

Energy Recovery, Inc. to Present at Jefferies 6th Global Clean Technology Conference

SAN LEANDRO, Calif .-- (BUSINESS WIRE) --

Energy Recovery, Inc. ("ERI") (Nasdaq:ERII), a global leader of ultra-high efficiency energy recovery products and technology for seawater desalination, announced today that G. G. Pique, president and CEO, will speak at the Jefferies 6th Global Clean Technology Conference in London.

The event will be broadcast live on the Internet via the Energy Recovery, Inc. website at http://ir.energyrecovery.com/ phoenix.zhtml?c=221013&p=irol-presentations (Due to its length, this URL may need to be copied/pasted into your Internet browser's address field. Remove the extra space if one exists.) on Wednesday, October 22, 2008 at 3:45 BST (10:45 am ET). To access the live webcast presentation, please go to the website at least 10 minutes early to register and download any necessary software. The webcast replay of the presentation can be accessed at the Energy Recovery Inc. corporate website shortly following the conclusion of the live event.

About ERI(R)

Energy Recovery, Inc. (ERI) is a leading manufacturer of energy recovery devices which help make desalination affordable by significantly reducing energy consumption. ERI's PX Pressure Exchanger(R) (PX(R)) device is a rotary positive displacement pump that recovers energy from the high pressure reject stream of SWRO systems at up to 98% efficiency with no downtime or scheduled maintenance.

The company has research, development and manufacturing facilities in the San Francisco technology corridor as well as direct sales offices and technical support centers in key desalination hubs such as Madrid, UAE, Shanghai and Florida. ERI service representatives are based in Algeria, Australia, China, India, Korea, Mexico, Taiwan and the Caribbean.

As the demand for clean, potable water increases, ERI is poised to face the global challenges ahead. For more information on ERI and PX technology, please visit www.energyrecovery.com.
