# **180 DEGREE CAPITAL CORP. REPORTS \$10.37 NET ASSET VALUE PER SHARE AND CASH AND SECURITIES OF PUBLIC COMPANIES OF \$74.0 MILLION, OR \$7.13 PER SHARE, AS OF SEPTEMBER 30, 2021**

Montclair, NJ, Nov. 09, 2021 (GLOBE NEWSWIRE) -- 180 Degree Capital Corp. (NASDAQ:TURN) ("180" and the "Company"), today reported its financial results as of September 30, 2021, and additional developments from the fourth quarter of 2021. The Company also published a letter to shareholders that can be viewed at <https://ir.180degreecapital.com/financial-results>.

"While Q3 2021 presented its share of difficulties for our public investments, our private holdings increased in value," said Kevin M. Rendino, Chief Executive Officer of 180. "Overall, we ended the quarter with cash and securities of public companies almost equal to our stock price. Our public market investment strategy generated a gross total return of -6.6% in the third quarter of 2021.<sup>1</sup> Our separately managed account (SMA) declined as well, with a gross total return of -10.2%. If this were the end of 2021, we would generate approximately \$1.6 million in carried interest from the SMA, and net total return for the three quarters of 2021 for the SMA would be +11.0%.<sup>2</sup> I remind investors that this potential carried interest is not included in our reported NAV as of the end of the third quarter of 2021. We ended the quarter with approximately \$112.1 million<sup>3</sup> in assets under management in aggregate in 180 and our SMA available to be deployed in our public market investment strategy."

"As we mentioned last quarter, 180 was pursuing SPAC sponsorship opportunities with who we believe are value added partners or management teams that have demonstrated a core competency in sourcing merger candidates," said Daniel B. Wolfe, President of 180. "The first of these efforts is Parabellum Acquisition Corp. (PRBM). We are thrilled the company had a successful IPO this past quarter, raising \$143.75 million. We are excited to be working with the founders of PRBM, Narbeh Derhacobian and Ron Shelton, the former CEO and CFO of Adesto Technologies Corporation, on this effort. With the IPO behind us, PRBM is now on the hunt for target companies. 180's holdings of PRBM are currently owned through the sponsor, Parabellum Acquisition Holdings, LLC. The fair value of our holdings of PRBM as of the end of Q3 2021 was approximately \$6.3 million on a cost basis of approximately \$2.7 million."

"Q4 has gotten off to a strong start," added Mr. Rendino. "As of the close of the markets on November 9, 2021, 180's cash and securities of publicly traded companies was \$79.1 million, or \$7.63 per share, which is higher than our closing stock price of \$7.2024 and does

not include the potential carried interest from our SMA at the end of 2021. If the year ended today, we would receive \$2.4 million in carried interest. Management purchased 52,585 shares of TURN stock with after-tax dollars during Q3 2021. As you have seen almost every quarter, if the valuation gap doesn't close, our management team will continue to be buyers in the open market."
