Who We Are

Astronics Corporation (Nasdaq: ATRO) serves the world's aerospace, defense, and other mission-critical industries with proven, innovative technology solutions. Our experts work side-by-side with customers, integrating our array of power, connectivity, lighting, structures, interiors, and test technologies to solve complex challenges. For over 50 years, Astronics has delivered creative, customer-focused solutions with exceptional responsiveness.

Today, global airframe manufacturers, airlines, military branches, completion centers, and Fortune 500 companies rely on the collaborative spirit and innovation of Astronics. The Company's strategy is to increase its value by developing technologies and capabilities, either organically or through acquisition, that provide innovative solutions to its targeted markets.

We offer our breadth of technology solutions, services, and numerous award-winning product brands. Serving our customers is our first priority and every day we honor this mission with quality, partnership, and energetic global vision.

Astronics Solutions

Astronics keeps people safe, comfortable, and connected every day through innovative technologies deployed on mission-critical systems.

AEROSPACE

Power & Motion

Markets

Commercial transport, business aviation, VIP and VVIP aircraft, rotorcraft, military aircraft and ground vehicles

Solutions

- In-cabin, cockpit, passenger, and crew power
- Power distribution and conversion systems
- Seat motion systems

AEROSPACE

Connectivity & Data

Markets

Commercial transport, business aviation, VIP and VVIP aircraft, rotorcraft, military aircraft

Solutions

- Antennas, servers, and components
- Wireless access points
- Passenger control units
- VIP IFEC and CMS systems
- Avionics interfaces

AEROSPACE

Lighting & Safety

Markets

Commercial transport, business aviation, VIP and VVIP aircraft, rotorcraft, military aircraft

Solutions

- Cabin, cockpit, external aircraft lighting
- Emergency systems
- Enhanced vision systems

AEROSPACE

Interiors

Markets

Commercial transport, business aviation, VIP and VVIP aircraft

Solutions

- Custom interior components
- Passenger service units and environmental controls
- VIP aircraft IFEC and CMS systems

AEROSPACE

Services & Structures

Markets

Commercial transport, business aviation, VIP and VVIP aircraft

Solutions

- Fuel access doors
- Custom design and manufacturing
- Systems certification

TEST

Test & Simulation

Markets

Aerospace, defense, state and local governments, mass transit

Solutions

- Automated test systems
- Test instruments and interfaces
- Simulation and training equipment
