## **Gulfport Energy Corporation Launches Common Stock Offering**

OKLAHOMA CITY, Feb. 11, 2013 (GLOBE NEWSWIRE) -- Gulfport Energy Corporation (Nasdaq:GPOR) today announced the commencement of an underwritten public offering of 7,750,000 shares of its common stock, subject to market and other conditions. The underwriters will have an option to purchase up to an additional 1,162,500 shares from Gulfport solely to cover over-allotments. Gulfport intends to use the net proceeds from this offering to fund its previously announced pending acquisition of oil and gas assets in the Utica Shale in Ohio and for general corporate purposes, which may include expenditures associated with Gulfport's 2013 drilling programs.

Credit Suisse Securities (USA) LLC is acting as sole book-running manager in the offering. Copies of the preliminary prospectus supplement for the offering may be obtained on the website of the Securities and Exchange Commission, [www.sec.gov](http://www.sec.gov), or by contacting Credit Suisse Securities (USA) LLC, Prospectus Department, at One Madison Avenue, New York, New York 10010, or by telephone at (800) 221-1037.

The common stock will be issued and sold pursuant to an effective automatic shelf registration statement on Form S-3 previously filed with the Securities and Exchange Commission. This press release shall not constitute an offer to sell or the solicitation of an offer to buy these securities, nor shall there be any sale of these securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such state or jurisdiction. This offering may only be made by means of a prospectus supplement and related base prospectus.

### **About Gulfport**

Gulfport Energy Corporation is an Oklahoma City-based independent oil and natural gas exploration and production company with its principal producing properties located along the Louisiana Gulf Coast. Gulfport has also acquired acreage positions in the Utica Shale of Eastern Ohio and the Niobrara Formation of Western Colorado.
