MIAMI, Oct. 29, 2014 (GLOBE NEWSWIRE) -- Norwegian Cruise Line (Nasdaq:NCLH) (Norwegian Cruise Line Holdings Ltd., NCL Corporation Ltd., "Norwegian" or "the Company"), today reported results for the quarter ended September 30, 2014, and provided guidance for the fourth quarter and full year 2014.

- Net Yield increase of 3.0% (2.6% on a Constant Currency basis)
- Revenue increase of 13.7% to 907.0 million
- Adjusted EBITDA increase of 20.5% to \$326.7 million
- Company agrees to acquire Prestige Cruises International, Inc. ("Prestige Cruises"), the leading cruise operator in the upscale segment, with the transaction expected to close in the fourth quarter of 2014

Third Quarter Results

"Our results this quarter mark an important milestone in Norwegian's evolution as we report growth in trailing twelve month Adjusted EBITDA for the 25th consecutive quarter coupled with our consistent margin improvement," said Kevin Sheehan, president and chief executive officer of Norwegian Cruise Line Holdings Ltd. "In that more than six year period, Norwegian's Adjusted EBITDA has grown at an industry-leading compound annual growth rate of 23% with a commensurate margin expansion of over 1,600 basis points to 27.6%, with future expansion expected as we continue to successfully execute on our strategies," continued Sheehan.

For the third quarter of 2014, the Company reported a 29.1% increase in Adjusted EPS to \$1.11, on Adjusted Net Income of \$232.2 million, compared to \$0.86, on Adjusted Net Income of \$182.2 million, for the same period in 2013. On a GAAP basis, diluted earnings per share and net income were \$0.97 and \$201.1 million, respectively.

Net Revenue in the period increased 16.5% to \$694.4 million driven by a 13.1% increase in Capacity Days and a 3.0% improvement in Net Yield. The increase in Capacity Days was primarily from the addition of Norwegian Getaway which entered the fleet in January 2014. The Net Yield improvement was due to higher net ticket and onboard and other revenue. Revenue for the period increased to \$907.0 million from \$797.9 million in 2013.

Adjusted Net Cruise Cost Excluding Fuel per Capacity Day increased 2.6% (2.2% on a Constant Currency basis) which includes investments in the Company's Norwegian NEXT program which is designed to elevate the guest experience through new enhancements, experiences and transformations. The Company's fuel price per metric ton, net of hedges, was \$641 compared to \$695 in 2013.

Interest expense, net increased to \$32.3 million in the quarter compared to \$26.6 million in 2013 as a result of higher incremental borrowings and interest rates.

2014 Guidance and Sensitivities

In addition to the results for the third quarter, the Company also provided the following guidance for the fourth quarter and full year 2014, along with accompanying sensitivities. This guidance excludes the impacts from the acquisition of Prestige Cruises which is expected to close in the fourth quarter of 2014.

"We are confident that we will achieve our target of over 60% growth in full year Adjusted EPS that we established at the beginning of the year. This achievement will once again demonstrate our resilience and ability to deliver consistent financial performance despite the external headwinds that occurred throughout the year," said Sheehan.

Company Updates and Other Business Highlights

In September, the Company announced an agreement to acquire Prestige Cruises, the parent company of Oceania Cruises and Regent Seven Seas Cruises, for total transaction consideration of \$3.025 billion in cash, stock and the assumption of debt, for which fully committed financing is in place. Additionally, contingent cash consideration of up to \$50 million would be payable to Prestige shareholders upon achievement of certain 2015 performance metrics. The acquisition is expected to be accretive to 2015 earnings excluding synergies with day one identified synergies of \$25 million resulting in high single-digit percentage adjusted EPS accretion. The acquisition is expected to close in the fourth quarter of 2014.

The combination of the Norwegian, Oceania Cruises and Regent brands immediately creates an industry-leading cruise operator with an unmatched growth trajectory and a portfolio of products that span across the key market segments of the cruise industry. With approximately 6,400 Berths across its two brands, Prestige Cruises is the market leader in the upscale cruise space, which is comprised of brands in the upper premium and luxury segments. The upper premium segment is served by Oceania Cruises, which specializes in destination-oriented cruise vacations, gourmet culinary experiences, elegant accommodations and personalized service on a fleet of five mid-size ships. Prestige Cruises' luxury brand, Regent Seven Seas, offers the industry's most all-inclusive vacation experience on board three all-suite ships to be joined by a fourth, Seven Seas Explorer, in the summer of 2016.

The Company's newest ship, Norwegian Escape, is on track for an on-time delivery in October 2015. A keel laying ceremony was held on September 19, marking the official start

of construction. At 164,000 gross tons and 4,200 berths, Norwegian Escape is the Company's largest ship to date and will house the largest edition of Norwegian's innovative ship within a ship complex, The Haven by Norwegian. Built on the same innovative platform as the Company's Breakaway class ships, Norwegian Escape will combine proven offerings with new designs and features. Among the popular elements carried over from the Breakaway class are the innovative public spaces The Waterfront and 678 Ocean Place. The Waterfront is Norwegian's revolutionary boardwalk experience where guests can choose to enjoy an outdoor experience at several restaurants and lounges with unobstructed views that strengthen guests' connection with the ocean. On deck 8, The Waterfront connects to 678 Ocean Place, a three-deck space lined with restaurants, lounges and entertainment venues that serves as the ship's hub of activity. Guest favorites such as Cagney's Steakhouse and O'Sheehan's Neighborhood Bar & Grill will be joined by new dining and entertainment venues that will be announced in coming months.

Non-GAAP Financial Measures

We use certain non-GAAP financial measures, such as Net Revenue, Net Yield, Net Cruise Cost, Adjusted Net Cruise Cost Excluding Fuel and Adjusted EBITDA to enable us to analyze our performance. We utilize Net Revenue and Net Yield to manage our business on a day-to-day basis and believe that they are the most relevant measures of our revenue performance because they reflect the revenue earned by us net of significant variable costs. In measuring our ability to control costs in a manner that positively impacts net income, we believe changes in Net Cruise Cost and Adjusted Net Cruise Cost Excluding Fuel to be the most relevant indicators of our performance.

As our business includes the sourcing of passengers and deployment of vessels outside of North America, a portion of our revenue and expenses are denominated in foreign currencies, particularly euro and British Pound sterling, which are subject to fluctuations in currency exchange rates versus our reporting currency, the U.S. dollar. In order to monitor results excluding these fluctuations, we calculate certain non-GAAP measures on a Constant Currency basis whereby current period revenue and expenses denominated in foreign currencies are converted to U.S. dollars using currency exchange rates of the comparable period. We believe that presenting these non-GAAP measures on both a

reported and Constant Currency basis is useful in providing a more comprehensive view of trends in our business.

We believe that Adjusted EBITDA is appropriate as a supplemental financial measure as it is used by management to assess operating performance. We believe that Adjusted EBITDA is a useful measure in determining the Company's performance as it reflects certain operating drivers of the Company's business, such as sales growth, operating costs, marketing, general and administrative expense and other operating income and expense. Adjusted EBITDA is not a defined term under GAAP. Adjusted EBITDA is not intended to be a measure of liquidity or cash flows from operations or measures comparable to net income as it does not take into account certain requirements such as capital expenditures and related depreciation, principal and interest payments and tax payments and it includes other supplemental adjustments.

In addition, Adjusted Net Income and Adjusted EPS are supplemental financial measures used to demonstrate GAAP net income and earnings per share excluding certain charges. We use Adjusted Net Income and Adjusted EPS as key performance measures of our earnings performance, and we believe that both management and investors benefit from referring to these non-GAAP financial measures in assessing our performance and when planning, forecasting, and analyzing future periods. These non-GAAP financial measures also facilitate management's internal comparison to our historical performance. These charges vary from period to period; thus, our presentation of Adjusted Net Income and Adjusted EPS may not be indicative of future adjustments or results.

You are encouraged to evaluate each adjustment used in calculating our non-GAAP financial measures and the reasons we consider our non-GAAP financial measures appropriate for supplemental analysis. In evaluating our non-GAAP financial measures, you should be aware that in the future we may incur expenses similar to the adjustments in our presentation. Our non-GAAP financial measures have limitations as analytical tools, and you should not consider these measures in isolation or as a substitute for analysis of our results as reported under GAAP. Our presentation of our non-GAAP financial measures should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items. Our non-GAAP financial measures may not be comparable to other companies. Please see a historical reconciliation of these measures to items in our consolidated financial statements below.
