VIKING MARKS FLOAT OUT OF NEWEST OCEAN SHIP

Set to Debut in December 2024, the Viking Vela Meets Water for First Time

LOS ANGELES, Nov. 30, 2023 /PRNewswire/ -- Viking® (www.viking.com) today announced its newest ocean ship—the 998-guest [Viking Vela](#)®—was "floated out," marking a major construction milestone and the first time the ship has touched water. Scheduled to debut in December 2024, the *Viking Vela* will spend her inaugural season sailing voyages in the Mediterranean and in Northern Europe.

"Together with Fincantieri, we have built the world's most elegant ocean vessels, and it is always a proud day when our newest ship meets water for the first time," said Torstein Hagen, Chairman of Viking. "Our small, elegant ocean ships are ranked #1 by both *Travel + Leisure* and *Condé Nast Traveler*. We are different than other lines because of all that we do, but Viking also stands apart for all that we do not do. No children. No casinos. No nickel and diming. We look forward to welcoming the *Viking Vela* to our award-winning fleet next year and introducing even more curious travelers to the Viking way of exploration."

The traditional float out ceremony took place at Fincantieri's Ancona shipyard and is significant because it denotes a ship moving into its final stage of construction. The float out of the *Viking Vela* began at approximately 11:00 a.m. local time when the Viking team cut a cord that signaled water to flow into the ship's building dock. Following a two-day process that will set the *Viking Vela* afloat, she will then be moved to a nearby outfitting dock for final construction and interior build-out.

The Viking Vela

Classified as a small ship, the *Viking Vela* has a gross tonnage of 54,300 tons, with 499 staterooms that can host 998 guests. She will join the award-winning ocean fleet of sister ships, which includes the [*Viking Star*](#)[®], the [*Viking Sea*](#)[®], the [*Viking Sky*](#)[®], the [*Viking Orion*](#)[®], the [*Viking Jupiter*](#)[®], the [*Viking Venus*](#)[®], the [*Viking Mars*](#)[®], the [*Viking Neptune*](#)[®] and the [*Viking Saturn*](#)[®].
