ProMIS Neurosciences to Participate in H.C. Wainwright & Co. 22nd Annual Investment Conference

Company to showcase its novel Alzheimer's, Parkinson's and ALS programs

TORONTO and CAMBRIDGE, Mass., Sept. 10, 2020 (GLOBE NEWSWIRE) -- ProMIS Neurosciences, Inc. (TSX: PMN) (OTCQB: ARFXF), a biotechnology company focused on the discovery and development of antibody therapeutics targeting toxic oligomers implicated in the development of neurodegenerative diseases, announced today its participation in H.C. Wainwright & Co., 22nd Annual Investment Conference being held virtually September 14-16 2020.

ProMIS' Executive Chairman, Eugene Williams, will provide an update on the Company with special focus on the opportunities to detect, treat and ultimately prevent Alzheimer's disease. Mr. Williams' webcast presentation is scheduled for Tuesday, September 15, 2020 at 1:00 pm ET. The webcast will be available live and approximately 24 hours following the live presentation through the following link [here](#) and on the Company's [website](#).

About ProMIS Neurosciences

ProMIS Neurosciences, Inc. is a development stage biotechnology company whose unique core technology is the ability to rationally predict the site and shape (conformation) of novel targets known as Disease Specific Epitopes (DSEs) on the molecular surface of proteins. In neurodegenerative diseases, such as Alzheimer's, ALS and Parkinson's disease, the DSE's are misfolded regions on otherwise normal proteins. In the infectious disease setting, these disease-specific epitopes represent peptide antigens that can be used as an essential component to create accurate and sensitive serological assays to detect the presence of antibodies that arise in response to a specific infection, such as COVID-19. These peptide antigens can also be used to create potential therapeutic antibodies to treat active infection, as well as serve as the basis for development of vaccines. ProMIS is headquartered in Toronto, Ontario, with offices in Cambridge, Massachusetts. ProMIS is listed on the Toronto Stock Exchange under the symbol PMN, and on the OTCQB Venture Market under the symbol ARFXF.
