AUDIT COMMITTEE CHARTER

The Purpose of the Audit Committee

The purpose of the Audit Committee (the “Committee”) of Blüm Holdings, Inc. (the “Company”) is to represent and assist the Board of Directors (the “Board”) in its general oversight of the Company’s accounting and financial reporting processes, audits of the financial statements, and internal control and audit functions. Management is responsible for (a) the preparation, presentation, and integrity of the Company’s financial statements; (b) accounting and financial reporting principles; and (c) the Company’s internal controls and procedures designed to promote compliance with accounting standards and applicable laws and regulations. The Company’s registered independent public accounting firm (the “Independent Auditors”) is responsible for performing an independent audit of the consolidated financial statements in accordance with generally accepted auditing standards.

The Committee members are not professional accountants or auditors and their functions are not intended to duplicate or to certify the activities of management and the Independent Auditors. Consequently, it is not the duty of the Committee to conduct audits or to determine that the Company’s financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the Independent Auditors. The Committee serves a Board level oversight role where it oversees the relationship with the Independent Auditors, as set forth in this Charter, and receives information and provides advice, counsel and general direction, as it deems appropriate, to management and the Independent Auditors, taking into account the information it receives, discussions with the Independent Auditors, and the experience of the Committee’s members in business, financial, and accounting matters.

Membership and Structure

The Committee shall be comprised of at least three directors, as determined by the Board, that meet the director and Committee member independence requirements and financial literacy requirements of The NASDAQ Stock Market, LLC (“NASDAQ”), the Securities and Exchange Commission, and any other applicable requirements. No Committee member can have participated in the preparation of the financial statements of the Company or any of the Company’s current subsidiaries at any time during the past three years.

Each Committee member must be able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement, and cash flow

statement. At least one member of the Committee must have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience or background that leads to financial sophistication, as determined by the Board. At least one Committee member must be an “audit committee financial expert” as defined in Item 407(d)(5)(ii) of Regulation S-K. A person who satisfies this definition of “audit committee financial expert” will also be presumed to have financial sophistication.

Appointment to the Committee, including the designation of the Chair of the Committee and the designation of any Committee members as “audit committee financial experts”, shall be made on an annual basis by the full Board based on recommendations from the Governance and Nominating Committee. The Board may remove any Committee member at any time with or without cause.

Operations

The Committee shall meet at least four times a year, on a quarterly basis, at such times and places as the Committee shall determine. Additional meetings may occur as the Committee or its Chairperson deems advisable. The Committee shall meet in executive session privately, with the Independent Auditors, without the chief internal auditor and senior management present, not less frequently than quarterly. The Committee shall cause adequate minutes of all its proceedings to be kept, and shall report on its actions and activities at the next Board meeting occurring after a Committee meeting. Committee members shall be furnished with copies of the minutes of each meeting and any action taken by unanimous consent.

The Committee shall be governed by the same rules regarding meetings (including meetings by conference telephone or similar communications equipment), action without meetings, notice, waiver of notice, and quorum and voting requirements as are applicable to the Board. The Committee is authorized to adopt its own rules of procedure not inconsistent with (a) any provision of this Charter, (b) any provision of the Bylaws of the Company, or (c) the laws of the State of Delaware.

The Chairman of the Committee is to be contacted directly by the chief internal auditor or the Independent Auditors (1) to review items of a sensitive nature that can impact the accuracy of financial reporting or (2) to discuss significant issues relative to the overall responsibility of the Board that have been communicated to management but, in their judgment, may warrant follow-up by the Committee.

Authority

The Committee shall have the resources and authority necessary to discharge its duties and responsibilities. The Committee shall have the authority to engage independent legal, accounting and other advisers, as it determines necessary to carry out its duties. The Committee shall have sole authority to approve related fees and retention terms. The Committee shall receive appropriate funding from the Company, as determined by the Committee in its capacity as a committee of the Board, for the payment of compensation to the Company's Independent Auditors, any other accounting firm engaged to perform services for the Company, any outside counsel, and any other advisors to the Committee.

Any communications between the Committee and legal counsel in the course of obtaining legal advice will be considered privileged communications of the Company and the Committee will take all necessary steps to preserve the privileged nature of those communications.

The Committee may form and delegate any of its responsibilities, along with the authority to take action in relation to such responsibilities, to one or more subcommittees or one or more designated members of the Committee, as the Committee deems appropriate in its sole discretion.
