Titan America launches ST Equipment & Technology

New business to expand fly ash and mineral technology

NORFOLK, Va.--(BUSINESS WIRE)-- Titan America LLC is pleased to announce that it has recently formed ST Equipment & Technology LLC (STET) to further expand the development of its separation technology in fly ash and mineral applications worldwide. STET will be based in Needham, MA.

Mike Allen, who recently joined the Titan family of businesses, will serve as STET's President. Mike's experience spans 30 years in international mining and minerals equipment and operations, most recently as Komatsu America Corp's Vice President of International Sales. He reports to current Titan America CEO, Aris Papadopoulos, who on August 1, 2014 will become STET's Executive Chairman.

Titan America LLC is a leading environmentally- and socially-progressive heavy building materials company doing business in the eastern United States. Our products include cement, aggregates, ready-mixed concrete, concrete block, fly ash and mineral beneficiation. Our parent company, Titan Cement Company, S.A., headquartered in Athens, Greece, is a signatory to the UN Global Compact, a group of companies committed to sustainable and socially responsible business practices and is a core member of the Global Cement Sustainability Initiative. We have been in operation since 1902 and we remain a family-led business with a values-oriented, people-focused culture. www.titanamerica.com
