"I am honored to succeed Don as Chairman and greatly appreciate the trust the Board has placed in me," said Williams. "Parker holds strong competitive advantages that have shaped our leadership position in the motion and control industry. Our new Win Strategy builds on the strong foundation Don has established, and provides a clear roadmap with aggressive new targets that will drive top quartile performance among our proxy peers and deliver strong returns for our shareholders."

Mr. Williams has been Chief Executive Officer since February 1, 2015. He joined Parker in 2003 as Vice President, Operations for the Hydraulics Group and became President of the Instrumentation Group in 2005. In 2006, he became Executive Vice President and Operating Officer of the company.
