## **Interview Highlights:**

- First segment: Geraldo discussed how AxoGen works to help military personnel with nerve injuries repaired with its processed human nerve allograft, Avance® Nerve Graft.
- Second segment: Ms. Zaderej dives into the common symptoms of nerve injuries including pain, loss of sensation and lack of movement and the use of AxoGen’s portfolio of nerve repair products in procedures to help patients. Ms. Zaderej discussed the importance of a timely diagnosis by a peripheral nerve specialist.
- Third segment: Ms. Zaderej discussed the promising ability of nerve repair to preserve erectile function after nerve-sparing radical prostatectomy and the work done to date in this area. High rates of impotence and incontinence following radical prostatectomy make this a topic of interest for all.
