Aspen University Announces Preliminary Fiscal Third Quarter Revenue Projection to Exceed \$2.12 Million, Over 65% Increase YoY

Nursing Students Now Represent Majority of Aspen's 4,412 Degree-Seeking Student Body

NEW YORK, Feb. 29, 2016 (GLOBE NEWSWIRE) -- Aspen Group, Inc. (OTCQB:ASPU), a nationally accredited online postsecondary education company (Aspen University), today pre-announced that revenues for the Q3'16 Fiscal Quarter ending January 31, 2016 are projected to rise to over \$2,120,000, an increase of over 65% year-over-year (YoY).

Aspen's School of Nursing student body grew by 372 students in the quarter, from 1,935 in the previous quarter to 2,307 students. That represented 94% of the growth of Aspen's full-time degree seeking student body, from 4,015 to 4,412. Aspen's School of Nursing now accounts for 52% of Aspen's full-time degree seeking student body.

In Q3 FY'16, new student enrollments increased 75% YoY, as Aspen delivered 550 new degree-seeking enrollments in the quarter. Aspen increased internet advertising spending by 46% YoY, meaning that Aspen's cost per enrollment declined by an impressive 16% YoY.

Since Aspen University announced its debtless education solution in the Spring of 2014, 1,595 students are paying through monthly payment methods (as of quarter end January 31, 2016), and increasing at a pace of 90 students/month net. The total value of those student monthly payment contracts now exceeds \$11 million.

"Aspen has become the university of choice for Registered Nurses because our monthly payment plan business model is designed to graduate our students debt-free," said Chairman & CEO, Michael Mathews. "We've always believed that if our primary mission is to focus on our students' educational return-on-investment, growth and shareholder value would be the ultimate beneficiaries," continued Mathews.
