. states with jurisdiction over the licensed cannabis operations of entities owned in whole or in part or controlled directly or indirectly by iAnthus, including potentially: Arizona, Florida, Maryland, Massachusetts, Nevada, New Jersey, New York, and Vermont. Where required, iAnthus intends to promptly commence the review and approval process and to expedite the process to the greatest extent possible.

COVID-19 Risk Factor

The Company may be impacted by business interruptions resulting from pandemics and public health emergencies, including those related to COVID-19. An outbreak of infectious disease, a pandemic, or a similar public health threat, such as the recent outbreak of COVID-19, or a fear of any of the foregoing could adversely impact the Company by causing operating, manufacturing, supply chain, and project development delays and disruptions, labor shortages, travel, and shipping disruption and shutdowns (including as a result of government regulation and prevention measures). It is unknown whether and how the Company may be affected if such a pandemic persists for an extended period of time, including as a result of the waiver of regulatory requirements or the implementation of emergency regulations to which the Company is subject. Although the Company has been deemed essential and/or has been permitted to continue operating its facilities in the states in which it cultivates, processes, manufactures, and sells cannabis during the pendency of the COVID-19 pandemic, there is no assurance that the Company's operations will continue to be deemed essential and/or will continue to be permitted to operate. The Company may incur expenses or delays relating to such events outside of its control, which could have a material adverse impact on its business, operating results, financial condition, and the trading price of the Common Shares.
