Graphic Packaging Holding Company

The business of Graphic Packaging Holding Company (together with its subsidiaries, the “Company”) is conducted by its employees and officers under the direction of the President and Chief Executive Officer (the “CEO”) and other members of senior management. The Board of Directors (the “Board”) acts as fiduciary for all stockholders and oversees management for the long-term interests of the stockholders.

The Board is responsible for:

- A. Selecting, evaluating and approving the compensation of the CEO, as well as providing counsel and oversight on the selection, evaluation, development and compensation of senior management.
- B. Reviewing, approving and monitoring business strategies and financial performance.
- C. Ensuring processes are in place for maintaining the integrity of the Company in financial reporting and legal and ethical compliance matters, and in relationships with customers, suppliers, employees, the community and stockholders.

Board of Directors' Corporate Governance Guidelines

1. Categorization and Definition of Directors

The principal categories of directors on the Company’s Board are as follows:

A "Management Director" includes present employees of the Company who serve on the Board.

An "Independent Director" is an individual who qualifies as "independent" in accordance with the applicable provisions of the Securities Exchange Act of 1934, and the rules promulgated thereunder, and the applicable rules of the New York Stock Exchange. No Director will qualify as "independent" unless the Board has affirmatively determined that such Director does not have a material relationship with the Company.

The Board may also appoint Directors Emeritus. Directors Emeritus are invited to Board meetings, but do not vote on issues presented to the Board.

2. **Size of the Board**

The size of the Board shall be determined from time to time in accordance with the Company's Certificate of Incorporation and Amended and Restated By-laws.

3. **Board Membership Criteria**

The Nominating and Corporate Governance Committee of the Board is responsible for identifying and recommending individuals to the Board for nomination as members of the Board and its committees. To fulfill this responsibility, the Nominating and Corporate Governance Committee shall periodically review with the Board the current skills, background and expertise of the members of the Board, as well as future and ongoing needs of the Company. This assessment shall be used to establish criteria for evaluation of potential candidates for the Board. However, as a general matter, the Nominating and Corporate Governance Committee seeks individuals who demonstrate:

- the highest personal and professional integrity,
- commitment to driving the success of the Company;
- an ability to provide informed and thoughtful counsel on a range of issues; and
- exceptional ability and judgment.

As part of this process, the Nominating and Corporate Governance Committee strives to select nominees with relevant business experience, the personal characteristics described above and a wide variety of skills and view points. The Nominating and Corporate Governance Committee also recognizes the importance of selecting directors from a range of backgrounds and professions to provide the Board a wealth of experiences and perspectives to inform its decisions and enhance its cognitive diversity. Consistent with this philosophy, the Nominating and Corporate Governance Committee evaluates the ability of a potential director to contribute to the Board by leveraging a broad range of experiences, including the potential director's ethnic, gender, generational and racial diversity. The Nominating and Corporate Governance Committee uses the same criteria for evaluating stockholder-recommended nominees as it does for identifying and recommending Board candidates.

Directors are expected to advise the Chairman of the Board and the Chairperson of the Nominating and Corporate Governance Committee promptly upon accepting any other public company directorship or any assignment to the Audit Committee or Compensation and Benefits Committee of the board of directors of any public company of which such Director is a member. Directors who assume a significant role in a not-for-profit entity or private company should also notify the Chairman of the Board and the Chairperson of the Nominating and Governance Committee.

The Board will consider on a case by case basis the number of boards of directors of public companies on which a Director may serve while serving as a Director of the Company. Notwithstanding the foregoing, a Director should not

serve on the boards of more than four public companies, subject to the more stringent criteria set forth in the Audit Committee Charter for members of the Audit Committee.

The Board will also consider on a case by case basis the number of boards of directors on which any Executive Officer may serve while serving as an officer of the Company. Notwithstanding the foregoing, the CEO should not serve on the boards of more than two public companies, including the Company's Board of Directors. In addition, the CEO must seek approval of the Board to serve on the board of a private company.

4. Selection of New Director Candidates

The Board is responsible for selecting nominees for election as Directors by the Company's stockholders and for filling vacancies on the Board. Nominees for election as Directors will be identified and recommended by the Nominating and Corporate Governance Committee and nominated or appointed by the full Board. An invitation to join the Board will be extended jointly by the Chairman and the Chairperson of the Nominating and Corporate Governance Committee.

In addition, the Nominating and Corporate Governance Committee will consider nominees for election as Director that are recommended by the Company's stockholders. To be considered by the Nominating and Corporate Governance Committee, stockholder recommendations must be submitted in accordance with the procedures set forth in the Company's Amended and Restated Bylaws for stockholder nominations and all applicable federal and state laws.

Once the Company receives a recommendation from a stockholder, the Company will deliver to the candidate a questionnaire, which requests additional information about the candidate's independence, qualifications and other information that would assist the Nominating and Corporate Governance Committee in evaluating the candidate, as well as certain information that must be disclosed about the candidate in the Company's proxy statement, if nominated. Candidates must complete and return the questionnaire within the time frame provided to be considered for nomination by the Nominating and Corporate Governance Committee.

5. Director Evaluation

The Nominating and Corporate Governance Committee, in consultation with the Chairman and CEO, reviews each Director's continuation on the Board every three years prior to his or her re-nomination to serve on the Board. This process allows each Director the opportunity to confirm his or her desire to continue as a member of the Board and provides for an evaluation by the Nominating and Corporate Governance Committee of whether or not the Director, based upon his or her skills, background, expertise, and contribution to the Board, is in keeping with the Company's present and future needs. After evaluation of a Director, the Chairperson of the Nominating and Corporate Governance Committee and the Chairman of the Board inform each Director under consideration of the Committee's decision. The Nominating and Corporate Governance Committee recommends to the Board for approval the slate of Director nominees to be submitted to

stockholders for election at the annual meeting.

6. Directors Who Change Job Responsibility

Individual Directors who have a substantial change in the employment, position or responsibility they held when they were elected to the Board should volunteer to resign from the Board, at which time the Nominating and Corporate Governance Committee will review the continued qualifications of a Board member under these changed circumstances and will recommend to the Board whether or not to accept the resignation.

7. Director Resignation Policy

Any nominee for Director who receives a greater number of votes “withheld” than “for” votes (a “Majority Withhold Vote”) in an uncontested election is expected to tender to the Board his or her resignation as a Director promptly following certification of the election results. The Nominating and Corporate Governance Committee will consider any resignation tendered under this policy and recommend to the Board whether to accept or reject it and the Board will act on such resignation within 90 days following the certification of election results. The Nominating and Corporate Governance Committee in making its recommendation, and the Board in making its decision, may consider any information it deems appropriate in that evaluation. The Board will promptly disclose its decision to accept or reject such a resignation and, if rejected, its reasons for doing so.

A Director who tenders his or her resignation under this policy shall not vote on the Nominating and Corporate Governance Committee’s recommendation to the Board regarding such resignation or the Board’s vote to accept or reject such resignation. If a Director’s resignation is rejected by the Board, the Director will continue to serve for the remainder of the term to which he or she received the Majority Withhold Vote. If a Director’s resignation is accepted by the Board, the Board in its sole discretion may fill the resulting vacancy or decrease the number of directors comprising the Board, consistent with the Company’s Amended and Restated Bylaws.

8. Board Membership of Former Members of Management

A Management Director is expected to resign from the Board when he or she ceases to be a member of Management.

9. Term Limits and Retirement Age

The Board has no established term limits. The process of evaluating Board members before re-nomination negates the need for term limits.

A retirement age of 72 is set for all Board members. Unless a waiver is granted by the Board, a Director reaching age 72 during a duly elected term will retire effective immediately prior to the Annual Meeting of stockholders next following such Director’s 72nd birthday.

10. **Director Responsibilities**

Each Director shall act in good faith and exercise his or her duty of care in a manner that he or she believes to be in the best interest of the Company and its stockholders. The Board of Directors shall meet not less than four times per year. Directors should regularly attend meetings of the Board and of all Board committees upon which they serve. To prepare for meetings, Directors are expected to review the materials that are sent to Directors in advance of those meetings.

11. **Chairman of the Board; Lead Director**

The Chairman may be an Independent Director, non-Independent Director or member of management and must be elected by the Board. The Chairman and the CEO position may be filled by the same individual. When the Chairman is the CEO, the Independent Directors on the Board shall elect one director whom the Board has determined is “independent” under New York Stock Exchange listing standards to serve as the Lead Director. The Nominating and Corporate Governance Committee shall periodically assess the Board’s leadership structure and recommend to the Board whether it is in the best interests of the Company and its stockholders to combine or separate the roles of the Chairman of the Board and the CEO.

The Chairman shall be responsible for:

- (a) presiding at all Board meetings and the Annual Meeting of Stockholders;
- (b) establishing Board meeting agendas in consultation with the CEO (if separate), the chairs of the Board committees and the Secretary of the Company and the Board committees;
- (c) acting as a liaison between the non-employee directors and the Company’s management;
- (d) leading the annual performance review process of the CEO in conjunction with the Chair of the Compensation and Benefits Committee;
- (e) facilitating communication among non-employee directors;
- (f) maintaining frequent contact with the CEO; and,
- (g) performing such other duties assigned by the Board or requested by the CEO.

The Lead Director shall be responsible for:

- (a) assisting the Chairman in providing Board leadership;
- (b) assisting in recruiting of Board candidates;
- (c) chairing the Nominating and Corporate Governance Committee
- (d) serving as Chairman in the event of an unforeseen vacancy in the Board’s discretion;

- (e) acting as a sounding board for the Chairman with respect to strategies, accountability and other issues;
- (f) presiding at all executive sessions of the non-employee directors of the Board, as described in Section 12 of these Guidelines; and,
- (g) performing such other duties assigned by the Board.

12. Conflicts of Interest

In order to prevent potential conflicts of interest, non-Management Directors are discouraged from advocating on behalf of job seekers, vendors, developers, political candidates, charitable organizations, or the like. Exceptions to this policy should be vetted through the Chairperson of the Nominating and Corporate Governance Committee of the Board or the Secretary of the Company.

Directors must disclose to other Directors any potential conflicts of interest they may have with respect to any matter under discussion and, if appropriate, refrain from voting on a matter in which they may have a conflict.

13. Executive Sessions

The Board schedules regular Executive Sessions at which non-Management Directors (i.e., Directors who are not Company officers) meet without management participation. The Chairman (if a non-Management Director) or the Chairperson of the Nominating and Corporate Governance Committee of the Board shall preside at each Executive Session and, in his or her absence, the non-Management Directors shall select a non-Management Director to preside. No formal action of the Board will be taken in Executive Sessions.

14. Board Compensation

Graphic's policy is to compensate non-Management Directors competitively with directors of comparable companies. Management Directors receive no additional compensation for Board service.

The Nominating and Corporate Governance Committee of the Board reviews and recommends to the full Board the form and amount of Director compensation, including cash, equity-based awards and other Director compensation.

Members of the Audit Committee of the Board, including the Company's "audit committee financial expert(s)", shall receive no compensation from the Company other than Directors' compensation.

15. Stock Ownership Guidelines

Director share ownership is a hallmark of enlightened and aligned corporate governance practices. Within a five-year period after joining the Board, non-Management Directors should acquire and hold shares of the Company's Common Stock having a value that approximates five times the annual retainer. The Board believes that share ownership by executive management of the Company is essential for full alignment with stockholder interests. Within a five-year period after being elected CEO, the CEO should acquire and hold shares of the Company's Common Stock having a value that approximates six times his or her base

salary. Within a five year period after being elected to the Chief Operating Officer (“COO”) or an Executive Vice President (“EVP”) position, that officer should acquire and hold Company Stock having a value that approximates three times his or her base salary. Within a five year period after the later of (i) being elected to a Senior Vice President (“SVP”) position or (ii) July 23, 2025, an SVP should acquire and hold Company Stock having a value that approximates one times his or her base salary.

All individuals subject to these stock ownership guidelines are required to hold a minimum of 50% of the net after-tax shares they receive as a payout of Restricted Stock Units or other equity securities received as compensation until the minimum requirement is met, subject to a showing of hardship which requires a larger sale.

16. Board Access to Independent Advisors

The Board and its Committees, to the extent set forth in the applicable committee charters and as required by applicable law, have the right to consult and retain independent legal and other advisors at the expense of the Company.

17. Board Interaction with Senior Management

Board members have complete access to senior management of the Company and are encouraged to make regular contact.

The Board will comport itself in a manner that reflects clear understanding of the difference between its role and that of the CEO, i.e., the Board will monitor, in an environment of loyal but independent oversight, the business and affairs of the Company and management will be responsible for operating the Company on a day-to-day basis.

Proactive communication among the Board, its Committees, individual Directors and management that establishes an on-going and productive dialogue and allows an opportunity for timely input from all concerned is highly desirable in carrying out their respective responsibilities. In that regard, it is incumbent upon management to bring issues of importance to the Board sufficiently early to allow for meaningful input from the Directors. If in order to do so, a special meeting of the Board is required, management will not hesitate to call one.

18. Board Interaction with Institutional Investors, Media, Customers, etc.

The CEO and his designees speak for the Company and all members of the Board and management shall at all times comply with the Company’s disclosure policy.

19. Board Committees

The Board maintains an Audit Committee, a Nominating and Corporate Governance Committee, and a Compensation and Management Development Committee that operate in accordance with applicable law, their respective charters

as adopted and amended from time to time by the Board, and the applicable rules of the Securities and Exchange Commission and the New York Stock Exchange. Only Independent Directors shall serve on the Committees of the Board.

Meetings of the three standing Committees are open to all members of the Board, subject to the right of the members of each committee to meet in executive session. The Secretary will inform all of the Board members in a timely manner when Committee meetings are to be held and the issues that are to be discussed. Due to the inherent difficulty in finding a time when all Committee members are available, particularly for those meetings to be held between regularly scheduled Board meetings, no attempt will be made to ensure that Committee meetings are scheduled at a time that is also convenient for those Directors who are not members of the Committee. However, should an individual Director have interest in a particular issue coming before one of the Committees, he should let the Committee Chairman know and an effort to accommodate his schedule will be made.

Ad hoc committees, the appointment of which requires Board approval, are limited to matters that because of their urgency, materiality or special expertise suggest that the creation of such a Committee would prove useful in addressing them. Notwithstanding the foregoing, management is strongly encouraged to take full advantage of the extensive experience, knowledge and special expertise that its various Board members have to offer.

The Audit Committee is responsible for, among other things:

- overseeing and ensuring compliance with the Company's accounting and financial reporting principles and policies and internal control over financial reporting;
- monitoring the integrity of the Company's financial statements;
- selecting, evaluating and, when deemed appropriate, replacing the independent registered public accounting firm;
- evaluating the independence of the independent registered public accounting firm; and
- approving or ratifying all transactions with related parties required to be approved or ratified pursuant to the Company's Policy Regarding Related Party Transactions.

The Compensation and Management Development Committee oversees the compensation and benefits of the Company's management and employees and is responsible for, among other things:

- reviewing and making recommendations to the full Board as to the compensation arrangements of the CEO;
- reviewing and approving the compensation arrangements of the executive officers (as designated by the Board) of the Corporation;
- approving all awards of stock, restricted stock units or options and recommending any such grant to the CEO to the non-Management Directors for final approval;

- administering the Company's short-term and long-term incentive plans;
- directing the process for succession planning for the Executive Officers other than the CEO and facilitating the Board's review of CEO performance and succession; and
- reviewing the Company's integrated talent management and diversity, equity and inclusion processes and programs.

The Nominating and Corporate Governance Committee is responsible for, among other things:

- identifying qualified individuals for nomination to the Board;
- assessing board leadership structure;
- reviewing the form and amount of Director compensation;
- developing and maintaining these Guidelines; and
- reviewing the Company's policies and practices for consistency with its responsibility towards sustainability.

The Board may also assign any such Committees such further responsibilities as may be required under applicable state law, the rules and regulations promulgated by the Securities and Exchange Commission and New York Stock Exchange requirements.

The Board may also establish such other committees as it deems appropriate and delegate to such committees such authority permitted by applicable law and the Company's Amended and Restated Bylaws as the Board sees fit.

20. Assignment and Rotation of Committee Members

The Nominating and Corporate Governance Committee, in consultation with the Chairman will nominate Directors for each Committee and to serve as Chairpersons of the Nominating and Corporate Governance, Audit, and Compensation and Benefits Committees for the ensuing year, subject to Board approval and applicable Securities and Exchange Commission and New York Stock Exchange requirements. Directors who are within one year of retirement should not be nominated to serve as Committee Chair.

The Board does not rotate Committee assignments on a fixed schedule.

21. Committee Agendas

The Chairperson of each committee of the Board, in consultation with committee members and the appropriate members of Management and staff, develops the committee's agenda. Each committee annually reviews its charter for any necessary revisions.

At the beginning of each fiscal year, each committee issues a schedule of agenda subjects to be discussed for the ensuing year (to the degree these can be foreseen). This forward agenda is shared with the Board.

22. Selection of Agenda Items for Board Meetings

The Chairman of the Board, in consultation with the CEO, establishes the agenda

for each Board meeting.

Each Board member is free to suggest the inclusion of item(s) on the agenda.

The Secretary of the Company is responsible for publishing the agenda and maintaining compliance with required Board actions.

23. Board Materials Distributed in Advance

Information and data that is important to the Board's understanding of the business, as well as proposed resolutions, is distributed to the Board in advance of Board meetings. Graphic's Management makes every attempt to see that this material is as brief as possible while still providing the desired information. It is expected that Board Members read all distributed materials in advance of the meeting.

24. Attendance of Senior Management at Board Meetings

Graphic's Board encourages attendance and presentations of senior management at the invitation of the CEO. The Board specifically encourages participation of senior management from time to time to: (a) provide additional insight into the items being discussed because of personal involvement in these areas, (b) expose managers to the Board, and (c) give the Board an opportunity to evaluate senior management capabilities.

25. Officer Elections

The Board annually appoints the officers of the Company, based upon the recommendations of the CEO. Appointment of new officers is also approved by the Board. General duties of all officers are confirmed by the Board in accordance with the Company's Amended and Restated Bylaws.

26. Formal Evaluation of the CEO

The Board formally evaluates the CEO annually, based upon his or her self-evaluation and input from other Directors. The results, including recommendations for action, are communicated in person by the Chairman of the Nominating and Corporate Governance Committee. The CEO may give formal response(s) to the Board at its next meeting.

27. Succession Planning and Management Development

There shall be an annual report to the Board on succession planning for the CEO and his or her direct reports. There shall be an annual report by the CEO on the Company's program of management development. This report should be given to the Board at the same time as the succession planning report noted above.

28. Charitable Contributions

If an executive officer, a Director or an immediate family member of an executive officer or Director serves as a director, trustee or executive officer of a foundation, university or other not-for-profit organization ("Charitable Organization") and such Charitable Organization receives contributions from the Company; such contributions will be reported to the Nominating and Corporate Governance Committee. If the annual contributions exceed \$10,000.00 such

contributions shall be given special consideration by the Nominating and Corporate Governance Committee and the Board for purposes of making the independence determination with respect to the Director.

29. Prohibition on Personal Loans

The Company will not extend or maintain credit, arrange for the extension of credit, or renew an extension of credit, in the form of a personal loan to or for any Board member or member of the Company's management.

30. Director Orientation and Continuing Education

The Board provides access to appropriate orientation programs, sessions or materials for newly elected Directors of the Company for their benefit either prior to or within a reasonable period of time after their election as a Director. The Board encourages Directors to periodically engage in continuing education through programs, sessions, seminars or materials appropriate to the responsibilities of Directors of publicly-traded companies.

31. Assessing the Board's Performance

In order to increase the Board's effectiveness, the Board will conduct a self-evaluation annually to determine whether it and its committees are functioning effectively. This evaluation considers the Board's contribution as a whole and specifically reviews areas in which the Board and/or Management believes a greater contribution can be made.

The Nominating and Corporate Governance Committee oversees this evaluation.

32. Amendment, Modification and Waiver

These Guidelines may be amended, modified or waived by the Board and waivers of these Guidelines may also be granted by the Nominating and Corporate Governance Committee, subject to the disclosure and other provisions of the Securities and Exchange Act of 1934, the rules promulgated thereunder and the applicable rules of the New York Stock Exchange, as each may be amended from time to time.

33. Director Attendance at Annual Stockholders Meetings

Board members are expected to attend each annual stockholders meeting.

34. Communications with the Board

Stockholders and other interested parties may send communications to the entire Board, to the chairperson of the Nominating and Corporate Governance Committee, who presides over meetings of non-Management Directors, or to any one or more individual directors by addressing such communication to such Director or Directors at the address of the Company's corporate headquarters.
