Herbalife Launches Botanical-Based Hand Sanitizer Spray

LOS ANGELES--(BUSINESS WIRE)-- Herbalife Ltd. (NYSE:HLF) announced the launch of Herbalife Hand Sanitizer in the U.S., a botanical-based hand sanitizer in a spray form.

What makes Herbalife Hand Sanitizer different from others on the market? It's an alcohol-, paraben-, and triclosan-free spray that won't strip away healthy oils found in the skin. And its botanical blend of white tea, white water lily, olive, and burdock moisturizes the skin. The spray also has a delightful, fresh mango scent. It's conveniently packaged in a 1 oz "on-the-go" size, perfect for traveling, gym bags or the office.

Germs transmitted from everyday occurrences like shaking hands, touching door handles and other objects and surfaces can cause the spread of viruses, such as cold and fever. Antibacterial products have been used safely for over 30 years, a proven method to help combat the spread of bacteria and many other viruses.

All Herbalife products are available exclusively through Herbalife independent distributors. Herbalife Hand Sanitizer suggested retail price is \$5.50, 1 oz.
