Ingram Micro Appoints New Director of Advanced Solutions for the Latin America region

Ingram Micro Helps Businesses Realize the Promise of Technologytm

MIAMI, Oct. 8, 2014 /PRNewswire/ -- Ingram Micro Inc. (NYSE: IM) today announced Daniel Valverde as the new director for the advanced solutions business, including data-center enablement, virtualization, security and related emerging technology and services in the Latin America region. In this key new role, Valverde will focus on further accelerating revenue growth, while continuing development of Ingram Micro's Latin America regional strategy for its advanced solutions business portfolio.

"We are delighted to welcome Daniel to our technology solutions team," said Mike Zilis, Ingram Micro president Latin America technology solutions. "His addition is a clear and pronounced sign that Ingram Micro is committed to being a leader in the advanced solutions market."

Valverde comes to Ingram Micro with a rich commercial and business background as an experienced business leader with a specialization in international business. He has more than 20 years of experience in the technology sector in Latin America and the Caribbean, with expertise in business development, marketing and management across multiple hardware and software offerings, including advanced solutions such as unified communication, data center enablement, network convergence, storage and virtualization.
