

# Phunware Closes Acquisition of High Performance Computer Provider Lyte Technology

## Revenue Guidance for Fourth Quarter Fiscal 2021 Expected to Exceed \$5M

AUSTIN, Texas, Oct. 19, 2021 (GLOBE NEWSWIRE) -- [Phunware, Inc. \(NASDAQ: PHUN\)](#) (the "Company"), a fully-integrated [enterprise cloud platform](#) for mobile that provides products, solutions, data and services for brands worldwide, announced today it has formally closed the acquisition of privately-held [Lyte Technology, Inc. \("Lyte"\)](#), a fast-growing provider of high performance computer systems. The Company financed the closing consideration of \$3.32 million with cash on-hand and unsecured, non-dilutive debt.

### Lyte Technology Overview

Founded in 2018, Lyte is a profitable, rapidly-growing system integrator that specializes in marketing and distributing custom, high-end computer systems off-the-shelf with advanced graphic processing units for gaming, streaming and cryptocurrency mining. Currently located in Illinois, Lyte employs over 25 people and ships thousands of computer systems per quarter to a unique customer network that has largely grown through word-of-mouth.

### Acquisition Summary and Rationale (Unaudited)

- The total consideration for the acquisition consisted of cash and Company common stock valued at up to approximately \$10.98 million, a portion of which is characterized as an earn-out payment contingent upon Lyte generating at least \$12.00 million in net revenues for the one-year period post-closing.
- No Company common stock was issued at closing.
- Lyte enables Phunware to enter the high performance personal computer market, which [JPR](#) estimates is a \$32 billion USD market that is expected to grow at a 20.4% CAGR over the next five years.
- Complementary and synergistic go-to-market strategies exist, with no overlap in the companies' relevant partner or customer bases.
- Lyte's customers represent gamers, developers, content creators and crypto enthusiasts who will support the adoption, scale and infrastructure required for Phunware to deploy its decentralized data economy powered by [PhunCoin](#) and [PhunToken](#).
- For the fourth quarter of fiscal 2021, Phunware expects to report net revenues exceeding \$5.00 million.

"Pre-acquisition, Q3 organic net revenues are expected to exceed 50% quarter-over-quarter growth sequentially when formally announced in mid-November, so this accretive inorganic

acquisition puts us in a great position to not only continue that organic momentum in Q4, but also leverage a brand new, strategic distribution network for our recently announced blockchain initiatives,” said [Alan S. Knitowski](#), President, CEO and Co-Founder of Phunware. “Software exists at the pleasure of hardware, so much like Amazon invested in the resources necessary to deliver a global on-demand economy, Phunware is investing in the resources necessary to deliver a decentralized global data economy.”

“Since inception, our demand has always outpaced our supply, so I am excited to better resource and scale Lyte within an innovative public company that has a strategic focus on decentralizing data,” said Caleb Borgstrom, Founder and CEO of Lyte Technology. “I expect Lyte to materially contribute to Phunware’s operational and financial success rolling forward, while delivering a worldwide distributed network of high performance computing platforms to serve as decentralized oracles, validators and nodes that efficiently bridge the gap between external data on the existing web and blockchain-based applications on mobile.”

## **Financing Terms**

Phunware financed the acquisition with a combination of existing cash on-hand and unsecured debt. Phunware issued a Promissory Note (the “Note”) to Streeterville Capital, LLC, borrowing \$5.22 million at 0% interest with a 12-month maturity date. Beginning in January 2022, the Company will make equal monthly payments on the outstanding principal. Monthly payments will be made in cash and are subject to a 10% payment premium. In conjunction with closing the Note, the Company received net cash proceeds of \$4.74 million. Joseph Gunnar & Co., LLC, served as placement agent for the transaction.
