Herbalife Nutrition Scientists and Experts Discuss Nutrition Access, Personalized Nutrition, Weight Loss Effects and More at Upcoming Global Scientific Conferences

LOS ANGELES--(BUSINESS WIRE)-- Leading nutrition, science and health experts from premier global nutrition company, Herbalife Nutrition, and the Herbalife Nutrition Institute (HNI) will participate at upcoming global nutrition and scientific conferences. Presentations will cover a broad range of nutrition and food safety related topics, including improving cardiovascular health through nutrition, weight management, as well as topics driving trends in the industry, such as sustainable and accessible food sources.

"Consumers are paying more attention to their habits and nutrition, and seeking more personalized and sustainable options, making nutrition science and research more important than ever," said Dr. Kent Bradley, Chief Health and Nutrition Officer, Herbalife Nutrition. "Herbalife Nutrition is at the forefront to deliver on these trends, because our nutrition products are not only made with primarily plant-based ingredients but can be customized to help consumers achieve their specific goals."

The Company will have a presence at the following upcoming scientific conferences around the world in the third and fourth quarters of 2021:

[Nutrition Society of Malaysia's 36th Scientific Conference](#) – September 7-8 (Kuala Lumpur, Malaysia; Virtual Conference in English)

- Jose Ordovas, Ph.D., Herbalife Nutrition Institute (HNI) member, is presenting on *"Precision nutrition and cardiovascular health."*
