About LD Micro

LD Micro was founded in 2006 with the sole purpose of being an independent resource in the micro-cap space. What started out as a newsletter highlighting unique companies transformed into several virtual and in-person events hosted annually and positioned LD Micro as a leader in small- and micro-cap conferences. With the recent SRAX acquisition, LD gained access to the largest active base of micro-cap investors in the world at over five million and counting. About BasaFlex™: BasaFlex™ is an enhanced, engineered Basalt fiber reinforced polymer (BFRP) rebar, engineered to add intrinsic value in a concrete structure by eliminating

corrosion problems associated with steel reinforcement - saving both time and money over the structure's lifecycle. In addition, to being corrosion proof, **BasaFlex™** is much stronger in tensile strength, resistant to acids and alkali, non-conductive, and a fraction of the weight of steel for the same strength. It is so light, in fact, a single truck can carry roughly four times the quantity of material compared to steel - significantly reducing transportation cost.

About Basanite

Basanite Industries, LLC ([OTCQB:BASA](https://www.otcqb.com/quote/BASA)), is a leading manufacturer and market developer of environmentally friendly, high-performance composite products used in concrete reinforcement. Superior to traditional steel elements, Basanite's sustainable products are non-corrosive, lighter, stronger and longer lasting. For more information, please visit www.BasaniteIndustries.com.
