Join Sonim at the National Sheriff's Association Annual (NSA) Conference and Exhibition

SAN MATEO, Calif., June 19, 2017 /PRNewswire/ -- Sonim Technologies, the global leader in mission critical LTE-based handsets for public safety, is attending NSA 2017 in Reno, Nev., June 23-28.

Over the past several years, Sonim collaborated with the public safety sector to develop a robust communications solution. Sonim combines public safety-grade LTE mobile handsets and ultra-rugged accessories with customized applications and services to increase first responder effectiveness and safety at a fraction of what agencies spend today for communications capabilities.

"With the FirstNet initiative well underway, we're excited to be a part of the latest communication developments that are becoming available to public safety for the first time," said Anthony Martwick, Senior Vice President, Strategy/Public Safety, Sonim Technologies. "Connect with our public safety strategy team at NSA2017; if you're in search of a FirstNet-ready ultra-rugged communication solution to help make first responders faster, smarter and safer."
