Energous Corporation Reports Third Quarter 2019 Financial Results

SAN JOSE, Calif.--(BUSINESS WIRE)-- Energous Corporation (NASDAQ: WATT), the developer of WattUp®, a revolutionary Wireless Charging 2.0 technology, today announced financial results for the third quarter ended Sept. 30, 2019 and provided an update on its operational progress.

Recent Highlights

- Energous and ZPower formed partnership to develop WattUp-enabled ZPower rechargeable microbatteries
- The Oasis-RC PSAP from Energous customer, Delight, shipped to consumers, marking the first WattUp enabled device to be widely available
- Announced the availability of its hearable developer kits for manufacturers for fast-charging of devices that require higher power levels
- Energous partner, NewSound, announced the launch of a next-generation WattUp-enabled hearing aid at the 64th Annual EUHA 2019 International Congress of Acousticians Conference October 16-18, 2019
- Added deep semiconductor expertise to the Board with the addition of three new directors

“In this quarter, the first fully commercialized, WattUp enabled product, the Oasis RC PSAP, shipped to consumers, tangible evidence that our technology is now entering the marketplace starting with the significant and growing hearables space,” said Stephen R. Rizzone, president and CEO of Energous Corporation. “The second product, NewSound's Primo-W hearing aid, will be available in the coming months, demonstrating the momentum we are building to launch Wireless Charging 2.0. We have made significant progress in our regulatory efforts and have significantly reduced our operating expenses as we focus on ramping revenue.”

Unaudited 2019 Third Quarter Financial Results

For the third quarter ended Sept. 30, 2019, Energous recorded:

- Revenue of \$40,500
- Operating expenses of approximately \$8.3 million (GAAP), comprised of \$5.2 million in research and development, and \$3.2 million in selling, general and administrative expenses
- Net loss of \$8.2 million, or \$0.27 per basic and diluted share
- Adjusted EBITDA (a non-GAAP financial measure) loss of \$6.0 million
- \$22.8 million in cash and cash equivalents at the end of the third quarter, with no debt

About Energous Corporation

Energous Corporation (NASDAQ: WATT) is leading the next generation of wireless charging - Wireless Charging 2.0 - with its award-winning WattUp® technology, which supports fast, efficient contact-based charging, as well as charging over-the-air. WattUp is a scalable, RF-based wireless charging technology that offers substantial improvements in contact-based charging efficiency, foreign object detection, orientation freedom and thermal performance compared to older, coil-based charging technologies. The technology can be designed into many different sized electronic devices for the home and office, as well as the medical, industrial, retail and automotive industries, and it ensures interoperability across products. As a systems solutions company, Energous develops silicon-based wireless power transfer (WPT) technologies and customizable reference designs. These include innovative silicon chips, antennas and software for a wide variety of applications, such as smartphones, fitness trackers, hearables, medical sensors and more. Energous received the world's first FCC Part 18 certification for at-a-distance wireless charging, and it has more than 215 awarded patents/allowed applications for its WattUp wireless charging technology to-date. Safe Harbor Statement

This press release contains forward-looking statements that describe our future plans and expectations. These statements generally use terms such as “believe,” “expect,” “may,” “will,” “should,” “could,” “seek,” “intend,” “plan,” “estimate,” “anticipate” or similar terms. Examples of our forward-looking statements in this release include our statements about FCC certification of our technology, regulatory approvals internationally, and customer releases of products utilizing our technology. Our forward-looking statements speak only as of this date; they are based on current expectations and we undertake no duty to update them. Factors that could cause actual results to differ from what we expect include: uncertain timing of necessary regulatory approvals; timing of customer product development and market success of customer products; our dependence on distribution partners; and intense industry competition. We urge you to consider those factors, and the other risks and uncertainties described in our most recent annual report on Form 10-K and subsequent quarterly reports on Form 10-Q, in evaluating our forward-looking statements.
