William W. Sherertz, President and Chief Executive Officer, commented that: "We are relatively pleased with the improved results for the 2003 first quarter and encouraged by our growth prospects for the balance of the year. With the anticipated completion of a real estate sale-leaseback transaction in the second quarter, we expect to substantially reduce our bank debt during the current quarter, which will position the Company very well for the future." The Company changed its reporting of PEO revenues from a gross basis to a net basis in 2002 because it was determined that the Company was not the primary obligor for the services provided by employees pursuant to its PEO contracts. The gross revenue information below is presented for comparison purposes only.
