The Company expects to announce the pricing of the tender offers, the amount of each series of Securities accepted for purchase, if any, and the proration rates for the applicable series of Securities on June 4, 2019. In addition, the Company may announce an increase of any of the Tender SubCaps and/or the Aggregate Tender Cap at such time.

The applicable consideration (the "Total Consideration") offered per \$1,000 principal amount of each series of Securities validly tendered and accepted for purchase pursuant to the applicable tender offer will be determined in the manner described in the Offer to Purchase by reference to the applicable fixed spread for such Securities specified in the tables above plus the applicable yield based on the bid-side price of the applicable U.S. Treasury Reference Security specified in the tables above at 9:00 a.m., New York City time, on June 4, 2019. The "Late Tender Offer Consideration" is equal to the Total Consideration minus the Early Tender Payment specified in the tables above.

Only holders of Securities who validly tendered and did not validly withdraw their Securities at or prior to the Early Tender Date are eligible to receive the Total Consideration for Securities accepted for purchase. Holders of Securities who validly tender their Securities after the Early Tender Date but prior to or at the expiration date will be eligible to receive the Late Tender Offer Consideration. Holders will also receive accrued and unpaid interest on Securities validly tendered and accepted for purchase from the last interest payment date up to, but not including, the date the Company makes payment for such Securities.

The Company has satisfied the financing condition to the tender offers and expects to make payment for the Securities that were validly tendered prior to or at the Early Tender Date and that are accepted for purchase on June 5, 2019.

Since the tender offers for the Securities are fully subscribed as of the Early Tender Date, unless the Company increases one or more Tender SubCaps and/or the Aggregate Tender Cap prior to the expiration date, no Securities tendered after the Early Tender Date will be accepted pursuant to the tender offers. The Company may increase any of the Tender SubCaps or the Aggregate Tender Cap at any time, subject to applicable law and currently expects that any such increase will be announced after pricing of the tender offers.
