Stealth Technologies Announces New Product Launch to Market

LARGO, FL -- (Marketwired) -- 11/16/16 -- Stealth Technologies, Inc.(OTCQB: STTH), announced today the launch of its latest product, Data Secure Plus.

"Data Secure Plus, the latest expansion of our Stealth brand and formal entry into the identity theft protection space, is a comprehensive, affordable, and fully managed identity theft protection and recovery service for families," said Brian McFadden, CEO of Stealth Technologies, Inc. "It truly represents a comprehensive solution for protection against contemporary sophisticated hackers and cyber criminals that spans the multitude of personal vulnerability exposure and risk at large in today's environment."

"The Data Secure Plus solution includes fully managed recovery and restoration service with the assistance of one of our specialists, restoration of credit to 'pre-theft status,' all inclusive family membership and monitoring portal, and identity theft coverage up to \$1 million," added McFadden.

"We are pleased to announce this new product to market, and intend to continue to leverage the intellectual property of Stealth Technologies to grow our market share in the personal emergency and financial protection space," concluded McFadden.

About Stealth Technologies, Inc.

Stealth Technologies Inc. is a technology company focused on product development and sales in the personal financial protection and data protection businesses. Stealth Card, the company's first product to market, is designed to protect the RFID chip in a consumer's credit card from "electronic pickpocketing" that uses a smartphone, credit card reader or RFID antenna to remotely access data stored on the consumer's "Smartchip." Stealth Card renders the chipped information invisible or "Stealth" to intrusion.
