## **Gulfport Energy Corporation Announces Pricing of Its Common Stock Offering**

OKLAHOMA CITY, Dec. 15, 2016 (GLOBE NEWSWIRE) -- Gulfport Energy Corporation (NASDAQ:GPOR) ("Gulfport") announced today the pricing of an underwritten public offering of 29,000,000 shares of its common stock at a price to the public of \$21.50 per share. The underwriters have a 30-day option to purchase up to an additional 4,350,000 shares from Gulfport at the public offering price per share (less the underwriting discount). The offering is expected to close on December 21, 2016, subject to customary closing conditions. Gulfport intends to use the net proceeds from this offering, together with the net proceeds from its concurrent debt offering, (i) primarily to fund the cash portion of the purchase price for its previously announced pending acquisition of certain assets of Vitruvian II Woodford, LLC and (ii) for general corporate purposes, which may include the funding of a portion of its capital development plans. If the pending acquisition is not consummated, or to the extent that the purchase price is reduced due to a purchase price adjustment under the related purchase agreement, Gulfport intends to use any such proceeds for general corporate purposes, including the funding of a portion of its capital development plans.
