Mack-Cali Announces Highly Qualified Slate of Director Nominees

Slate Includes Five New Independent Nominees

If Elected, the Majority of Mack-Cali's Refreshed and Reconstituted Board Will Be New, Independent Directors Added Since 2019

JERSEY CITY, N.J., April 14, 2020 /PRNewswire/ -- Mack-Cali Realty Corporation (NYSE: CLI) (the "Company" or "Mack-Cali") today announced its slate of nominees for election to the Mack-Cali Board of Directors at the Company's 2020 Annual Meeting of Stockholders (the "Annual Meeting").

In addition to the Company's incumbent directors – Alan S. Bernikow, Michael J. DeMarco, Lisa Myers, Laura Pomerantz, Rebecca Robertson and Dr. Irvin D. Reid – Mack-Cali's director slate includes five new highly qualified, independent nominees: Jamie Behar, Michael Berman, Howard Roth, Gail Steinel, and Lee Wielansky. The Chairman of the Mack-Cali Board, William L. Mack, is not standing for re-election.

Comprehensive Search Process

The five new director nominees were identified through a comprehensive search process conducted by the Nominating and Corporate Governance Committee of the Mack-Cali Board (the "NCG Committee"), composed solely of independent directors, with the assistance of Ferguson Partners, a nationally recognized director search firm. The new director nominees bring extensive finance, real estate, mergers and acquisitions and corporate governance experience to the Mack-Cali Board, well aligned with the Company's strategy of selling its suburban office assets and pursuing strategic alternatives. They also bring significant experience managing through corporate crises, complex situations and strategic transactions, and each is open-minded and committed to maximizing value for all Mack-Cali stockholders. If elected, all of the new nominees will be independent directors.

Exceptional New Board Nominees

Mack-Cali's new director nominees are outstanding leaders in their fields and seasoned public company directors. They have the necessary experience to oversee strategic transactions involving Mack-Cali's assets or the sale of the entire company, and to be stewards for the Company until market conditions enable transactions that reflect the proper value of the Company:

Z. Jamie Behar cultivated her real estate portfolio management expertise as Managing

Director, Real Estate & Alternative Investments at General Motors Investment Management Corporation (GMIMCo), where she oversaw a portfolio of up to \$12 billion in real estate, energy and timber investments. Ms. Behar also currently serves as Independent Director of ARMOUR Residential REIT, Sunstone Hotel Investors, and Shurgard Self Storage SA.

Michael Berman is the former CFO of two leading REITs, Equity Lifestyle Properties, Inc. and General Growth Properties, Inc., where he built deep real estate transactional expertise, and was instrumental in evaluating strategic alternatives processes. Mr. Berman is the current chair of the audit committee of Brixmor Property Group Inc.

Howard Roth, the former global sector leader of Ernst & Young's real estate, hospitality and construction (RHC) practice, developed his deep real estate transactional expertise in over 32 years serving large, complex public and private real estate organizations and clients. Mr. Roth is the current chair of the audit committee of Lexington Realty Trust.

Gail Steinel is an experienced global executive who knows how to build, lead and grow organizations. Most recently an Executive Vice President at BearingPoint, earlier in her career she led her team of 10,000 employees through its sale to KPMG Consulting. Ms. Steinel is the current chair of the audit committee of Federal Realty Investment Trust.

Lee Wielansky is an experienced real estate development company CEO with deep knowledge of both commercial and residential real estate. He served as CEO of both private and public development companies, and in his role as a director he helped guide the sale of Isle of Capri Casinos. Mr. Wielansky is the current lead independent director of Acadia Realty Trust.

If the Company's nominees are elected at the Annual Meeting:

- All of the Company's directors, with the exception of the CEO, will be independent;
- Seven of the ten independent directors on Mack-Cali's refreshed and reconstituted Board will be elected in the last two years;
- Five of Mack-Cali's eleven directors will be experienced institutional investors and stockholder advocates, ensuring that the stockholder perspective is well represented in the boardroom;
- Four of Mack-Cali's eleven directors will have CEO or CFO experience, and three will have experience at real estate companies;
- Five of Mack-Cali's ten independent directors will be women;
- Two of the independent directors will bring institutional knowledge from their longer experience with the Company and provide historical insight.

Dr. Irvin D. Reid, Chair of the Annual Meeting Committee, said:

"We are pleased to nominate five highly qualified individuals to serve as new, independent directors. Following extensive engagement with shareholders, the composition of our 2020 director slate reflects our focus on ensuring that the skill sets, experience and perspectives of the Company's directors are closely aligned with the needs of Mack-Cali, particularly given the Company's ongoing portfolio transformation and commitment to maximizing stockholder value. The new director nominees bring extensive finance, real estate, M&A and corporate governance experience – competencies that complement those of Mack-Cali's incumbent

directors. If elected, we are confident the new nominees will work constructively and impartially with the rest of the Board to drive value creation, including by continuing our strategic alternatives process.

Mack-Cali is on the right track, and with the support of five new independent directors who are focused on the best interests of all shareholders, we expect the Company will continue to build on its strong momentum and unlock its enormous potential."

Mack-Cali's Nominees Will Seek to Maximize Value for All Stockholders

Each of the Company's new director nominees were evaluated for their ability to oversee the Company's strategy to pursue the sale of the Company's entire suburban office portfolio, while remaining open to and encouraging any approaches for a larger strategic transaction to unlock value for stockholders. This strategy has received broad support from Mack-Cali stockholders. The Board has established a special committee to oversee management in reviewing proposals for a sale of the Company or its assets and explore other potential strategies for maximizing shareholder value.

Bow Street Special Opportunities Fund XV, LP and certain of its affiliates' ("Bow Street"), which holds 4.5% of Mack-Cali's outstanding stock, has nominated a majority slate of eight director candidates and is pursuing a campaign to gain control of the Board, remove the Company's CEO and pursue the sale of Mack-Cali assets at a price acceptable to Bow Street, regardless of the negative financial impact to a majority of Mack-Cali's investors.

The four incumbent directors who were nominated by Bow Street in 2019 (the "Bow Street Nominees") have decided to forgo the opportunity to be nominated for re-election by the Board and instead chose to participate on the Bow Street slate again and support its new proxy contest. The Annual Meeting Committee of the Board believes that the Bow Street Nominees' decision to endorse Bow Street's self-interested agenda demonstrates that their true loyalties lie with Bow Street rather than all of Mack-Cali stockholders. Accordingly, the Annual Meeting Committee, acting upon the recommendation of the NCG Committee, determined that it would not be appropriate to re-nominate the Bow Street Nominees.

The Company has repeatedly stated, both publicly and privately, that the Board is open to all offers, but no credible offer for the Company has yet surfaced. As previously announced, the Board intends to launch a strategic process as soon as market conditions improve. The Board is concerned that the election of Bow Street's nominees would derail the significant progress that the Company has made in executing its strategic portfolio transformation and would lead to a significant loss of stockholder value if assets are sold at depressed valuations. This risk is heightened in the context of the current market dislocation resulting from the COVID-19 pandemic.

Mack-Cali stockholders deserve independent directors who can execute strategic transactions structured to maximize value and who can oversee the Company until that time. The Board believes that its new slate of highly qualified, independent directors will deliver to stockholders the true value of their investment in the shortest amount of time.

About Z. Jamie Behar

Jamie Behar is a seasoned executive with over 35 years of experience in investment

management and financial analysis, and deep expertise in the real estate industry.
