## **Aeluma, Inc. to Present at The LD Micro Main Event Investor Conference on October 25 at 10:00 AM PT/1:00 PM ET**

**GOLETA, CA / ACCESSWIRE / October 24, 2022** /Aeluma, Inc. (OTCQB:ALMU), a semiconductor company specializing in scalable, cost-effective sensor technologies for advanced LiDAR solutions, announced today that its CEO and founder, Jonathan Klamkin, PhD, will present at the LD Micro Main Event investor conference on Tuesday, October 25<sup>th</sup> at 10:00 am PT/1:00 pm ET. The event will be held in-person at the Luxe Sunset Bel-Air in Los Angeles, CA.

### **LD Micro Main Event - Aeluma, Inc. Investor Presentation**

Date: Tuesday, October 25, 2022

Time: 10:00 am Pacific time, 1:00 pm Eastern time

Webcast: <https://me22.sequireevents.com/>

A live webcast and archive of the event presentation will be available using the link to the conference website above. To schedule a meeting with Dr. Klamkin, please contact a LD Micro conference representative or email your request to [bprag@delmarconsulting.com](mailto:bprag@delmarconsulting.com).

With its proprietary technology that combines high performance compound semiconductor nanomaterials with mass market silicon manufacturing, Aeluma is developing optoelectronic devices for sensors and communications applications. A primary Company focus is infrared sensors for the automotive, industrial, and transportation sectors.

### **About Aeluma, Inc.**

Aeluma ([www.aeluma.com](http://www.aeluma.com)) develops novel optoelectronic devices for sensing and communications applications. Aeluma has pioneered a technique to manufacture devices using high performance compound semiconductor materials on large diameter silicon wafers that are commonly used for mass market microelectronics. The technology has the potential to enhance performance and provide a path to cost-effective, large-scale manufacturing, both of which are critical for future LiDAR and other sensor applications. Aeluma is developing a streamlined business model from its headquarters in Goleta, CA that has a state-of-the-art manufacturing cleanroom.

### **Forward-Looking Statements**

All statements in this press release that are not historical are forward-looking statements, including, among other things, statements relating to the Company's expectations regarding its market position and market opportunity, expectations and plans as to its product development, manufacturing and sales, and relations with its partners and investors. These

statements are not historical facts but rather are based on the Company's current expectations, estimates, and projections regarding its business, operations and other similar or related factors. Words such as "may," "will," "could," "would," "should," "anticipate," "predict," "potential," "continue," "expect," "intend," "plan," "project," "believe," "estimate," and other similar or related expressions are used to identify these forward-looking statements, although not all forward-looking statements contain these words. You should not place undue reliance on forward-looking statements because they involve known and unknown risks, uncertainties, and assumptions that are difficult or impossible to predict and, in some cases, beyond the Company's control. Actual results may differ materially from those in the forward-looking statements as a result of a number of factors, including those described in the Company's filings with the Securities and Exchange Commission. The Company undertakes no obligation to revise or update information in this release to reflect events or circumstances in the future, even if new information becomes available.
