

AURORA MASKS

Designed for comfort.
Engineered for performance.

Your trusted partner in respiratory care.

For over 20 years, Inogen® has been a leader in the respiratory care industry. We have expanded our portfolio to offer quality, high-performing CPAP masks supporting ease of adoption and long-term patient adherence.

With 1 million masks sold worldwide, the **Aurora Masks** by Inogen offer quality masks that deliver the comfort, fit, and performance required by you and your patients.

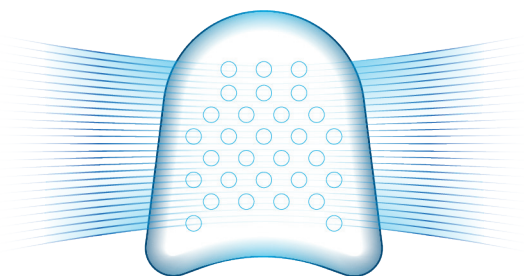

In a 30-day study of CPAP mask users (N=140), most patients reported being highly satisfied with the Aurora mask.¹

2 Comfortable Cushion Design

The medical-grade rebound silicone cushion is soft, airtight, and hypoallergenic—designed to reduce facial pressure and improve patient fit and comfort.

3 Quiet Honeycomb Vent Design

The honeycomb vent design reduces airflow intensity to provide gentle and quiet exhalation for patients, designed to improve comfort and adherence.

1 High-Quality Headgear

The headgear design features a triple-material design with ultrasonic edge sealing technology, promoting comfort and durability.

The F1 Full Face and N1 Nasal masks feature an ergonomic “crown shape” design that provides a stable and comfortable fit.

Aurora F1 Full Face Mask

- Therapy Pressure Range: 4-30 cmH₂O
- Tube Connection: 22mm
- Cushion Sizes: S/M/L/XL

The Aurora F1 full face mask delivers comfort and performance—designed to support ease of adoption and long-term adherence.

In a 30-day paired analysis (N=46 full face mask), patients reported higher satisfaction with the Aurora F1 compared to their current mask.²

Aurora N1 Nasal Mask

- Therapy Pressure Range: 4-30 cmH₂O
- Tube Connection: 22mm
- Cushion Sizes: S/M/L/XL

The Aurora N1 Nasal mask offers patients a secure fit in a minimalist cushion design without the compromise of comfort or performance.

In the 30-day paired analysis (N=46 nasal cushion users), patients reported the Aurora N1 mask is more comfortable overall compared to their current mask.³

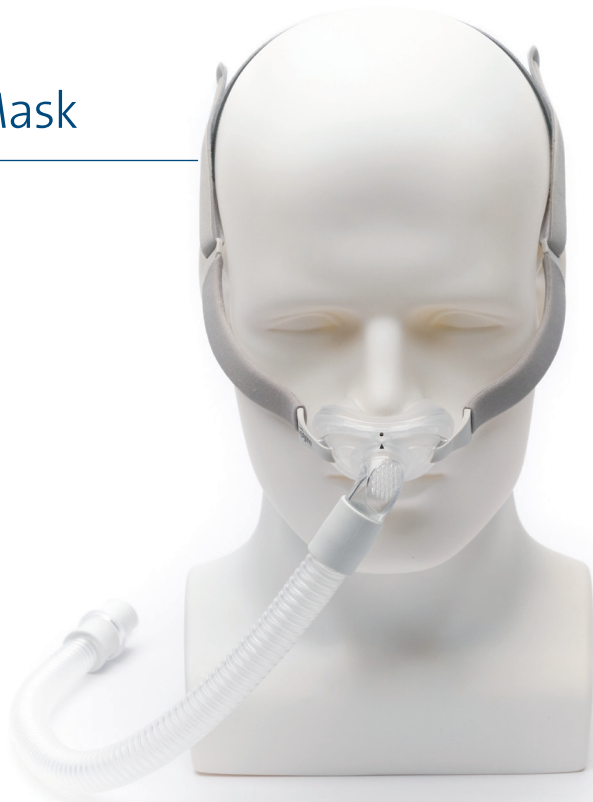

Aurora P1 Nasal Pillows Mask

- Therapy Pressure Range: 4-20 cmH₂O
- Tube Connection: 22mm
- Cushion Sizes: S/M/L

The Aurora P1 nasal pillows mask is easy for patients to use while delivering performance in a compact design.

In the 30-day study (N=48 nasal pillow users), 71% of patients reported the Aurora P1 mask is just as or more comfortable than their current mask.⁴
