Forward Looking Statements and Non-GAAP Information

This presentation includes forward-looking statements about Rennova Health's anticipated results that involve risks and uncertainties. Some of the information contained in this presentation, including statements as to industry trends and plans, objectives, expectations and strategy for the combined businesses, contains forward-looking statements that are subject to risks and uncertainties that could cause actual results or events to differ materially from those expressed or implied by such forward-looking statements. Any statements that are not statements of historical fact are forward-looking statements. When used, the words "believe," "plan," "intend," "anticipate," "target," "estimate," "expect" and the like, and/or future tense or conditional constructions ("will," "may," "could," "should," etc.), or similar expressions, identify certain of these forward-looking statements. Important factors which could cause actual results to differ materially from those in the forward-looking statements are detailed in filings made by Rennova Health with the Securities and Exchange Commission. Rennova Health undertakes no obligation to update or revise any such forward-looking statements to reflect subsequent events or circumstances, except to the extent required by applicable law or regulation.

Note: This presentation includes certain "Non-GAAP" financial measures as defined by SEC rules. As required by the SEC, we have provided a reconciliation of those measures to the most directly comparable GAAP measures on the Regulation G slide included as slide 16 of this presentation. Non-GAAP financial measures should be considered in addition to, but not as a substitute for, reported GAAP results.

- We operate in a very sizable and well established market place
- Focused strategic growth plan from a solid foundation
 - We have a capable, experienced management team
 - Multiple laboratories in place with potential for additional tests
 - Value added products launched in 4Q 2015 to drive further growth
 - EHR & Practice Management product for Substance Abuse sector
 - Medical Billing services launched to customers
 - We have significant opportunity for growth of core business revenues; historically >90% of current revenues have been derived from diagnostics
 - We have secured in-network contracts with a number of payers and secondary networks nationwide
 - Supportive software solutions provide additional revenue opportunity and a more sustainable relationship with our customers

Rennova has positioned itself to maintain a sustainable long term relationship with medical providers by providing a number of essential products and services, creating efficiencies for the provider and benefiting from additional revenue for the provision of these services and products

Rennova Offers a Single Source Solution for Medical Providers

- The diagnostics sector has changed dramatically in the last few years
- Paper records and faxes meant different vendors to a medical provider could function side by side without communication
- Electronic platforms and integration have created a need for providers of solutions to communicate efficiently, accurately, automatically and fast
- Medical providers need more than just diagnostics; they need an increasing number of integrated and interoperable solutions to enable their business to function
- Our core business is diagnostics:
 - Historically >90% of our revenue is from diagnostics
 - The focus on diagnostics combined with supportive software solutions means that is now changing
- Compliance needs have increased with an ever more demanding regulatory and payer environment

Rennova Offers a Single Source Solution for Medical Providers

Our core business is diagnostics:
Historically >90% of our revenue has been
derived from diagnostics
That is changing:

Recent Developments

Clinical Laboratory Operations Segment

- 54% increase in monthly insured samples processed by our labs for the first two months of the second quarter of 2016 versus the average monthly insured samples for the first quarter of 2016. This increase in samples has resulted in:
 - 12% increase in monthly insured tests performed
 - 19% increase in monthly revenue
- We are now experiencing the benefits of our stance on compliance in light of the current disruption in the toxicology sector – a major focus of our Clinical Laboratory Operations segment
 - Added 27 clients to our active customer base since December 31, 2015
 - 12 added in the second quarter of 2016
- Obtained 13 new state Medicaid licenses in 2016, including 8 in the second quarter, bringing our total state Medicaid licenses to 20
- Entered into five new payer in-network contracts in 2016, bringing our total payer contracts to eleven
- Allows us to target our sales efforts toward medical providers who participate in these networks

Recent Developments

Supportive Software Solutions Segment

- Our integrated software solution will result in a much more sustainable relationship with our customers
 - Added 29 new EHR clients in 2016
 - 18 being added in the second quarter of 2016
- Launched Electronic Medication Administration Records (“eMAR”), an enhanced version of our EHR software, in the second quarter of 2016
 - eMAR automates the gathering, consolidating and presenting of data
 - Allows physicians to transition additional processes from paper to our software platform
 - More speed and accuracy than any manual system

Corporate and Company-Wide

- Successfully executed reductions in operating expenses during the second quarter of 2016
 - Resulted in approximately \$2.1 million in annualized savings
- Moved a significant portion of our laboratory testing in-house from third party providers
 - Completed in the first half of 2015
 - Resulted in approximately \$2.4 million in annual cost savings

2015 Accomplishments
