Sidus Space LizzieSat™ Mission Successfully Launches from Vandenberg Space Force Base

CAPE CANAVERAL, Fla.--(BUSINESS WIRE)-- Sidus Space (NASDAQ: SIDU) (the "Company" or "Sidus"), a multi-faceted Space and Data-as-a-Service satellite company announced its LizzieSat[™] satellite has successfully launched and deployed to low Earth orbit as part of SpaceX's Transporter-10 Rideshare mission. Liftoff occurred at 2:05 p.m. PDT from Space Launch Complex 4 East at Vandenberg Space Force Base in California.

The successful deployment of LizzieSat[™] signifies a monumental achievement for Sidus Space, marking its entrance into the next era of space technology and data services. To rewatch the live mission webcast, visit <u>spacex.com</u> or <u>sidusspace.com</u>.

"We are thrilled to announce the successful launch of our first LizzieSat[™] satellite," said Carol Craig, CEO at Sidus Space. "This accomplishment is a testament to the dedication, expertise, and collaboration of our team. LizzieSat[™] epitomizes our commitment to pushing the boundaries of space technology and advancing our mission of Bringing Space Down to Earth[™]."

LizzieSat[™] is positioned to revolutionize space-based data collection and analysis with its innovative Space Platform with a Purpose[™] and FeatherEdge AI integration. This mission aims to broaden its customer base across military and commercial sectors, offering tailored intelligence solutions for industries such as defense, agriculture, maritime, and oil and gas.

As the LizzieSat[™] mission progresses, Sidus Space remains steadfast in its commitment to delivering cutting-edge solutions and pushing the frontiers of space technology and data collection. The company looks forward to upcoming missions, with LizzieSat-2 and LizzieSat-3 expected to launch on future SpaceX Rideshare missions.

About Sidus Space

Sidus Space (NASDAQ: SIDU) is a multi-faceted Space and Data-as-a-Service satellite company focused on mission-critical hardware manufacturing; multi-disciplinary engineering services; satellite design, production, launch planning, mission operations; and in-orbit support. The Company is in Cape Canaveral, Florida, where it operates from a 35,000-square-foot manufacturing, assembly, integration, and testing facility focused on vertically integrated Space-as-a-Service solutions including end-to-end satellite support.

Sidus Space has a mission of Bringing Space Down to Earth[™] and a vision of enabling space flight heritage status for new technologies while delivering data and predictive analytics to domestic and global customers. More than just a "Satellite-as-a-Service"

provider, Sidus Space's products and services are offered through its four business units: Space and Defense Hardware Manufacturing, Satellite Manufacturing and Payload Integration, Space-Based Data Solutions, and AI/ML Products and Services to support customers from concept to Low Earth Orbit and beyond. Sidus Space is ISO 9001:2015, AS9100 Rev. D certified, and ITAR registered.

Forward-Looking Statements

Statements in this press release about future expectations, plans and prospects, as well as any other statements regarding matters that are not historical facts, may constitute 'forwardlooking statements' within the meaning of The Private Securities Litigation Reform Act of 1995. These statements include, but are not limited to, statements relating to the expected trading commencement and closing dates. The words 'anticipate,' 'believe,' 'continue,' 'could,' 'estimate,' 'expect,' 'intend,' 'may,' 'plan,' 'potential,' 'predict,' 'project,' 'should,' 'target,' 'will,' 'would' and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: the uncertainties related to market conditions and other factors described more fully in the section entitled 'Risk Factors' in Sidus Space's Annual Report on Form 10-K for the year ended December 31, 2022, and other periodic reports filed with the Securities and Exchange Commission. Any forwardlooking statements contained in this press release speak only as of the date hereof, and Sidus Space, Inc. specifically disclaims any obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.
