BBSI Announces Third Quarter 2008 Operating Results, Financial Guidance for 4Q08, Increase to Share Repurchase Program, Declaration of Quarterly Cash Dividend and Conference Call

VANCOUVER, Wash., Oct. 28, 2008 (GLOBE NEWSWIRE) -- Barrett Business Services, Inc. (Nasdaq:BBSI) reported today net income of \$650,000 for the third quarter ended September 30, 2008, a decline of \$5.6 million or 89.7% from net income of \$6.3 million for the third quarter of 2007. Diluted earnings per share for the 2008 third quarter were \$.06, as compared to diluted earnings per share of \$.54 for the same quarter a year ago.

As previously reported, the Company recorded a non-cash, marked-to-market impairment charge of approximately \$3.5 million, or \$.32 per diluted share, in the third quarter of 2008 relating to its investment in four closed-end bond funds. The Company recorded no income tax benefit on this impairment charge given the uncertainty of the Company's ability to generate future taxable investment gains required to utilize these investment losses.

Net revenues for the third quarter ended September 30, 2008 totaled \$77.5 million, a decrease of approximately \$5.4 million or 6.6% from the \$82.9 million for the same quarter in 2007.

The Company reports its Professional Employer Organization services ("PEO") revenues on a net basis because it is not the primary obligor for the services provided by the Company's PEO clients to their customers. The gross revenues and cost of revenues information below, although not in accordance with generally accepted accounting principles ("GAAP"), is presented for comparison purposes and because management believes such information is more informative as to the level of the Company's business activity and more useful in managing its operations.
