

MIDDLETOWN WORKS

About Middletown Works: 2020 Data

Middletown Works is located in Southwest Ohio, midway between Cincinnati and Dayton. The facility is an integrated steel operation with carbon steel melting, casting, hot- and cold-rolling and finishing operations. Middletown Works' hot strip mill is equipped with pair-cross rolling technology for improved shape and crown control.

Facility Facts

Plant Leadership	Dale Rupp
Union Leadership	Neil Douglas
Employees	2,340
Acreage	2,791
Capacity	3 million net tons of raw steel annually
Products	Hot-rolled and cold-rolled carbon steels, enameling steels, electrogalvanized ZINCGRIP ELECTROSMOOTH® steels, hot-dip galvanized ZINCGRIP® products, aluminized carbon and stainless steels
Markets Served	Automotive, appliance, heating, ventilation, air conditioning, culvert and distribution
Principal Production Facilities	Coke ovens, blast furnace, basic oxygen furnaces, composition adjustment by sealed argon bubbling – oxygen blowing (CAS – O.B.) unit process, RH vacuum degasser, dual-strand slab caster, hot strip mill, pickling lines, five-stand cold mill, electro-galvanizing line, hot-dip carbon and stainless aluminizing line, hot-dip galvanizing line, box annealing furnaces, temper mills and open coil annealing
Certifications	IATF 16949:2016 Certificate, ISO 9001:2015 Certificate, ISO 14001:2015 Certificate, and Ford Q1 Quality Certificate. Recipient of “GM’s Supplier of the Year Award,” “Ford’s Gold World Excellence Award” and Toyota’s “Superior Quality and Delivery Award”.

About Cleveland-Cliffs

Cleveland-Cliffs is the largest flat-rolled steel producer in North America. Founded in 1847 as a mine operator, Cleveland-Cliffs also is the largest manufacturer of iron ore pellets in North America. The Company is vertically integrated from mined raw materials and direct reduced iron to primary steelmaking and downstream finishing, stamping, tooling and tubing. The Company serves a diverse range of markets due to its comprehensive offering of flat-rolled steel products and is the largest steel supplier to the automotive industry in North America. Headquartered in Cleveland, Ohio, Cleveland-Cliffs employs approximately 25,000 people across its mining, steel and downstream manufacturing operations in the United States and Canada. For more information, visit www.clevelandcliffs.com.
