About I.D. Systems and Asset Intelligence

Based in Hackensack, New Jersey, with subsidiaries in Germany and the United Kingdom, I.D. Systems is a leading provider of wireless solutions for tracking, securing and managing high-value enterprise assets. The Company's patented technology, which utilizes RFID technology, addresses the needs of organizations to control, track, monitor and analyze their assets. For more information, visit www.id-systems.com.

Asset Intelligence, a subsidiary of I.D. Systems based in Plano, Texas, is a leading provider of trailer and container tracking solutions for manufacturers, retailers, shippers and freight transportation providers. It offers a full range of solutions to improve safety, security and productivity throughout global supply chains.

"Safe Harbor" Statement:

This press release contains forward looking statements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995, such as the Company's prospects for additional customers and revenues. Forward-looking statements include statements with respect to the Company's beliefs, plans, goals, objectives, expectations, anticipations, assumptions, estimates, intentions, and future performance, and

involve known and unknown risks, uncertainties and other factors, which may be beyond the Company's control, and which may cause its actual results, performance or achievements to be materially different from future results, performance or achievements expressed or implied by such forward-looking statements. All statements other than statements of historical fact are statements that could be forward-looking statements. These forward-looking statements are subject to risk and uncertainties, including, but not limited to, future economic and business conditions, the loss of any of the Company's key customers or reduction in the purchase of its products by any such customers, the failure of the market for the Company's products to continue to develop, the inability to protect the Company's intellectual property, the inability to manage the Company's growth, the effects of competition from a variety of local, regional, national and other providers of wireless solutions and other risks detailed from time to time in the Company's filings with the Securities and Exchange Commission, including the Company's annual report on Form 10-K for the year ended December 31, 2008. These risks could cause actual results to differ materially from those expressed in any forward looking statements made by, or on behalf of, the Company. The Company assumes no obligation to update the information contained in this press release.
