XSport Global Inc. Received Correction Letter From Wyoming Secretary of State

Wyoming Secretary of State Entered Incorrect Shares

CHARLOTTE, NC, Aug. 13, 2019 (GLOBE NEWSWIRE) -- via NEWMEDIAWIRE -- XSport Global, Inc. (OTCQB: XSPT) discovered on August 10, 2019, that the Wyoming Secretary of State had inadvertently entered the wrong number of shares of the Company's authorized common stock. The Secretary of State's website indicated that the Company had authorized an amendment to increase the number of shares of common stock to 5 trillion shares. However, this was a clerical input mistake made by the Secretary of State which immediately fixed the error to the correct number the Company had in fact authorized 5 billion. Click here for a copy of the letter: https://xsportglobal.com/wp-content/uploads/2017/06/XSport_Wyoming-Secretary-of-State.pdf. The Company would like to reassure its shareholders that it did not authorize an increase to 5 trillion shares and immediately took steps to ensure the correct capitalization was showing on the Secretary of State's website.

The authorized increase of additional shares has been created for upcoming expansions and acquisitions. XSport Global is currently in discussions with a few potential key acquisitions that have large member bases, technology and revenue in the sports industry; details to be announced in September. In addition to this exciting news, XSport Global has the next HeadTrainer beta test completed and research studies will be executed later this year.
