Velo3D to Present at Upcoming Investor Conferences

CAMPBELL, Calif.--(BUSINESS WIRE)-- [Velo3D, Inc.](#) (NYSE: VLD), a leading additive manufacturing technology company for mission-critical metal parts, announced today that its senior management will present at two upcoming investor conferences.

Benny Buller, CEO, will speak at the 42nd Annual William Blair Growth Stock Conference on June 6, 2022 at 1:40 p.m. Eastern Time.

Bill McCombe, CFO, will speak at the Stifel 2022 Cross Sector Insight Conference on June 7, 2022 at 1:15 p.m. Eastern Time.

The live webcast and replay of the presentations can be accessed from the Events page of the Investor Relations section of Velo3D's website at ir.velo3d.com.

About Velo3D:

Velo3D is a metal 3D printing technology company. 3D printing—also known as additive manufacturing (AM)—has a unique ability to improve the way high-value metal parts are built. However, legacy metal AM has been greatly limited in its capabilities since its invention almost 30 years ago. This has prevented the technology from being used to create the most valuable and impactful parts, restricting its use to specific niches where the limitations were acceptable.

Velo3D has overcome these limitations so engineers can design and print the parts they want. The company's solution unlocks a wide breadth of design freedom and enables customers in space exploration, aviation, power generation, energy and semiconductor to innovate the future in their respective industries. Using Velo3D, these customers can now build mission-critical metal parts that were previously impossible to manufacture. The end-to-end solution includes the Flow™ print preparation software, the Sapphire® family of printers, and the Assure™ quality control system—all of which are powered by Velo3D's Intelligent Fusion® manufacturing process. The company delivered its first Sapphire® system in 2018 and has been a strategic partner to innovators such as SpaceX, Honeywell, Honda, Chromalloy, and Lam Research. Velo3D has been named to Fast Company's prestigious annual list of [the World's Most Innovative Companies for 2021](#). For more information, please visit velo3d.com, or follow the company on [LinkedIn](#) or [Twitter](#).
