

CHENIERE ENERGY PARTNERS, L.P.
CORPORATE GOVERNANCE GUIDELINES

(February 5, 2024)

I. Introduction

Cheniere Energy Partners, L.P (the “**Partnership**”) is a Delaware limited partnership. As such, the Partnership’s primary governance document is a limited partnership agreement, the Fourth Amended and Restated Agreement of Limited Partnership of Cheniere Energy Partners, L.P, as amended from time to time (the “**Partnership Agreement**”), to which all limited partners (“**Unitholders**”) are parties. Under the Partnership Agreement, management of the Partnership is vested in the Partnership’s general partner, Cheniere Energy Partners GP, LLC (the “**General Partner**”). The General Partner is managed by its Board of Directors (the “**Board**”). Accordingly, the corporate governance of the General Partner is, in effect, the corporate governance of the Partnership. The New York Stock Exchange (the “**NYSE**”) has recognized the distinctive characteristics of partnerships in the application of NYSE listing standards regarding corporate governance. In light of the foregoing, the Board has adopted the governance guidelines (these “**Guidelines**”) set forth below.

The Board intends that these Guidelines serve as a flexible framework within which the Board may conduct its business, and not as a set of binding legal obligations. These Guidelines should be interpreted in the context of all applicable laws, rules, regulations, listing standards, the Partnership Agreement and other governing legal documents.

II. Director Qualifications and Independence

The directors of the Board are appointed in accordance with the limited liability company agreement of the General Partner (the “**GP LLC Agreement**”). The NYSE does not require that the Board be composed of a majority of directors who meet the criteria for independence required by NYSE. However, at a minimum, the three members of the Audit Committee of the Board shall be independent directors in accordance with the requirements of the Securities and Exchange Act of 1934, as amended (the “**Exchange Act**”), and the NYSE. No director qualifies as independent unless the Board affirmatively determines that the director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board shall also consider any heightened independence requirements applicable to directors serving on the Audit Committee. The Board shall take all actions required to determine the independence of any director who will serve on the Board’s committees, in accordance with NYSE rules. Each independent director is expected to promptly disclose to the Board any existing or proposed relationships or transactions that could impact his or her independence.

III. Board Leadership

The Board will determine its leadership structure in a manner that it determines to be appropriate and consistent with the GP LLC Agreement. The offices of the Chairman of the Board and Chief Executive Officer may be either combined or separated, in the Board's discretion.

IV. Director Responsibilities

The basic responsibility of the directors of the Board is to exercise their business judgment to provide guidance to and controls on the activities of the Partnership. In discharging this obligation, directors should be entitled to rely on the honesty and integrity of senior management and outside advisors, including the auditors. Each director is expected to spend the time and effort necessary to properly discharge his or her responsibilities.

A. Meetings

Directors are expected to attend Board meetings and meetings of Board committees on which they serve, and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Directors may participate in meetings of the Board or committees of the Board by means of telephone conference or similar communications equipment pursuant to which all persons participating in the meeting can hear each other, and participation in a meeting by such means shall constitute presence in person at such meeting.

Information regarding the topics to be considered at a meeting is essential to the Board's understanding of the business and the preparation of the directors for a productive meeting. To the extent feasible, the meeting agenda and any written materials relating to each Board meeting will be distributed to the directors sufficiently in advance of each meeting to allow for meaningful review of such agenda and materials by the directors. Directors are expected to have reviewed and to be prepared to discuss all materials distributed in advance of any meeting.

The Board encourages the Chairman of the Board or any Board committee chair to bring management and outside advisors from time to time into Board and/or Board committee meetings to provide insight into items being discussed by the Board and to make presentations to the Board on such matters when requested by the Board.

B. Outside Advisors

The Board and each of its committees may retain outside advisors - legal, accounting, investment banking, and any other advisors as the Board or such committee deems necessary or appropriate - of its choosing at the Partnership's expense.

C. Access to Officers

Directors shall have full and free access to officers of the General Partner in accordance with the GP LLC Agreement.

V. Annual Board and Committee Performance Evaluations

The Board will conduct an annual self-evaluation to determine whether the Board and its committees are functioning effectively.

VI. Orientation and Continuing Education

The Board is responsible for developing and overseeing an orientation program for new directors to familiarize such directors with, among other things, the Partnership's business and governance structure. In addition, each director is encouraged to participate in continuing education to maintain expertise to perform his or her responsibilities as a director.

VII. Board Compensation

The Board is responsible for periodically reviewing director compensation for service on the Board and Board committees.

Directors who are also officers of the General Partner or of Cheniere Energy, Inc. or its affiliates do not receive additional compensation for their service as directors on the Board.

VIII. Succession Planning

The Board shall review a succession plan, developed by management, addressing the policies and principles for selecting a successor to the Chief Executive Officer, both in an emergency situation and in the ordinary course.

IX. Conflicts of Interest

Under the Partnership Agreement, the Board has appointed a conflicts committee composed of independent directors who also meet the qualifications set forth in the Partnership Agreement to review specific matters that the Board believes may involve conflicts of interest. The conflicts committee will determine if the resolution of a conflict of interest is fair and reasonable to the Partnership. Any matter approved by the conflicts committee is conclusively deemed to be fair and reasonable to the Partnership, approved by all of the partners and not a breach by the General Partner of any duties that it may owe the Partnership or Unitholders.

Directors shall comply with the Partnership's Code of Business Conduct and Ethics regarding conflicts of interests, corporate opportunities and other matters included therein.

X. Confidentiality

The proper functioning of the Board requires a candid and open exchange of information, ideas and opinions among directors in an atmosphere of trust, confidence and mutual respect. Directors have an affirmative duty to protect and hold confidential all non-public

information (whether or not material to the General Partner or the Partnership) entrusted or obtained by a director by reason of his or her position as a director.

Accordingly:

- each director shall take all necessary measures to protect the secrecy of, and to prevent unauthorized use of, the Confidential Information;
- each director shall handle the Confidential Information with the same degree of care that they use to prevent unauthorized access, storage, disclosure, publication, dissemination, destruction, loss, alteration, and/or use of their own confidential or proprietary information; and
- no director shall sell, trade, publish, divulge or otherwise disclose the Confidential Information to any third party, and will not copy or reproduce the Confidential Information, without the prior written consent of the General Partner.

Directors are not prohibited from disclosing Confidential Information pursuant to, and to the extent required to comply with, a court order, a valid administrative agency subpoena, or a lawful request for information by an administrative agency; provided, however, that the director shall give the General Partner prompt written notice of any such court order, subpoena, or request for information prior to such disclosure.

For purposes of these Guidelines, “Confidential Information” includes, but is not limited to:

- any financial, commercial, technical or other information, any information pertaining to the business, affairs and strategies of the General Partner or the Partnership, any information or knowledge pertaining to any existing projects or projects in development, the identity of and any information pertaining to any person or entity with which the General Partner or the Partnership has a business relationship or prospective business relationship;
- the terms, conditions and prices of any contract between the General Partner, the Partnership or any subsidiary of the Partnership and any other party;
- information pertaining to employees, contractors, and the industry not generally known to the public; and
- books, records, concepts, data, products, formulae, specifications, designs, plans, models, reports, studies, processes, inventions, discoveries, technologies, trademarks, patents and know-how.

XI. Review of Governance Policies

These Guidelines shall be reviewed periodically by the Board.
