FORWARD-LOOKING STATEMENTS

This Operating and Financial Data should be read in connection with our Quarterly Report on Form 10-Q for the quarter ended March 31, 2024.

Statements made in this presentation may be forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. Such forward-looking statements are intended to be covered by the safe harbor provisions for forward-looking statements contained in Section 21E of such act. Such forward-looking statements relate to, without limitation, our future economic performance, plans and objectives for future operations and projections of revenue and other financial items. Forward-looking statements can be identified by the use of words such as “may,” “will,” “plan,” “potential,” “projected,” “should,” “expect,” “anticipate,” “estimate,” “target,” “continue” or comparable terminology. Forward-looking statements are inherently subject to certain risks, trends and uncertainties, many of which we cannot predict with accuracy and some of which we might not even anticipate. Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions at the time made, we can give no assurance that such expectations will be achieved. Future events and actual results, financial and otherwise, may differ materially from the results discussed in the forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements and are advised to consider the factors listed above together with the additional factors under the heading “Disclosure Regarding Forward-Looking Statements” and “Risk Factors” in our annual reports on Form 10-K, as may be supplemented or amended by our quarterly reports on Form 10-Q, which are incorporated herein by reference. We assume no obligation to update or supplement forward-looking statements that become untrue because of subsequent events, new information or otherwise.

We love living in BLVD. The location is excellent, the views are breathtaking and the staff is amazing. Would recommend to anyone looking for an apartment in Jersey City!
- Facebook, *The BLVD Collection*

I made a self-tour yesterday at Haus25 and it was a really great experience! Trisha responded to my inquiry and arranged for my tour immediately and the staffs in the building are nice too. They offered me with detailed instructions on my tour. And the building is a nice one! - Haus25, Google

I cannot say enough good things about Haus25. This building is super clean and everyone from concierge, maintenance , and the leasing office have been great! Trisha and Joseph have made the transition to a new apartment within the building so seamless. They were extremely helpful with all questions and made sure we knew exactly what to expect from the lease terms, amenities, and moving. Haus25 is a wonderful community to be a part of, and I'm so happy to call it home! - Haus25, Google

Ever, the maintenance technician was very helpful! I put a request in for my ice maker to be fixed on a Monday night, and Ever was there first thing Tuesday morning to get our ice maker back up and running again. He was polite, kind, and professional. We have loved our time at Portside East so far and would recommend these apartments to anyone!
- Yelp, *Portside at East Pier*

I love Riverhouse 11! Best decision was to live here with my daughter. We enjoy all the amenities and neighborhood. Our building is always clean and taken care of. The staff is amazing specially Michael, the leasing Manager who truly goes above and beyond for us and has always made me feel appreciated and valued. I truly appreciate people who deal with others with courtesy and genuine care, thank you Michael so much! I highly recommend Riverhouse 11.
- Google, *RiverHouse 11 at Port Imperial*

We love The James! Whenever we submit a maintenance request, Armando arrives typically within an hour or two to help fix the problem. He is extremely kind and very helpful! The amenities are amazing and the building is beautiful and very clean. We would recommend living here to anyone! - Apartments.com, *The James*

DEFINITION OF NET OPERATING INCOME (NOI):

NOI represents total revenues less total operating expenses, as reconciled to net income above. The Company considers NOI to be a meaningful non-GAAP financial measure for making decisions and assessing unlevered performance of its property types and markets as it relates to total return on assets, as opposed to levered return on equity. As properties are considered for sale and acquisition based on NOI estimates and projections, the Company utilizes this measure to make investment decisions, as well as compare the performance of its assets to those of its peers. NOI should not be considered a substitute for net income, and the Company's use of NOI may not be comparable to similarly titled measures used by other companies. The Company calculates NOI before any allocations to noncontrolling interests, as those interests do not affect the overall performance of the individual assets being measured and assessed.

Definitions

Net Blended Rental Growth Rate combines new lease and renewal lease growth rates. New lease growth rate refers to the difference in rent a new occupant of a unit is paying compared to the rent the unit's previous occupant was paying on a net effective basis. Renewal lease growth rate refers to the increase or decrease in monthly rent in a renewed lease compared to the previous lease on a net effective basis.

Net Operating Income (NOI) represents total revenues less total operating expenses, as reconciled to net income above. The Company considers NOI to be a meaningful non-GAAP financial measure for making decisions and assessing unlevered performance of its property types and markets as it relates to total return on assets, as opposed to levered return on equity. As properties are considered for sale and acquisition based on NOI estimates and projections, the Company utilizes this measure to make investment decisions, as well as compare the performance of its assets to those of its peers. NOI should not be considered a substitute for net income, and the Company's use of NOI may not be comparable to similarly titled measures used by other companies. The Company calculates NOI before any allocations to non-controlling interests, as those interests do not affect the overall performance of the individual assets being measured and assessed.

Average Effective Monthly Rent Per Home represents the average effective rent (net of concessions) for in-place leases and the market rent for vacant homes.

ORA™ score is an aggregate compilation of a property's ratings across various review sites. Each month, J Turner Research monitors the online ratings of properties nationwide. Using a statistical model, a single score based on a scale of 0 to 100 is assigned to each property.

Elite 1% ORA® is an annual ranking of the properties assessed by ORA® nationally. The top 1% make it to the list, typically requiring a property score above 95.

Same Store includes properties that were owned for the entirety of the years being compared and exclude properties under redevelopment or development and properties acquired, sold or classified as held for sale during the years being compared.
