

March 13, 2024

UiPath Reports Fourth Quarter and Full Year Fiscal 2024 Financial Results

Fourth Quarter Highlights

- *Record quarterly revenue of \$405 million increases 31 percent year-over-year*
- *ARR of \$1.464 billion increases 22 percent year-over-year*
- *Achieves first quarter of GAAP profitability as a public company*
- *Cash flow from operations and non-GAAP adjusted free cash flow reach \$146 million*

NEW YORK--(BUSINESS WIRE)-- UiPath, Inc. (NYSE: PATH), a leading [enterprise automation and AI](#) software company, today announced financial results for its fourth quarter and full year fiscal 2024 ended January 31, 2024.

“We delivered a strong close to the fiscal year with fourth quarter ARR growing 22 percent year-over-year to \$1.464 billion, underscoring the meaningful outcomes our Business Automation Platform delivers for our customers,” said Rob Enslin, UiPath Chief Executive Officer. “The combination of UiPath’s AI and automation is the strategic change enabler for our customers that makes any digital transformation easier and faster, while empowering customers to innovate, adapt more quickly, and grow.”

Fourth Quarter Fiscal 2024 Financial Highlights

- **Revenue** of \$405 million increased 31 percent year-over-year.
- **ARR** of \$1.464 billion increased 22 percent year-over-year.
- **Net new ARR** of \$86 million.
- **Dollar based net retention rate** of 119 percent.
- **GAAP gross margin** was 87 percent.
- **Non-GAAP gross margin** was 89 percent.
- **GAAP operating income** was \$15 million.
- **Non-GAAP operating income** was \$111 million.
- **Net cash flow from operations** was \$146 million.
- **Non-GAAP adjusted free cash flow** was \$146 million.
- **Cash, cash equivalents, and marketable securities** were \$1.9 billion as of January 31, 2024.

Full Year Fiscal 2024 Financial Highlights

- **Revenue** of \$1.308 billion increased 24 percent year-over-year.
- **Net new ARR** of \$260 million.
- **GAAP gross margin** was 85 percent.
- **Non-GAAP gross margin** was 87 percent.
- **GAAP operating loss** was \$(165) million.

- **Non-GAAP operating income** was \$233 million.
- **Net cash flow from operations** was \$299 million.
- **Non-GAAP adjusted free cash flow** was \$309 million.

“The team executed well in the fourth quarter and I am particularly pleased with our significant year-over-year increase in operating margins, including our first quarter of GAAP profitability as a public company, and record cash flow,” said Ashim Gupta, UiPath Chief Financial Officer. “Looking ahead to fiscal year 2025, this afternoon’s guidance reflects typical seasonal patterns in the business as well as our plans to strategically invest to further expand our market leadership while continuing to drive operating leverage.”

Financial Outlook

For the first quarter fiscal 2025, UiPath expects:

- Revenue in the range of \$330 million to \$335 million
- ARR in the range of \$1.508 billion to \$1.513 billion as of April 30, 2024
- Non-GAAP operating income of approximately \$55 million

For the fiscal full year 2025, UiPath expects:

- Revenue in the range of \$1.555 billion to \$1.560 billion
- ARR in the range of \$1.725 billion to \$1.730 billion as of January 31, 2025
- Non-GAAP operating income of approximately \$295 million

Reconciliation of non-GAAP operating income guidance to the most directly comparable GAAP measure is not available without unreasonable efforts on a forward-looking basis due to the high variability, complexity and low visibility with respect to the charges excluded from this non-GAAP measure; in particular, the effects of stock-based compensation expense specific to equity compensation awards that are directly impacted by unpredictable fluctuations in our stock price. We expect the variability of the above charges to have a significant, and potentially unpredictable, impact on our future GAAP financial results.

Recent Business Highlights

- **Launched UiPath Autopilot™ for Studio and Autopilot™ for Test Suite into Public Preview:** Autopilot™ for Studio delivers enhanced productivity for developers empowering both professional and citizen automation developers to create automations, code, and expressions with natural language. Autopilot™ for Test Suite provides a collection of advanced AI capabilities designed to boost the productivity of testers throughout the entire testing lifecycle, including AI-powered Quality Checks, Test Design, and Test Automation.
- **Unveiled Latest UiPath Business Automation Platform Features for Developer Community:** Daniel Dines, UiPath Co-Founder and Chief Innovation Officer, and the UiPath team hosted 1,000+ professional developers, GSI partners, COE specialists, government officers, and educators in Bengaluru, India at [DevCon 2024](#). During the conference UiPath delivered a host of new features designed to enable developers to build, test, and accelerate implementation of automations. These include an expanded collection of Generative AI Connectors that leverage industry-leading LLM providers; improved developer capabilities in UiPath Integration Service; and key investments in

its Solution Accelerators, a pre-built automation framework designed to help developers implement faster and expedite time-to-value.

- **UiPath Partner, FedResults, Awarded a U.S. Department of Defense Enterprise Software Initiative Agreement for UiPath Products and Services:** The U.S. Department of Defense (DoD) has awarded an Enterprise Software Initiative (ESI) Purchase Agreement for UiPath products and services to UiPath partner [FedResults](#) for up to \$95 million. The agreement has a five-year base period and will streamline the acquisition process and reduce cost of delivery of UiPath products and services to the DoD, Intelligence Community, and U.S. Coast Guard. The ESI agreement will enable these federal organizations to significantly accelerate their adoption of UiPath and put AI to work in a safe and secure manner to achieve their mission goals.
- **Announced an Expanded Partnership with Google Cloud:** The partnership between UiPath and Google Cloud will help customers facilitate their AI-powered automation journey while integrating Google Cloud's Vertex AI and Google Workspace business collaboration offerings. UiPath, a Premier Level partner of Google Cloud, is now available on Google Cloud Marketplace.
- **Introduced Turnkey Automation Offering for Growth Companies in Collaboration with Deloitte:** Building on the recent announcement by Deloitte of the creation of a first-of-its-kind co-innovation market collaboration between UiPath and Deloitte, Deloitte's Smart Finance for Growth Companies leverages automations built by UiPath and customized by Deloitte into value-driven packages tailored for the needs of growth companies. By leveraging this managed service offering, finance teams can quickly establish or scale their automation program to advance their capabilities and improve productivity.
- **Announced Availability of New India Data Center:** Beginning in April 2024 UiPath Automation Cloud will expand with a new data center in India to offer opportunities for public and private sector customers and partners to strategically position their infrastructure, applications, and data. The India data center meets the growing demand for cloud services, focusing on business continuity and compliance while providing high availability, low latency, improving accessibility, and service speed for customers.
- **Named Veteran Technology Executive and AI Expert June Yang to UiPath Board:** Yang is a proven strategic and transformational executive who brings extensive experience in AI, Cloud, and related technologies, as well as decades of experience in corporate management and fostering emerging technologies. Most recently, she was Vice President, Cloud AI and Industry Solutions at Google Cloud.

Conference Call and Webcast

UiPath will host a conference call today, Wednesday, March 13, 2024, at 5:00 p.m. Eastern Time, to discuss the Company's fourth quarter and full year fiscal 2024 financial results and its guidance for the first quarter and full year fiscal 2025. To access this call, dial 1-201-689-8057 (domestic) or 1-877-407-8309 (international). The passcode is 13744344. A live webcast of this conference call will be available on the "Investor Relations" page of UiPath's website (<https://ir.uiopath.com/>), and a replay will also be archived on the website for one year.

About UiPath

UiPath (NYSE: PATH) is on a mission to uplevel knowledge work so more people can work

more creatively, collaboratively, and strategically. The AI-powered UiPath Business Automation Platform combines the leading robotic process automation (RPA) solution with a full suite of capabilities to understand, automate, and operate end-to-end processes, offering unprecedented time-to-value. For organizations that need to evolve to survive and thrive through increasingly changing times, UiPath is The Foundation of Innovation™. For more information, visit www.uipath.com.

Forward Looking Statements

Statements we make in this press release may include statements which are not historical facts and are considered forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995, which are usually identified by the use of words such as “anticipates,” “believes,” “estimates,” “expects,” “intends,” “may,” “plans,” “possible,” “projects,” “outlook,” “seeks,” “should,” “will,” and variations of such words or similar expressions, including the negatives of these words or similar expressions.

We intend these forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are making this statement for purposes of complying with those safe harbor provisions.

These forward-looking statements include, but are not limited to, statements regarding our guidance for the first fiscal quarter 2025 and the full fiscal year 2025, our strategic plans, objectives, and roadmap, the estimated addressable market opportunity for our platform and statements regarding the growth of the enterprise automation market, the success of our platform and new releases including the incorporation of AI, the success of our collaborations with third parties, our customers’ behaviors and potential automation spend, and details of UiPath’s stock repurchase program. Accordingly, actual results could differ materially from those expectations expressed in the forward-looking statements or such uncertainties could cause adverse effects on our results. Forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. These risks include, but are not limited to, risks and uncertainties related to: the market, political, economic, and business conditions, including turmoil and macro-economic effects caused by geopolitical tensions and conflict, increasing inflationary cost trends and foreign exchange volatility; our recent rapid growth, which may not be indicative of our future growth; our limited operating history; our ability to successfully manage our growth and achieve or maintain profitability; our ability to grow our platform and release new functionality in a timely manner; our ability and the ability of our platform and products to satisfy and adapt to customer demands, including our ability to continue to successfully develop, integrate and compete against competitors and new market entrants with artificial intelligence tools and capabilities; our dependency on our existing customers to renew their licenses and purchase additional licenses and products from us and our channel partners; our ability to attract and retain customers; the competitive markets in which we participate; our ability to maintain and expand our distribution channels; our ability to attract, retain, and motivate our management and key employees, integrate new team members, and manage management transitions, including our transition from a co-CEO structure to a single CEO; our reliance on third-party providers of cloud-based infrastructure; the potential effects that regional or global

pandemics could have on our or our customers' businesses, financial conditions, and future operating results; our ability or perceived inability to achieve our environmental, social and governance (ESG) goals; and the price volatility of our Class A common stock.

Further information on risks that could cause actual results to differ materially from our guidance can be found in our Annual Report on Form 10-K for the annual period ended January 31, 2024 to be filed with the SEC, in our Quarterly Reports on Form 10-Q filed with the SEC, and other filings and reports that we have filed and may file from time to time with the SEC. Any forward-looking statements contained in this press release are based on assumptions that we believe to be reasonable as of this date. Except as required by law, we assume no obligation to update these forward-looking statements.

Key Performance Metric

Annualized Renewal Run-rate (ARR) is a key performance metric we use in managing our business because it illustrates our ability to acquire new subscription customers and to maintain and expand our relationships with existing subscription customers. We define ARR as annualized invoiced amounts per solution SKU from subscription licenses and maintenance and support obligations assuming no increases or reductions in customers' subscriptions. ARR does not include the costs we may incur to obtain such subscription licenses or provide such maintenance and support, and does not reflect any actual or anticipated reductions in invoiced value due to contract non-renewals or service cancellations other than for certain reserves, for example those for credit losses or disputed amounts. ARR does not include invoiced amounts associated with perpetual licenses or professional services. ARR is not a forecast of future revenue, which can be impacted by contract start and end dates and duration. ARR should be viewed independently of revenue and deferred revenue as ARR is an operating metric and is not intended to replace these items.

Dollar-based net retention rate represents the rate of net expansion of our ARR from existing customers over the preceding 12 months. We calculate dollar-based net retention rate as of a period end by starting with ARR from the cohort of all customers as of 12 months prior to such period end (Prior Period ARR). We then calculate the ARR from these same customers as of the current period end (Current Period ARR). Current Period ARR includes any expansion and is net of any contraction or attrition over the preceding 12 months but does not include ARR from new customers in the current period. We then divide total Current Period ARR by total Prior Period ARR to arrive at dollar-based net retention rate. Dollar-based net retention rate may fluctuate based on the customers that qualify to be included in the cohort used for calculation and may not reflect our actual performance.

Investors should not place undue reliance on ARR or dollar-based net retention rate as an indicator of future or expected results. Our presentation of these metrics may differ from similarly titled metrics presented by other companies and therefore comparability may be limited.

Non-GAAP Financial Measures

Non-GAAP financial measures are financial measures that are derived from the consolidated financial statements, but that are not presented in accordance with generally accepted accounting principles in the United States (GAAP). This earnings press release includes

financial measures defined as non-GAAP financial measures by the SEC, including non-GAAP cost of licenses, non-GAAP cost of subscription services, non-GAAP cost of professional services and other, non-GAAP gross profit and margin, non-GAAP sales and marketing expenses, non-GAAP research and development expenses, non-GAAP general and administrative expenses, non-GAAP operating income and margin, and non-GAAP net income and non-GAAP net income per share. These non-GAAP financial measures exclude:

- stock-based compensation expense;
- amortization of acquired intangibles;
- employer payroll tax expense related to employee equity transactions;
- restructuring costs;
- charitable donation of Class A common stock; and
- in the case of non-GAAP net income, estimated tax adjustments associated with the add-back items, as applicable.

Additionally, this earnings release presents non-GAAP adjusted free cash flow, which is calculated by adjusting GAAP operating cash flows for the impact of purchases of property and equipment, cash paid for employer payroll taxes related to employee equity transactions, net payments/receipts of employee tax withholdings on stock option exercises, and cash paid for restructuring costs.

UiPath uses these non-GAAP financial measures internally in analyzing its financial results and believes they are useful to investors, by excluding the effects of special items that do not reflect the ordinary earnings of our operations, and as a supplement to GAAP measures. UiPath believes that the use of these non-GAAP financial measures provides an additional tool for investors to use in evaluating ongoing operating results and trends and in comparing its financial results with other companies in UiPath's industry, many of which present similar non-GAAP financial measures to investors. Investors should consider these non-GAAP financial measures in addition to, and not as a substitute for, our financial performance measures prepared in accordance with GAAP. Further, our non-GAAP information may be different from the non-GAAP information provided by other companies. The information below provides a reconciliation of non-GAAP financial measures used in this earnings press release to the most directly comparable GAAP financial measures. We encourage investors to consider our GAAP results alongside our supplemental non-GAAP measures, and to review the reconciliation between GAAP results and non-GAAP measures that is included at the end of this earnings press release. This earnings press release and any future releases containing such non-GAAP reconciliations can also be found on the Investor Relations page of UiPath's website at <https://ir.uipath.com/>.
